THE UNIVERSITY IS TO HAVE A NEW LITERARY PUBLICATION

Ralph Foster '13 Has Been Chosen Editor of a Literary Magazine Which Is To Make Its Debut Soon.

Idaho is to have a new magazine—a literary magazine. As yet the name of the publication has not been selected, but it will be announced soon. The new venture is to be edited by Ralph Foster, '13, who has been selected by Prof. Moore and Prof. Tull, because of his ability and interest in literature. Foster, it is expected, will be chosen several prizes for college, this year, taking the gold medal in the oratorical contest. He got three “firsts” on his composition. It is planned to issue one number this spring and then to publish it regularly next year.

When asked for some particulars concerning the magazine, Prof. Tull said: “For some time Dr. Moore and I have been interested in the publication of a literary magazine, but have not been able to ‘get to it’ for some reason or another. Now, however, we have considerable material at hand and propose to carry out the plan. The first pronouncements will be made later. It is understood that the Cadet Band will be cut out this night, so bring the girls and watch LaFollette go!”

Debate Banquet.

April 3, 12—I was at the dormitory.

The first ever of its kind. Twenty-three forensics sat hand by hand by the copious table, while Dometic Science exhausted herself on the menu. Not a collection like it has been recorded in the chronicles of the great U. Instead of throwing themselves delicately on the delicious dishes as digested debaters should, these ardent eastern debaters worried even the details with avidity equalized only by the hunger of a giant.

At the center sat the sage satirist, who is the coach and captain of the crew. All his words dipped wisdom as the morning mornings drip the dew. And he spoke of the future, and said thusly: ‘May this be the start of many future debates, for we hope to have a new debate pilot for next year. Then let us organize two clubs and infest the neighboring hamlets with some of our best work.”

General W. E. Lee, '03, then took the floor and told stories of the old methods of word warfare at the U. Then came the speeches, Wilson and Wilbur. The latter knew more of the tune of debate than he knew of the words, but his pal, the former, filled in the gap with “Slide Idaho slide.” This last is the watchword for debate at Idaho next year.

A thousand thanks for your kind attention and for the hard work of all, who, under their leader, Miss Breeze, served the savages so sumptuously.

Delta Gamma Reception.

Grand President of Delta Gamma, Miss Ada May Brown, of Philomil, Wisconsin, who is visiting the western chapters, is to be a guest of Delta Gamma this week end.

News has been received at the University by members of the faculty that a girl has been selected by Dr. and Mrs. Ivan Taylor Sage. Dr. Sage was an instructor in the University for four years, and his wife renovated from the University last year.

Work was resumed on the right wing of the Ad building Monday morning. It looks as though might have an auditorium next fall.

FRESHMEN ENTER-
TAIN FRIDAY NIGHT

The Freshman Glee To Be A Very Informal Dance.

The freshman class desires to announce that the Freshman Glee will be a very informal dance. Of course, dress suits will be permitted but they will not be encouraged.

The orchestra will be placed in the center in the same way as was done at the Prep Banquet. This arrangement was very delightful and everybody will be glad to bear that it is to be repeated. There will be many new pieces on the program at this dance, most of which have never having been heard in Moscow before.

There will be no formal invitations issued to this dance, but everybody is invited to attend. Mrs. Jas. A. MacLean, Mrs. Lieutenant Catron, and Dean Permeal French. The refreshments will consist of punch and water.

Every college man should arrange to attend this dance as it will probably be the last college dance this year with the exception of the New Year Ball which is scheduled during Commencement week.

Victor Price Debaters

The Victor Price Debaters met in another forensic debate Friday night at the Dormitory. The question was that of the recall of Judicial Decisions of State Supreme Court affecting the constitutionality of laws. The speakers were Mr. Meserve, Mr. Seaver and Mr. Nisbet, who won in the winning an unanimous decision from the sole judge, Commoo-
dorson. The able upholders of the negative side was Messrs. Osborne, Rice and Warner—but the Commodores voted for the affirmative.

At the next meeting the order of business is to be a mock National Re-

gional Convention. Men have been chosen a work for Tait, Roosevelt, LaFollette, and Bonh. The contest will be keen. All the procedure of the regular convention will be imitated. The first competition will be for the presidency of the convention. Then nominating speeches will be made. There may be some trouble to get woman suffrage for the delegates, but it is understood that all will have a chance to vote in the convention without regard to race, color or sex.

This ought to be a really interesting meeting to all. If you can’t go to Chicago and see the real thing, then come to the Dorm, and help carry out the sham—Saturday night, April 20.

The meeting may amount to something that it will be necessary to hold it in the V. M. C. A. room. If so, an

BASEBALL OPENS THIS WEEK

Juniors vs. Seniors and Zeta Delta Non-Fraternity vs. A. B., Saturday, on Idaho Field.

As shown by the schedule in last week's Argonaut, the two baseball leagues will open today afternoon. the Seniors playing the Juniors and the Non-fraternal men playing the Zeta Delta Fraternity. The games will be played at 2 p.m.

It is hoped that a formal opening can be held, and it is understood President MacLean has been requested to pitch the first ball and the Juniors will attempt to receive it. President Jordan of the Senior class, by all rights, should not attempt to clout the first ball thrown. After this for the two class teams will settle down for business. Mr. Roy McCann will probably pitch for the Seniors while either Dr. Dearman or Professor Perkins will do the set for the Juniors.

The managers of the teams in both leagues got last Tuesday after-

noon and decided on definite practices days, so as to permit, ev-

each team getting an even chance at the field. Following is the schedule made out to hold with season opens:

Mon., Mayors, Seniors and Juniors; Tuesday, Sophomores and Fresh-
mens; Wednesday, Kappa Sigma and Non-Fraternity; Thursday, Phi Delta Theta and Faculty; Friday, Delta Kappa Epsilon; Saturday morning, Faculty; Saturday after-

noon, until season opens, Zeta Delta.

The faculty held a spirited practice on the campus Friday after-

noon and some amazingly fast material was brought to light. Professors Winter, Stewart, Wilson, Larson and Kostalek took exceptionally well, and the faculty will surely hold up their end of the argu-
ment in the class league.

Now that Coach Vander Veer has taken his rough men down to the under track, there is a diamond on the campus available for batting practice and outfield work, but is markedly suitable for a track game.

The game Saturday afternoon will probably be called at 3:30 and everyone should arrange to attend.

Some good ball will be played and probably some that is not so good.

Proctor K. Perkins has been elected captain of the Junior base-

ball team.

If it is unfair for one to criticize a proposition which he is not well informed at first hand, I am aware of that principle at the outset and realize that under the circumstances I must suppress my voice as a skeptic. In a way, I am in the social life of this school, and many more bear like banishment. What is the cause of this great separation, you say? It matters not. The fact is, there is a great gulf as it were, fixed between us. Tho' we walk daily the same campus, tho' we meet in the same class room, in spite of the fact that we read in the same library, eat at the same house, perhaps, or drill in the same company, still we are baffled from each other almost completely.

Now, just wherein lies the line of separation? Some hold it is fixed between Fraternities and "Non-Fraternity," but others say the well-worn paths are lined on one side while the less fortunate in choice of heritage are on the other. Still others are of the opinion that "mixers" make up one clique of society, while the non-mixers constitute the other element, Each of these views can be supported with statistics. But statistics, making up the third class lies in the story proper:

"There are three kinds of lies, white lies, black lies and statistics." Take the Frat and Non-Frat issue. No man who thinks himself aloof from another fellow merely because a fellow is a "Frat" man. It has been seen, on the other hand, that the strongest opponents to Fraternities have been the first ones to join as soon, as opportunity presents itself. The same principle is true from the other side. No Frat man refuses to mix with a man merely because he is not a Frat man. There is no "Frat" and non-

"Frat" question.

Neither is it a money question that divides society here. The spirit of democracy is so high here to admit any class distinction.

Now the "mixer" and "non-mixer" question is left. Those, who hold that "mixers" meters one side of University life, while "non-mixer" measures the others, have reduced the question so that the personal equation, in the individual himself. Just there is where the question belongs. The individual, it is that alone, and he himself up with or shuns himself out of the society in which he deserves to move, not because we are not Frat men; not because we are not rich, and not altogether because we are "non-mixers" are we banished from the society circles of the University. For this is an age of individuality. If we would be taken into account by the society, first let us make ourselves congenial to that society. Rather than find fault with others for being "distant" to us, let us seek the cause in our distance from them.

The next issue of the Argonaut will be in charge of the Law Department. Parker V. Lucas has been elected editor of the paper and R. D. Leeper is business manager.

Seven members of the senior class of the College of Law announced what is regarded as the greatest obstacle in the start of a legal career by successfully passing the State Bar examination given by the Justices of the Supreme Court of Idaho, last Saturday at Lewiston. These young men, who represent the entire state of Idaho are Harry O. Bond of Sandpoint, Collier H. Bellingham of Moscow, Robert R. Weiser, W. H. Mason of Nampa, William J. Nuffer of Preston, Hugh S. Parker of Boise and Fred H. Rehberg of the college.

According to Mr. Frank Moore, whose interest in the College of Law has been shown by his work in teaching practice in the school, and Professor Childe, who is the only candidate who went to Lewiston Friday afternoon and were taken immediately to the court room where the supreme court was in session after the close of the term which was in progress. Childe Justice Stewart and Justices Sullivan and Albino asked that the young men be introduced to them and with the most courteous interest made arrangements for the test the following day.

Promptly at nine o'clock Saturday morning, the test was given by the examination and each man settled down to work and win; not alone for himself but for his school. The noon recess was not reported that the examination was hard but as they had agreed not to converse about questions nothing further was learned by Mr. Moore and Dr. Wilber. However, the men returned to their hotel at five o'clock it was evident that they were at least hopeful of success.

It had been arranged by the Justices of the Supreme Court that an extraordinary effort would be made to grade the answers in time to announce the results on Monday so the men waited in Lewiston until then.

Through the courtesy of the Lewiston Land & Water company the men were taken automobile form town of Lewiston and the orchards. Under the guidance of Messrs. Stodman, Naylor and Duffey of the company, who developed and maintained the wonderful nine thousand new tract of orchards were shown to the law students. The result was popularity in Lewiston.

On Monday morning the men assembled again in the supreme court room, to await the verdict. After the formalities and reading of the proceedings of the previous meeting of the court, Chief Justice Stewart asked the boys to come inside the bar and always read the names of the successful candidates—all seven. They were then asked to take the oath which made them attorneys at law in the State of Idaho—on oath which pledged them to devote their best and most faithful efforts on behalf of justice. Chief Justice Stewart then gave them a little speech of welcome, in which he congratulated them upon the splendid showing made by their papers and congratulated the College of Law upon its success in this first graduating class. After paying the fee required by the law and signing the Roll of Attorneys, the seven were sworn, which will include:

- The purpose of the summer school is to give teachers an opportunity to do advanced work and to better qualify themselves to meet the growing demand for higher standard of expert service.
- Professional courses for students, principals, and teachers in high schools and the elementary departments.
- College courses in English, history, science, etc.
- Review courses in subjects required for certificates by the state and county examinations.

Sunday evening a few of the Delta Gammas were pleasantly entertained by music furnished by Mr. Tall, Fred Kea- d and "Teddy" Watts. After an hour or more at music at the Delta Gamma house Mr. Tall took the crowd to his rooms where he had delicious refreshments prepared.

Those in the party were the Misses Redway, Henry McBride, Hague, Neiman, Allen and Taylor.

The cab was ordered by the Kibler Monday by drilling in the Moscow TAILORS

CHEMISTS MEET AT LEWISTON.

The annual meeting of the Northern Interstate Section of the American Chemical Society will be held at the Lewiston State Normal, Saturday, April 13. The following program has been arranged:

Saturday, April 13.
3:30—Chemists of Rubber, Dr. John A. Koestler, Ostendan-
ter, Prof. John F. Nicholson, Baldwin and Russell's Armine Laboratories, Geo. V. Mason.
6:30—Dinner at Normal Cafe, Business, election of officers, etc.

Sunday, April 14.
Trip to Lewiston orchards.
A Text Book.

Dr. Stelman's work on "Suspension Bridges and Culverts" is to be used as a text-book at the University of California. Professor Childe of that institution writes that he intends to use it in some of his advanced courses.

According to the last statement of the publisher, the sale of books has been unusually large for works of this character. The first edition is already nearly exhausted.
A better typical of many others which Prof. Stelman has been receiving since the appearance of the book is one from Dr. H. Ray, C. E., Sc. D., chief engi-
eer of the Bureau of Buildings of New York City. In it he says, "I congratulate you upon its publication. It is a valuable contribution to engi-
neering literature, and I am proud to know the author."

Dr. Stelman's second book, "The-
ory of Steel Arches and Suspension Bridges," is still in preparation, unfor-
tunately, having been encountered in setting up the type for the mathematical formulas. In its early ap-
ppearances, however, has been advertised by the publishers.

Prof. Carlyly is judging horses at a stock show in Calgary, Al-
berta.

Reconstruction

S. S."
IN THE GYMNASIUM.

Following are the results of the basketball tournament conducted by Coach Vander Veer on the courts in Lewis Hall:

Single—Hunter, 21; 21; Perkins, 13, 11, Knutson, 21, 21, 17; Grinner, 18, 17, 21, Bellington, 21, 21, Sammes, 20, 6, Bellington, 21, 21, Doyle, 12, Hunter, 21, 21; Knutson, 10, 8.

Finals—Bellington, 21, 21; Hunter, 12, 7.

Douglas—Knutson and Sammes, 21, 21, 10; Butner and Perkins, 16, 13, 21.

"Pree" MacLean is having the ground for two more tennis courts cleared off and graced between the new wing of the Ad Building and the Gymnasium. Douglas and Summs have been at work laying out the ground and setting the grade sticks. Backstops will be erected and these courts should be as popular as those in front of Hixson Hall.

Coach Vander Veer took his truck around to Idaho Field. Monday and from now on all running will take place now there.

Four new nets and four tapes have been ordered for the old tennis courts. The racquets and centers are already on hand.

Mr. Vander Veer says that the tennis courts have never been in better condition.

Miss Wold had her physical education calls cut for a short cross country run, last Tuesday.

Washington State College has asked G. Inege Manager Larson to postpose the Idaho-W, S, C. track meet for one week, from May 18th to the 25th. W, S, C. is going to meet either Washington or Oregon on the 18th.

Graduate Manager Larson has been trying to arrange a track meet with the University of Utah to be held at Boise on Decoration Day. The attempt was unsuccessful however as Utah meets either California or Stanford on that date. Mr. Larson wanted this meet so that the mud could go directly from Boise to the conference meet at Portland.

Miners Hear Two Talks.

Last Tuesday evening the Associated Miners met at the Kansas Sigma House and were treated to an informal talk by Borrar Jenkis. Mr. Jenkins followed the active side of mining for many years previous to coming to the University and his way of telling of past experiences is very entertaining.

On Wednesday Rush J. White, superintendent of the Federal Mining & Smelting company of Wallace, gave an interesting talk on milling methods. In addition to the Association, representatives from other engineering courses were also present.

BATTALION TO COEUR D'ALENE

Lieutenant Cuthroh Making Final Arrangements—Battalion Will Leave Saturday, April 20th

The annual encampment of the battalion of cadets at the University will be held at Coeur d'Alene this year. Lieutenant Guthroh has been up in the lake city two or three times this spring looking over the situation and seeing what inducements the people of that city will offer. The commercial club is going to put up a hundred dollars, and each cadet will be required to deposit seven dollars out of which he will probably get a small refund.

The battalion, consisting of two companies and the band, about a hundred and fifteen in all, will leave Moscow about nine o'clock on a special train over the Inland Saturday, April 20, if the Commandant's plans are carried out.

Mr. Guthroh has not definitely outlined his program but the routine will be something like this:

Saturday 7:00, twenty minutes of Butts' manual, mess, drill until 1:00; mess, recreation until afternoon parade, guard mount, mess, recreation until taps at 10:20. There will probably be several dances for the battalion, a motor light boat ride on Lake Coeur d'Alene, band concerts on the boat and various other kinds of amusements.

For mattresses, the boys will use one hundred sacks of eight ounce duck which will be filled with straw. Taken together the encampment ought to be successful. This is the first time in the history of the present generation of college students that the encampment has started on Saturday, and some of the boys are feeling that they are getting something slipped over on them.

NOTICES.

Sophomores: The tryout for the sophomore play will be held Wednesday afternoon beginning at 3:00 p.m. in the Administration Building. H. W. Whitten, manager.

Pirates of Penzance: A rehearse will be held Monday evening at 7:00 and Saturday morning at 9:30. Please study second act. E. H. Storer.

The orchestra will play for assembly (10:15 sharp) Wednesday morning. Upsilon rehearsal on Wednesday evening at 7 o'clock.

Professor Livingston of the mining department will deliver the assembly address tomorrow.

E. S. Childers, professor of geology, has been offered a commercial position at a very attractive salary.
ALL-N.-W. BASKETBALL TEAM CHosen

Coach J. F. Bohler of the W. S. C. basketball team has been asked to make the selection of the All-Northwest basketball team for the Spalding's Official Guide this year. He gives Washington and Oregon each two places and the other four, one for each of the states.

Jim Mason of Oregon is his choice for captain. This is Jimmies second year on the All-Northwest team. Following is the team he chooses:

Forwards—Jimmie, U. of O., and Cooper, A. A. C., center—Fenton, U. of O. guards—Siusa and Keeler, both of U. of W.

This is practically the choice of the revising coaches in the Northwest although Savage of Washington is given center over Fenton in one case, Fenton being shifted to forward. Idaho or W. S. C. did not get any places on the mythical five. Bohler gave Savage of the U. of W., Matson and Burdock of A. A. C., Sims of Oregon, Williams of W. S. C., and Lex of Idaho honorable mention.

That A. A. C.—Oregon Squabble

Oregon and A. A. C. resumed athletic relations again during basketball season and as a result they are scrapping again. The trouble hinges on the basketball championship. Following is the standing of the two teams at the close of the season.

Played Won Lost Percent.

O. A. C. 11 9 2 .818
Oregon 10 8 2 .400

From the percentage column it looks like there was no question as to who is the champion but Oregon contends that O. A. C. scheduled games with teams known to be weak in the conference for the purpose of "paddling percentages." The teams referred to are W. S. C. and Idaho.

O. A. C. claims that they did not select the two games played with Idaho and Washington on January 23 and 27, but agreed to them only after Graduate Managers Larson and Anderson had requested it, and then only because Idaho and W. S. C. stated emphatically that all games in Oregon would have to be cancelled unless O. A. C. added the extra games to their home schedule.

Graduate Manager Larson is in receipt of a letter from Dr. R. J. Stewart, director of physical education at O. A. C. asking for an official decision from the conference representatives to settle the question of the championship.

Mr. Larson and Coach Griffith will have a council and decide as to the merits of the case and reply to Dr. Stewart's letter. The matter will probably be decided by the decision of a majority of the colleges in the conference. Anyhow it is an entertaining little amusement for the rest of the college in the Northwest.

Many Idaho Professors And Students Attend Big Convention in Spokane Last Week.

The fourteenth annual meeting of the Inland Empire Teachers' Association held first at Spokane last week. A splendid spirit prevailed throughout the convention. Between fifteen hundred and two thousand pedagogues were in attendance.

Dr. G. Stanley Hall was the chief speaker. Dr. Hall is one of the real leaders in education in the United States. He made five or six addresses during the convention. Dr. A. A. C. Winslow of Boston, who, during each of the last twenty-five years has traveled over fifty thousand miles was also present and he and Dr. Hall made a great pair. Dr. Winslow said that the Inland Empire Teachers' Association had an absolutely unique position in the educational circles of the country, and he made the statement that there were no other four states that could hold a convention such as this one was.

One of the big events was the schoolmasters' club which held forth at the Spokane Hotel. The women in attendance held their banquet the same night. All of the college presidents of the northwest were present with the exception of President Campbell of Oregon. A meeting of the deans of women was held, which Dean French of Idaho attended.

The credit for the success of the convention belongs chiefly to Dr. Wayne P. Smith, superintendent of schools at Wallace, and to P. B. Sulesen, professor of education at Idaho, who are on the executive committee. The next meeting will be held in Spokane and Bruce M. Watenberg has been elected president of the association for the ensuing year.

The following professors were present from Idaho: President MacLean, Nicholson, Eldings, Olin, Lehman, Stidridge, McRitchfield, and Dean French.

Among former Idaho students and alumni present were: George Curtis, Fred Luken, Caas, Mon- tandon, Ivy Curtis, Ivy Curtis, Ruth, Hunting, Elizabeth Dunn, Harry Driscoll and Frank Brachi.

In speaking of the convention, Secretary MacLean of the Spokane chamber of commerce said that it was the biggest convention ever held in Spokane.

In a contended track meet held on the cinder track on Idaho Field last Saturday afternoon, some good material was brought to the front. The runs were all short-

ended, as the men have not been out long enough to undergo the full distances and besides this was the first time they had been down on the 80.

The track was in very poor condition, scarcely any work having been done toward getting it into shape.

Ernest Loux, '13, was the star of the meet, setting two firsts and one second. Loux was only out ten days all season and this was his fifth time out this year. "Had he started in when he was a freshman, he would be the best 80 man in the Northwest today," said Coach, Vander Veer. "The coach was pleased with Harris' work in the broad jump and with George Scott in the high jump. Scott cleared five feet five with scarcely any effort, but this is as high as the coach would let him try so early in the season.

The meet was interesting and the attendance was good among the male portion of the college, but the crowds were conspicuously absent. Following are the results of the meet:

60-yard dash, Hunter 1st, Loux 2nd, McGregor 3rd, time 7 sec.
300-yard run, Loux 1st, Hunter 2nd, McGregor 3rd, time 31 sec.
600-yard run, Dunnig 1st, Myrick 2nd, Johnson 3rd, time 1 min. 40 sec.
1600-yard run, Myrick 1st, Young 2nd, Redeker 3rd, time 3 min. 46 sec.
800-yard hurdle, Loux 1st, Phillips 2nd, Kero 3rd, distance 37 ft. 6 in.
Broad jump, Harris 1st, Scott 2nd, Davis 3rd, distance 12 ft. 11 in.
High jump, Scott 1st, Mcgregor 2nd, Myrick 3rd, height 5 ft. 5 in.

Officials—Vander Veer, referee; Watts, starter; Perkins, Edwin, and Grimith, judges.

ABOUT THE CAMPUS

In the number of the Pacific Builder and Engineer for March 23, Dr. Little's paper on "The Cost of Good Roads" is printed in full.

It is understood that an assessment of $9.50 has been levied on all of the Prep boys who attended the Prep Squall to meet the deficit. An assessment of fifty cents was levied on the Prep girls for the same purpose.

At present there are forty-three students attending the preparatory department.

Miss Delta Sloecker of Lewiston Normal spent Sunday in Moscow visiting at the dormitory.

The Lewiston Land & Water company has invited the horticultural classes to inspect its orchard. Arrangements have been made to go next Friday evening and all interested in horticulture are urged to attend. This trip will be required of students after this year.

George Campbell visited in Moscow last week.

Mr. R. White, the Courier of Abner ming man, was the guest of Kappa Sigma while in Moscow.

Moses Gerhart, Davies, Kenneth and Tuttle of the Lewiston Normal, spent the week end in Moscow visiting friends.
