Best in the West

Men’s and women’s track claim Big West conference titles

BY DERRI CAIN

The University of Idaho men’s and women’s track teams captured a pair of Big West Championships held in Long Beach, Calif., May 13-15. It was the women’s third first place in team history to capture a Big West title. It was the men’s third conference championship in five years.

“When we went there, there was a vibe or feeling of excitement that we could potentially be Big West champions,” said Coach David Vasser. “I think we did a great job of proving it.”

The Vandals women took 309 points to the competition, beating second place Utah State by 39 points. Idaho won in each event except the pole vault, in which the Vandals had no competitors.

Senior Whitney B. Johnson finished second in the 100- and 200-meter dashes. Both also won in the 4x100-meter relay and 4x400-meter relay to finish first. Whitney also added a third-place finish in the 100-meter hurdles.

Malachi King-Schand placed first in the 100-meter dash in 10.84, and finished second in the 200 and 400 meters. In the long jump, he tied for third place.

Ben and Mandy Vandal finished first in the men’s 10,000-meter run and second in the 5,000-meter. Mandy also added a second-place finish in the 1500 meters with a time of 4:08.67.

The “Unsolved Mysteries” crew spent Thursday through Sunday of last week in Moscow underwent the scrutiny of the night University of Idaho student Wil Hendrick disappeared. Hendrick was last seen January 10, 1999, leaving a petty on a C Train.

While many accounts it seems as though Hendrick disappeared into this air, his family and parents now and open up hope that someone will find his body.

“The toughest part of this job is that you have to sit in an interview and work in the face of a parent who hasn’t seen their loved one for a year or two and hope that something you do in the next couple of steps to help to resolve what has happened,” Vassar said.

The University of Idaho golf team finished 18th at the NCAA Regional Championships held in Long Beach, Calif., May 10-12. It was the seventh time in 15 years that Idaho has qualified for the NCAA Regional.

“Somebody has to do that — it’s a long road,” said Coach John Whyte. “We are going to continue to work hard until we get it.”

In its first NCAA Regional, the Vandals placed 12th in the 100 and 200 meters. Both also won in the 4x100-meter relay and 4x400-meter relay to finish first. Whitney also added a third-place finish in the 100-meter hurdles.

While many accounts it seems as though Hendrick disappeared into this air, his family and parents now and open up hope that someone will find his body.

STILL LOOKING

A LOOK INTO THE LIFE AND DISAPPEARANCE OF WIL HENDRICK

BY JULIANA EDWARDS

Hendrick is often portrayed as an industry blinded by glamour and money. But the case of “Unsolved Mysteries” is not a story of those people who have suffered significant emotional trauma. Someone has really gone missing and we’re just trying to find him.

The “Unsolved Mysteries” crew spent Thursday through Sunday of last week in Moscow undergoing the scrutiny of the night University of Idaho student Wil Hendrick disappeared. Hendrick was last seen January 10, 1999, leaving a petty on a C Train.

While many accounts it seems as though Hendrick disappeared into this air, his family and parents now and open up hope that someone will find his body.

“The toughest part of this job is that you have to sit in an interview and work in the face of a parent who hasn’t seen their loved one for a year or two and hope that something you do in the next couple of steps to help to resolve what has happened,” Vassar said.
Harper's followers need a test of true devotion

BY CURTIS ORTHWELL

WASHINGTON, D.C. — According to the latest polls, Harper's followers are facing a critical test of their dedication.

The test comes in the form of a weekly ritual that involves a ritual purification and a sacrifice to an ancient deity.

Harper's followers believe that this ritual is essential for maintaining their connection to the divine.

If they fail the test, they risk losing their spiritual connections and facing eternal damnation.

The test is administered by a group of elderly monks who have been practicing this ritual for centuries.

They are known for their strict code of conduct and their unyielding commitment to the divine.

The test consists of several stages, each more challenging than the last.

The followers are required to perform a series of physical and mental tasks, which are designed to test their resolve and their devotion.

The test is not easy, and many followers have failed in the past.

However, those who succeed are rewarded with a sense of inner peace and a stronger connection to the divine.

If you are interested in participating in this test, you can contact the monks at their temple located in the heart of the city.

They will be happy to guide you through the process and help you prepare for the challenge.

Remember, the test is not just a test of your physical abilities, but also a test of your spirit and your commitment to the divine.

Good luck, and may the gods be with you.
UI finishes 18th at Central Regional

Gulf

WEST Lafayette, Ind. — The check for $1,000 was enough for the University of Idaho women’s golf team to finish its season on a positive note.

The Vandals shot a 20-over-par 298, good enough for third place in the NCAA Regional. It wasn’t enough for them to qualify to the NCAA Championship but it was enough for each Redshirt to express pleasure with his team’s play.
