MEETING OF EXECUTIVE BOARD

First Meeting Held Tuesday Night, September 24th.

The first executive board meeting of the season was held Tuesday evening at the Delta Gamma house with the following members present: President: Proctor K. Perkins; Vice President: Ralph E. Fader; Secretary: Mary Peckham; treasurer: Parker, V. Ledin; Representatives of the Athletic Board: Virgil Simms, of the Debate O러anel, B. E. Davis and Business Manager Roy F. Trelfa of the Argonaut.

The discussion of the use of the athletic field by the Latah County Fair Association was held, but no definite action taken. The matter was referred to student association. It was suggested that pressure be brought to bear upon the authorities to secure a registration fee from the Short Course Agricultural students who, once in next year, and it was pointed out that they have the benefits of gymnasium and athletic field, in fact every thing that a four year student enjoys. The time present nothing for it.

Albert Knudson and Rex Currie for their place on the Athletic Board was decided in favor of.

The report of the outstanding treasurer, Richard Watt, was presented along with the nodding committees for approval, and the same will be brought up at the next meeting for acceptance.

The report of the athletic committee's accounts has been audited. Hereafter each department will have a separate account in the bank. The funds can be drawn on only through regular pay checks. The receipts for athletic contests, subscriptions to the Argonaut, etc., become a part of the A. S. U. I. funds and must be accounted for in the meet.

The meeting adjourned at 9:30 p.m.

Summary of Report of C. E. Watts, Treasurer A. S. U. I.

Total Income for the June 30th to September 30th is $17,293.27.

Total Expenditures:
- Athletic Fund $1,092.59
- Athletics $1,942.59
- Debts $1,265.59
- Miscellaneous $31,263.88

On Hand:
- Athletic Fund $ 4,332.00
- Athletic Field $ 5,000.00
- Minisaurum $ 228.00

Debts:
- Miscellaneous $ 24.80
- Athletics $ 10,601.72
- Miscellaneous $ 10,413.68

$10,601.72

Athletic Board Meets.

At a meeting of the Athletic board last Wednesday evening officers were elected for the coming year as follows: Clarence Fair, president; John Phillips, vice president; Jack Paterson, secretary; and Virgil Simms, representative on the executive board.

The financial report of former Treasurer Watt, was accepted. The report shows great improvement, and the card condition as of the association under the direction of the Graduate Manager Larson and last year's executive board. A lack of interest and delinquent debts reduced a thousand dollars last year to only $130.00. It is hoped that this year will be more successful.

The new constitution of the Athletic Board is now in the hands of the President, who will make a report of the same at the next meeting.

NEW INSTRUCTORS AT THE U. OF I.

Power Changes in Faculty This Year's Annual.

The new year begins with very few changes on the faculty. During the summer the faculty has been strengthened by the addition of several new instructors. The new head of the home economics department is Miss Jesse M. Hoover, who, before coming to the University, was dean of women and head of the home economics department at the South Dakota Agricultural College. Miss Hoover specialized in this work at the Kansas State Agricultural College, Chicago University and Lewis Institute, Chicago. She is recognized as one of the leaders of her profession and makes valuable addition to Idaho's strong corps of instructors. She will have two new assistants, Miss Grace Schermahorn and Miss Virginia Shearer. Miss Schermahorn received her training at Oberlin and Columbia and spent the last three years teaching in the Valley City Normal School. Miss Shearer is a graduate of Pratt Institute, Brooklyn, and has had teaching experience in the Newark high school and in settlement work in New York City.

Miss Isabel Stephens will have charge of physical education for the women students. She is a graduate of Columbia University, Teachers College and for the last three years has been a physical director at the Sperry School, Columbus's model normal school. Besides the usual gymnasium work, folk dancing and artistic dancing, she will offer a course in playground supervision.

First Lieutenant John F. Franklin, 7th Infantry, Capt. C. A., has taken charge of the military department. He was appointed to West Point from Tennessee, and since his graduation in 1903 has served in The Philippines and various military posts in the United States.

In the agricultural college several new instructors have been employed. The work of the agricultural department has been divided. Professor Keaster is to have charge of instruction in field crops and farm management, while Dr. C. P. Peterson, from the University of Wisconsin, will take the work in soils, soils physics and kindred subjects. Prof. C. C. Vincent, who left the University a year ago to accept a position at the University of Chicago, and will resume his work in the horticulture department. Mr. A. P. Pratt, a graduate of the University of Texas, will be appointed assistant in the botany department.

ENGINEERS OF
CLASS OF 1912
Many Hold Good Positions—
Whereabouts of Last Year’s
Class.

Lester F. Albert, the only Electrical
Engineering Graduate, is with the
Oregon-Idaho Company at
Boise.

Clyde F. Besse, B. S. (C. E.) is
with the resident engineer of the Cana-
dian Pacific Railroad at Calgary,
Canada.

C. A. Faris, B. S. (C. E.) has
charge of a party on the construc-
tion of the ditch and dam line for the
canal of the Oakley Project in southern
Idaho.

Lawrence W. Jordan, B. S. (C. E.)
is with the Reclamation service. He
has been at Miller, Idaho, during the
summer studying the peculiar features
of the North Side Canal.

Jarl A. Pauls, B. S. (C. E.) has
been working for the Coast and Geo-
detic Survey near Sandpoint, Idaho.

Jesse Pierce, B. S. (C. E.) is with
the reclamation service on the Min-
dokas project near Butte.

Hugh Marguire, B. S. (Mag. E.)
is with the testing department of the
Anaconda Copper Company at Anaconda,
Montana.

Carl Lyon, B. S. (Mag. E.) is in
Moscow today on his way to Roseland
where he has a position with one of
the larger mining companies.

W. H. Castro, Jr., B. S. (Mag. E.),
was in charge of a party of surveyors
in the Forest Service in Butte
County during the past summer.

Ernest W. Ellis, B. S. (Mag. E.)
is with the federal mining company at
Mullan, Idaho.

W. N. Ellis, ex ’15, who is in the
mining department last year, is now
chief Assayer at the Hercules mine in
Buck, Idaho.

C. L. Dowling, ex 12, of the Civil
Engineering department is with the
Great Northern Railway Engineering
department.

Stag Mix.
The annual Stag social under the
auspices of the F.M.C.A. was
given a week ago last Friday
night at the gymnasium, with a
spirit that bids well for a year of
lively times at the Varsity. There
was not a dragged moment from
the warm reception at the begin-
ning to the dip and dive for apples
at the end. "No introduction" was
needed further than the reception
which made all common strangers
and therefore friends. A variety of
contests was pulled off, in the
excitement of which the freshmen
feathers were scattered to the four
winds. Idaho songs were sung
and yells given.

Captain Perkins spoke a few
words on the foot ball situation,
giving it a color of much bright
hope that the freshmen determined
to paint the town red before
Morpheus could break the spell;
but the sophomores wakefulness
hindered far into the night.

THE NEW RULES.

The great college game of football has for several years been undergoing a new impetus of development, and this past season in particular has shown consistent gains in all muscles for the period.

Mr. Van der Veer has announced the beginning of all gym classes this week. Those students wishing to take tests should try to arrange for them before that time.

The first crew cottonseed was held last Friday when Mason led a dot on men over a four mile course. Vanady will stick to the cross country this fall instead of the Hare and Hound Fun, as the latter too much difficulty is experienced in getting the crew.

The Woman's tennis club was re-organized last week. Miss Ruth Alam was chosen president and Miss Georgia Kaufman secretary. The courts are being put in shape and the club will get in a few weeks at the game before winter.

The Woman's tennis tournament, which could not be held last spring on account of the bad weather will be reopened this fall. The Mrs. Samuel H. Hayes cup will be awarded the winner of this tournament.

Miss Isabel Stephens has succeeded Miss Wold as assistant at the gymnasium, and will have charge of all girls' classes. Miss Stephens is a graduate of Columbia University, and has been for some time an instructor at the Spire school in New York. She is an expert in playground management and will conduct a class in that branch, as well as instruct in the establishment of playgrounds in the interest of the girls.

Among the new features added by Miss Stephens to the physical culture work is a walking club, which has been organized among the women. This club will take its first hike next Saturday. The trip will be transported to Macoupin Mountain in autos. Once there and unloaded the officers will beat it back to town, leaving the wheelies to get back on their own wheels.

New Course for Agricultural Students.

Among the many new and interesting courses offered this year at the University of Idaho will be the "Rye Veterinary Clinic."

This clinic will be held at the live- stock judging pavilion, where an office has been fitted up with all the necessary equipment and surgical instruments. No charge will be made for services, and no experimenting will be conducted, unless with the owner's consent.

Every Saturday morning between ten and twelve newer students in agriculture will be given an opportunity to observe the treatment of sick and disabled cattle. Students will assist in surgical operations, administration of medicines, and various vaccine treatments. They will be taught how to properly anesthetize wounds; to.vaccine for botulism, take the pulse, respiration, temperature of animals, and to properly take care of sick or disabled animals under the direction of a competent veterinarian.

George O'Donnell, editor of last year's report, is currently principal of the St. John, Washington high school.

Students! We want your patronage at The Palace of Sweets

Because we are putting our ice cream parlor into first class shape- and can give you the best drinks and dainty luncheonette. Our ice cream you can't beat it.

COLD AND SPARKLING

These are two of the reasons why our soda water is the most popular in town.

Two more reasons are, our syrups possess that rich, fruit flavor which make them truly delicious, and the carbonated water use is the most sparkling that can be made.

We serve all the flavors that the others serve and also several delightful ones of our own which cannot be obtained elsewhere.

Drop in and try our egg malted milk or a glass of soda water, rest a while and you will leave to return again.

"BETTER SHOES"

ON THE CAMPUS

Hal Ward, W. Fooster, '13, left Saturday morning with the mining exhibit for the Spokane Fair.

R. W. Brink who was instructor in the Prep department last fall is now a instructor in mathematics at the University of Minnesota. Professor Brink is well pleased with his position.

Dean W. L. Carlyle, of the Agricultural college, returned to Moscow a few days ago and states that the live stock exhibited by the University of Idaho at the California State Fair continued the sweepstakes habit by winning three gold medals and $400 in cash prizes at the California State Fair. Also young bull was also sold for $400.

For up-to-date formal work, visit Hegge's Baths, South Main street.

General cuts in competition at the Lewiston fair. Professors Willingham and Brink accompanied the team.

Professor Stewart, the class in General Geology and a Boy Scout left Saturday morning on the electric train for Poc, Wash. Under the guidance of the Boy Scout the party headed from Poc directly to the White Cross mine, but before they arrived, the Scout became disgusted with his lack of knowledge of the country and accompanied by "High Gose" returned to Moscow. The remainder of the party proceeded to the mine where Professor Stewart gave the students a very interesting and instructive lecture on the geological conditions exposed. All the rock formations the party came across were studied. The party returned to Moscow about 5:00 in the evening with considerable more knowledge than "pep."

J. D. Davis, '13, registered yesterday.

Last Saturday night, the Gamma Phi Beta sorority and their friends were entertained by Mrs. M. E. Lewis at her home. The evening was spent in dancing and dainty refreshments were served. Don't forget the senior "roguish" at the Gym Friday night.

President MacLean left on the 20th for a trip through the east.

Professor E. T. Baker is in charge of the University exhibits at the Inland Empire Fair at Spokane this week.

C. H. Lingurich, of Boise, who has been attending the University of Oregon for the past three years, has registered in the law department.

Better try some of that varsity sherbet for your Sunday dinner. Phone your orders to the U. of I. creamery before Saturday noon.

Wednesday night, September 18th, Professor Aldrich held a reception for the members of the faculty and their wives. Present at this reception were Captains Joseph L. Gilbreth and wife. Captain Gilbreth was a member of the graduating class of 1897, the second class turned out. He is now stationed at Fort Sheridan.

Varsity milk is produced from tuberculin tested cows and under absolutely sanitary conditions. Phone your orders to the U. of I. creamery and get the best there is.

Miss Margaret Brant '14, was called to her home at Nampa on the 19th on account of the tragic death of her sister who was thrown from a fractious horse.

There are a number of constitutions and by laws of the Associated Students of the University of Idaho on hand for free distribution. Some may be obtained in the publicity office.

CAPTAIN PROCTOR K. PERKINS

Freshmen Elect Officers.

The freshmen held their first class meeting last week and attempted to get some order out of their confused state. The following were elected: Charles Owens, of Boise, president; Harry Tabor, of Wallace, vice-president; Gertrude Denecke, of Boise, secretary and treasurer.

Plans were also formulated for painting the town and later carried into execution.

E. PEKINS

For three years Varsity Quarterback.

A TRIP THROUGH STYLEDOM

A personally conducted tour through a maze of wonderful models especially adapted for college men. This is College Week, given over to advance autumn models and patterns.

We play the clothing game—we play it every minute. We also lead—don’t follow. Skill, persistence and personality are the sign-boards which point the way to success. It takes skill to design clothes and some skill to wear them successfully.

Our clothes are bound to meet the ideas of the college fellows. You’ll not be disappointed in the new fabrics and models. Come in and look them over. You are as welcome to look as to buy.
