IDAHO BREAKS EVEN WITH WHITMAN

Visitors Take First Game, 6-0—Idaho Comes Back Wisely in a 13 to 4 Score.

The Idaho batters were unable to do anything with the pitching of Capitn Clemen of the Whitman baseball team last Thursday, making but three hits, two of them singles. On the other hand, Whitman made but three scores until the ninth inning, when the ball went up and the visitors romped home with five runs.

Gerlough was not hit at all here, but his opposite fell him miserably at the critical moments. Gerlough, himself, was the chief offender with three errors. Dock Numbers and Aria Janline each contributed two, and Hayden missed a fly that resulted in one run. Whitman made four errors, none of which were costly.

Whitman scored in the second inning when Hayden missed a fly, permitting him to go to second. Niles took third on a safe hit and came home when Robinson let a low one roll through him. In the next inning, they added another one, when Fiske hit for two batters and came home on errors made by Numbers and Gerlough.

In the eighth inning Niles hit for two batters, took third on an infield out and came home when Numbers booted the ball. It would never do to speak of the catastrophe in the ninth inning. Hayden made the only clean hit for Idaho, a drive to left field.

IDAHO BEST EVER HELD AT IDAHO

Record Breaking Time in Several Events—No Win by Overwhelming Margin.

A large and enthusiastic audience, a bright clear day, and the absence of several intercollegiate records combined to make the final of the last intercollegiate track meet the best ever pulled off in the Northwest. Early in the day it was plain the Boise was going to win the meet, but that did not detract from the interest of the affair in the least. In several of the contests the fights for first was a pretty close one as you will soon see. Probably the best race of the day, and the one that attracted the most interest, was the mile run, in which Gerlough of Boise and VanRellen of Grangeville were both highly touted. Gerlough won in the year before and De Haven came up with blood in his eye. De Haven won in the time of 4:40. (Boise had no high school). Coahout and Calevle also not up great chances in the dashes. Coahout winning the 8 and Carley the 100 and 220, the dashes were all taken down.

With such a successful meet this year, let us hope that it will be continued in the future. An intercollegiate is one of the best advantages that the school can have and its high schools and the colleges closer together.

Scores of Boise won the individual one with 20 points, Carley of Boise was second with 10, and Carley of Nova won third with 15. N,rane won first in the hammer, javelin, discus, and shot. He made a new record in the hammer with a throw of 155 feet. Carley won first in the 100, 220 and 120 hurdles, and second in the 110. He broke his old record in the 220 by 2.5 of a second. Harthick took second in the high jump, 5'10 horses, shot put, and discus and took third in the hammer.

Boise won the meet with a total of 69 points. Colfax was second with 20 points, Nrze second with 10 points, and Carley and Allen fourth with 13 points.

The medals were presented by the Badger slayer Ihnhold held in the auditorium on that night. A large crowd was present to catch a glimpse of our future students.

A SUMMARY OF EVENTS

50 Yard Dash—Colfax (B), Mosely (D). Time 5.1

IDAHO MAY HAVE STUDENT TICKETS

Board of Regents Approves the Idea. Will be Voted on at the Assembly Wednesday.

On Wednesday May 14th will come up in assembly the matter of the students deciding whether or not they will adopt the student ticket plan.

The plan evolves from the fertile brain of Graduate Manager Larson who has been working on it for two or three years, and has finally brought it to such shape that was presented to the board of regents at their last session and approved by them, and left to the student body. The plan as presented to the regents by Mr. Larson is as follows:

"There is a movement among the student body to raise the registration fee to five dollars per semester and to hold back all student events on the semester ticket plan. Under this plan a student will receive a ticket at the time of registration that will admit him to all student events this fall for no further charge.

"At the present time each student pays a four dollar registration fee and saves out from ten to fifteen dollars more per year if he attends all athletic and other events. The above proposed plan not only saves the students considerable money, but insures a paying basis for all events. This will enable all students to attend all events by paying only one dollar more than they do now, and will distribute the financial burden more evenly.

"This student ticket plan of five dollars per semester is used with great success at the University of Oregon, University of Washington and Washington State colleges. If the graduate manager has received a large number of applications and requests that the student body vote on the plan.

"Oliver Martin was a Pullman visitor Tuesday, having come over to attend the Whitman—W. G. C. track meet.

Miss Wister Baker of Wallon was the guest of Gamma Phi Beta during the intercollegiate track meet.

U. S. S. Boreman and Ellen McRae spent the weekend in Lewiston visiting Deanie Perkins.

SENIORS PRESENT VAUDEVILLE

Medals Presented to Intercollegiate Winners During the Evening.

The seniors were indeed fortunate in that they were able to present a play last Friday night after the finals of the intercollegiate track meet, in the new auditorium.

The presentation was of the same nature as that presented by the same class down town last winter, a vaudeville, followed by a playlet.

Outside of a few mechanical faults, such as the car not touching the floor and furnishing a view of the feet of the castants, the curtain refusing to work, and the slowness during which the skits were presented, everything was good.

The first number of a Spanish dance in costume by Lorraine Bane, Helen Pfairstein, Mary Polian, Elizabeth Breder, Florence Stevenson, Clara Hockett and Gladys McFarland. The dance was started up under the direction of Malie Isbell Sandberg,.director of physical education for women, and took well with the audience. They were forced to respond to an encore.

E. Perkins and E. K. Hummert's "out their act across" in great style. Their singing was excellent as was their dancing. This team was forced to respond to several encore, one of which was better. Van Nullt Hockett did not appear to such good advantage as he did last winter. His costume and make up were lacking. Horace Chamblin, as the weather man, was better, brought forth much applause. Atired in a dirge ragged suit with a baseball and glove, he did some really clever work and was forced to respond to an encore.

The headline of the evening was the comedy sketch Foreclosed by the senior girls and E. Perkins, and was a presentation of what can be done by two college girls. All of the girls did some unusual good work. Kathryn Smith, Iva Emmett and Winifred Brown, probably starrers. The senior's device playlet was the whole way through.

Following is the cast and synchonism of the playlet:

Grave and reverent seniors: Nancy Norris or Max and Kathryn Smith or Betty

Eliza Breder or Betty

Gar and feminine junior: (Continued on page 6)

AT ASSEMBLY

The main feature of the student assembly which was held last week was the consideration of the amendments to the constitution of the A. S. U. I. proposed the week before by C. B. Watts.

The meeting was called to order by the president, and the minutes of the last two meetings read and approved. As there was no old business to come up on the consideration of the amendments was postponed, taken up, and voted on by sections. The first which provided for the changing of the times of the election of the editor of the Argonaut from the regular election to a separate election to be held on the first Monday of April was voted down by a veto of 110 for and 70 against. Being an amendment to the constitution it required a two-thirds vote to carry, hence the amendment was lost.

The second amendment which provided for the nomination of candidates for the office of editor to be in the hands of a committee of faculty members and some of the officers of the student body, was voted down by a very large majority, after considerable debate. The third section of the amendment was carried. It provided for the supervision of the editing of the paper by the executive board, and gave responsibility of every other issue of the paper to the associate editor. Also the last section was adopted. It provided for the raise of the compensation of the editor from $2.00 to $3.00.

It was announced by the president that if the students did not attend the assembly of their own accord that measures would be taken by the faculty to enforce attendance. It was also stated that the seniors had chosen their committees for the assembly period, and that the juniors, sophomores, and freshmen would be expected to do so in the respective order, and that the faculty would take what was left.

Professor Bolton announced that there would be a general session of the university held again this summer, and urged that all the students do their part in boosting for the same. It was announced by the president that at the next student assembly which would be two weeks from that date, the nominations for the officers of the student body for next year would be made and the election held on the following Friday.

After the announcements were all made there was a short rally, for the interscholastic meet. Watts the yell leader took charge and a few yellies were given. Some cheers were made by Professors Stewart and Larson, Usch Gristoll and Track Coach Edmundson. The meeting was closed by an invitation to Dean Carlyle, now acting president of the university.

Rose Niiler is confined to her room this week with the mumps.

Y. M. C. A. Cabinet Appointed.

Most of the cabinet positions of the Y. M. C. A. for next year have been appointed, and the committees are being organized and plans being drawn up for effective work during next year, according to Charles Smith, the new president of the association.

Representatives from each of the classes of the college and from all departments are included in the list, and are well known members of the student body. Many of the men will attend the Northwest conference in June, and the association is looking forward to a very successful year in 1918-19. The committee chairman that have been appointed are Ralph Perkins, membership; Paul Wenzler, social; George Irmen, Bible study; Glen Horton, mission; Cari Jensen, church relationship; Marvin Monroe, temperance.

During the remainder of the year, the devotional meetings on Sunday afternoons will be given over to a discussion of the work of the various committees. The cabinet and any members of the faculty or students interested in the work of the association are expected to participate. The work of the social committee will be discussed next Sunday.

Prop Squad.

1913 is the last year of the Prop. When the year is ended the press department once one of the strongest departments in the university will have passed away.

Realizing that this will be their last opportunity, the Props are anxious to end the year with college dances by the "Prop Squad," the event of the press year.

That this dance will exceed all the former affairs of his department there is no doubt. This year there is a sum of about $200 remaining in the treasury. Some way must be found to decrease this amount before the press department is ended. This sum will be expended in adding to the sumptuousness of the "Squad." The "Squad" is a regular college event next week for all students. The price of tickets will be fifty cents. Such an extremely low price will not detract from the dance, however, because the treasury money will cover a deficit.

Notice — National Science for H. S. Students.

The following resolution was adopted:

Resolved, That the requirement of a year of natural science for H. S. students be interpreted to mean not less than six credits in some one of the following departments: Bacteriology, botany, chemistry, geology, physics.

J. G. Eldridge, Dean.

Tennis News.
The tennis tournament has started and is now well under way. There are several matches in the men’s events that will be worth watching. It is requested that all matches be played off by next Saturday.

Manager Doyle is now busy arranging matches with outside teams. At present he is in communication with W. C. Whitman and Lewiston Tennis club. It is very likely the Lewiston club will play here about May 1. This event will give the students some inside into real tennis. All of the men that will represent Lewiston are old tournament players and known the game thoroughly.

The most promising players among the men so far are Bently, David, Hummbries, Rockett and Sonlen. Among the young ladies, Misses Kettenbach, Annett, Brown and Rank are all making a good showing. Miss Kettenbach and Annett should make a very strong team as both are experienced players.

Track Team to Montana.
Idaho track team, accompanied by Coach Edmundson, left Tuesday for Montana to compete with the University of that state in track.

While our team is green, Hoo has big hopes of winning the meet. His freshman material is showing off in great style and he predicts they will take more than their share of the points. Morris son and Captain Whitman will handle the sprinters; Dingle and Anckorn, the half and will be on the relay team; Dowling and Warren, the mile and two mile; Anckorn and Lockhart the hurdles; Whitten the quarter mile run; George Scott, Lockhart and Harris the high jump; Harris in the broad jump; Barton and Scott in the pole vault and Phillips and Brown in the weights and javelin.

Gus Larson, Hoo Edmundson and the following men made the trip: Captains Whitman, Brown, Phillips, Anckorn, Dingle, Lockhart, Warren, Harris, Barton, Dowling and Scott. They should return Thursday.

Dean Eldridge to Lead Class.
Dean J. G. Eldridge has accepted an invitation to lead a class at the Y. W. C. A. student conference at Garberd at next June. Dean Eldridge was a member of the faculty of the Columbia Beach conference last summer, where he was the leader of two very popular classes. The dean said, “I expect my work at Garberd to be very pleasant but I shall miss the good fellowship of the boys, and I fear that my hob-nailed boots must be left at home. However, I hope to be able to drop in on the boys’ camp for a day or two.”

Idaho Breaks Even With Whitman, existing continuously until the 7th. Bennington received the same kind of support that was accorded to Grapleth by Idaho in the first game, except worse. Whitman apparently making no effort during the first part of the game. Bennington with any kind of support would have held Idaho to a low score. In the first inning Hayden walked, took second onrock Perkins infield hit and scored on Vanne's two baserunners. In the second inning, a regular stream of runners seemed to cross the plate, on but two hits, one a two-bagger by Jones and the other a single by Humphries. In this session, Whitman made three errors. Whitman garnered herself together during the latter part of the game and played air tight ball for the last three innings.

Following is the score:

Idaho 1 3 4 6 5 7 8 9

Whitman 0 0 0 0 0 1 2 3 4

Bennington 1 0 1 0 0 2 4 5 7

The first annual debate banquet for the intercollegiate debaters of the University was held Monday evening at Guild hall. It was attended by about twenty college debaters, faculty members and alumni of the institution, and was managed efficiently throughout. The banquet was presided over by Professor E. M. Halme, debate coach, who acted as toastmaster. Several of the college debaters gave short talks, and the history of baseball at Idaho was pretty thoroughly covered during the course of the evening. Several letters from alumni who had been debaters while in college were read. The need of a department in economics and sociology at the university was emphasised. Among the debaters who made talks were Parker V. Lucas, Harry MacDonald, E. B. Davis, and Chester Minnder. Professor L. F. Wilson of the law faculty, responded to a toast in his entertaining manner. Professor Lehamn of the English department, responded to a toast on the trials and tribulations of a debate judge by reading an original poem entitled "A Battle of Words." The last talk of the evening was given by President Carlyle.

Just before the banquet adjourned, Parker V. Lucas, on behalf of the college debaters, presented Professor Halme with a fine electric library table light in a very appropriate little speech. Idaho has just closed her thirteenth year in intercollegiate debating, and during that time has participated in no less than 45 college debates. Of that number she has won 26 and lost 19. No other institution in the west has a record that equals Idaho upon the forensic platform. The splendid record established is due greatly to the untiring efforts of Professor Halme, who has turned out winners during the discourageing ten years conditions and in competition with institutions many larger than Idaho. It was to show their appreciation for this work that the debaters last night presented Professor Halme with the present they had selected.

Juniors to Give Play. On May 17, the juniors will present their class play, "Painting the Music." "Painting the Music" is a poplar stock company force of the day. The situation is very amusing, the characters are arranged for contrasted, and the dialogue is keen. As Miss Fowtherrving, an actress who appears in the play says, it is "Box and Cox." With the additional congratulations which the wires bring about adds to well known fun of that old favorite portrayal of the lifting house life. The juniors have promised the play will show at the expense of a large company for the Max, is still unannounced. The cast has been for some time at work on the parts and rehearsals are now going vigorously forward under the direction of Miss Fowtherrv and Mr. Lehman. In "Painting the Music," the seniors bid fair to repeat the success of their last year's production.
