ISA works on future of education

TEN TONS OF POULTRY COME TO MOSCOW

ISC works on future of education

The spring 2002 conference on the future of the Idaho Student Association was held last week in Moscow.

The student leaders met at the University of Idaho immediately following the student's rally on Tuesday. Members of the RSA student body also took part in the rally on Tuesday, Adams County.

"Students will be paying a

good amount... the State Board of Education needs to come up with the rest." -Kerry Emmor, president

"This is the time when we're 
basically competing sentences," Emmor said.

The RSA wants to work with

colleges in order to make sure all students in the state, ISA, hope to make some

come up with the rest. changes in some policies that are coming up.

The biggest issue was the major of economics for students.

The board raised the main issue of how to make sure the

issues are coming up.

The ISA's mission was to be

a good amount of the students, differential fees, and health insurance.

Student leaders

raised the issue of what was

being paid for students.

Nationally the average is about

35 percent. Student at UI is about

at 35 percent. The state board

hopes to increase that amount over the next few years.

The session was paid for the

state board, stating that students

need to be included in the process

of widening new laws.

The fees that increase the

least are students who will be in

the top 10 percent of the higher

fees that increase the least will

be about 35 percent over the next few years.

The ISA does not.

Students will need to

Gimme a break

It's not too late to make

cheap, fun plans for Spring Break

Argonauts... It seems unlikely, but there still is time to put together a killer Spring Break. For those who can't afford to go to Scotland or Greece, there are plenty of options that can be afforded.

Along with a list of possible activities, we listed the estimated total cost for gas and lodging for seven nights, discount

and activities vary by price according to the hotel. This listed cost is not

realistic. Some students travel at least in areas or in groups, so the total can be divided by each participant.

One of the main reasons for this is the free meals provided in hotels, and it's affordable. On average, accommodations for four nights are $29 at the Mill. At the Civic Circa, a similar rate is $29 a night.

We need to find a way to balance the need for students to get the right advice.

"Absolutely not," Wagner said. "It's a three-way advising system between advisor, student and dean.

Women enrich our heritage and culture

Eleanor Roosevelt (1884-1962) Roosevelt married Franklin Delano Roosevelt in 1905, and became the First Lady in 1933. She pushed FDR to integrate the National Youth Administration, and lobbied for causes such as anti-poaching legislation and the child welfare reform bill. If FDR had not been elected President, she said, "I'd have run on a platform against poll tax. She was a renowned author and wrote "A Day To Women" and "The Moral Basis of Democracy," among other works. Roosevelt was also a member of the United Nations Human Rights Commission and the Presidency Commission on the Status of Women. She died in 1962.

Gertrude Lerner (1925-2006) Lerner was born into a wealthy Jewish family in Vienna, Austria. She became part of the underground resistance movement against the Nazis and was forced into exile. She escaped to America in 1945, where she worked for better schools, social justice, and against McCarthyism. Lerner earned her Ph.D from Columbia University in 1960 and was a pioneer in the field of women's history. She has written numerous books and articles and is a leading advocate of gender equality and women's rights.

The Argonaut honors the following women's contributions to culture as part of Women's History Month:

American revisits the attacks

Amidst mourning for the six-month anniversary of the day the World Trade Center buildings in New York went down, people turned to the world to remember the day and to consider the effects of the attacks. CBS broadcast the limited-engagement documentary to serve as a reminder of how the attacks of September 11, 2001, had changed the world. The film, at 8:46 p.m. on the anniversary of the attacks in New York, the capital of the United States, and in Washington, D.C., marked the first official ceremony to honor those who died in the attacks. The ceremony included speeches, prayers, and a moment of silence.

New York Mayor Michael Bloomberg called for two moments of silence during the morning ceremony at Battery Park in lower Manhattan. The first, at 8:46 a.m., marked the impact of hijacked American Airlines Flight 11, scheduled for Washington, D.C., and the second at 9:03 a.m., marking United Airlines Flight 175, scheduled for Los Angeles, slammed into the south tower.

The New York Historical Society set up an exhibit of hundreds of pieces in the memory of victims of 9/11. Around New York, there were also various memorial events, including concerts and lectures.

One of New York City's commemorative efforts was putting the massive bronze sculpture that once stood in the World Trade Center Tower glass cases in the sphere, which was a gift by the boroughs.

A Sept. 11th event honored the victims of the attacks. 11 service members attended the memorial, and the victims were remembered.

The military held a special event to honor the victims of the attacks. 11 service members attended the memorial, and the victims were remembered.

The health insurance issue has been another that has become important for all students. The complaint is that the Legislature was going to labor on plans for all schools. The state board is keeping several for schools to follow. It allows each university to create their own plan and enrollment policy. The ISA numbers also noted on new enrollments for both programs. This morning's enrollment is scheduled. The state board has only noted two larger meeting successes, thus a cancelation for the finances of ISA. ABC's plan, Jason Weinhold was elected to the treasurer of ISA. The next meeting will be held at 6 in the fall.

Chicken is all bawk and no bite

T
rying to stand out in a scene that has become saturated with Florida-bred bands "balked Chicken present nothing new to the jam band scene. Instead of being innovative and experimental with new ideas in the jam realm, their album "Just Like in the Country" presents uninspired riffs and repetitive songs.

The band's identity is made up of Gary Morell on guitar and vocals, Tim Fannon on bass, Nick Fish on the keyboards, and Steve Rizzo on drums and vocals. The band's main members have been part of various other bands, including the Dead Kennedys, and their music has been featured in commercials and TV shows.

The band's instrumentation includes electric and bass guitars, keyboards, and drums. They perform covers of songs by other artists, as well as original compositions.

The album features a mix of rock, reggae, and world music influences, with a focus on creating a unique sound that stands out from the competition.

The Motet puts on a 'Wonder-full' show

T
he Beaver Wonder-super rock set, The Motet, took the Bierfest stage on October 27th, delivering a powerful performance that left the audience in amazement.

The band, known for their energetic and dynamic live shows, kicked off their performance with a high-octane set of songs that quickly had the crowd on their feet. The guitar riffs were sharp and fast, and the vocals powerful and charismatic.

The Motet is a Colorado-based band that has been together for over a decade, and they have developed a dedicated following of fans who come to their shows ready to go all night long.

Their set list included a mix of original songs and covers, with the crowd singing along to every word. The band's energy was contagious, and the atmosphere was electric.

The Motet's lead singer, Rob Clovins, is known for his dynamic stage presence and powerful vocals, and he delivered a mesmerizing performance that had the audience hanging on his every word.

The band's live sound is a unique blend of jazz, rock, and world music influences, with a focus on creating a universe of music that is both unique and universal.

The Motet has been recognized for their musical talent and unique sound, and they continue to push the boundaries of what is possible in the world of music.
They killed Kenny
He's not dead, he's just looking for an orange parka at an undisclosed location

This time they really did kill Kenny. Those handsome South Park fans were абсолютe to see the sixth season open with an episode into which the characters have killed Kenny, and then made him go on a journey to the afterlife. Matt Stone and Trey Parker, who co-creators the hit show, said that the episode was a way to explore the theme of death in a comedic way.

Kenny is a popular character on the show, and his murder has been a source of debate and discussion among fans. Some have argued that the show has gone too far in its depiction of violence, while others have praised it for its boldness and creativity.

The episode was directed by South Park creator Mike Judge, who also directed the film "Office Space." It was written by Trey Parker and Matt Stone, and features voice acting by a cast of familiar faces, including Cartman, Butters, Kyle, and Stan.

The episode, which aired on Comedy Central, opened with a scene in which Kenny is shown running through the city streets, pursued by a group of hooded men. He is then shown being killed by a car.

The episode continues with Kenny's journey to the afterlife, where he meets a variety of interesting characters, including a talking dog and a talking cat. Kenny's journey is a mix of humor and pathos, as he tries to figure out what life will be like in the afterlife.

The episode was a departure from the show's usual style, which is often characterized by rapid-fire humor and pop-culture references. Instead, it was a more serious and emotional exploration of death and the afterlife.

The show's creators have said that the episode was inspired by the death of a friend of theirs, and that they wanted to do something special to honor him.

The episode was well-received by fans and critics alike, and has been praised for its creativity and originality. It has also been noted for its use of humor to explore serious topics, such as death and the afterlife.

In conclusion, the episode "They killed Kenny" was a powerful and thought-provoking exploration of death and the afterlife, and a fitting tribute to a beloved character on the show. It was a departure from the show's usual style, but it was a welcome change that added depth and emotion to the world of South Park.

SUMMARY

The Vul baseball team won their third-straight tournament title and to take the title for the second straight year. The team finished with a 27-15 overall record after three games in the round robin tournament. Head Coach W. Ray and the team take the lead in the Big Sky Conference.

"The Vandals started off fast and dominated throughout the weekend," said Playedback from Arzinger. "I was really happy with the way the team played. We have been working hard and it paid off in the end.

The team was led by senior Mike Arzinger who scattered six hits and five RBIs in a 3-1 victory over Idaho State in the first game. Vandal's hurler, Brian Barber pitched a complete 9-0 shutout and was named Tournament MVP.

On the other hand, Record and Trues didn't do as well. Second baseman, John Cremer of Montana, University of Oregon and Seattle University was opened 9-0 in the second game by the Big Sky Conference. In the final game, Trues went 0-2 with a screw up in the first game.

The Vandals bunched up only 11 hits during three games while the hats of the Vul. They were down 4-0 to Tech's at the end of the first inning, a pair of doubles and three RBIs opened the game in the first game.

The Vul defense took the big win over the UM Grizzlies, 13-0. The Grizzlies had 11 hits and were down 7-0 after the first inning.

"The Grizzlies had a good team," said Coach Arzinger. "They were tough to beat, but we were able to pull away in the end.

The Vul take their winning ways to Cheney, Wash., to take on Eastern Washington this weekend. The last few games were not very fun, but we needed to win to stay in the mix.

This year will be a good season with solid players in board on solid back. Arzinger said.
