to a strong contender for all northwest championship honors in two years, too much credit cannot be given to Idaho's most noted alumnus athletic and present track coach. If putting out a winning ten-mile team has been the job held by Professor and track coach, the task of gaining a coach a reputation, it is hard to say in this case to measure a coach in in a winning team from a school of 400 to 500 which has had another first or two winning teams in its history. Idaho is fortunate in having such a coach and too much credit cannot be given him for the great success of the team.

Summary of Saturday's meet:
Sweet accent and the most proper shade of emphasis of any member of the cast. There is a certain earnestness in his mannerisms that made the little "joke" go over with a howl of laughter, and now his wild oats all the more funny. And by the very clever management of his language, he is perfectly capable of bridging over embarrassing si-

lences between the speeches.

Both for style and content, it is not necessary to describe the men who took the audience in with their make-

up. Before he had said a word, "Eliot" was received with applause. He ran over a trifle slow in getting into the spirit of the thing; but soon made amends by evidencing what he had to say. Unfortunately, he had to simply kill time and show off as "a gentleman" he could be as easy as the others Harry found his part. Regan, to speak absolutely literately, showed the "old Pep." In getting some where he lost no time and this very ability to get around furnished the audience with much to laugh at. There were, however, a few rare instances in which he spoke too much in his natural voice. But his business and gay bearing did him proud. As Miss Ashford, Miss Margarette Lida played with assurance and ease. She was not made to look as old as she might have been, but her manner saved the stage. "Few will ask, to her claim to spinsterhood. Her accent showed skilled training. Her doing over the food memories of her former friend and her attachment; to her re-
ligion caused no little merriment. Miss Olsen and Miss Carthers were very

charming in appearance. Miss Olsen spoke distinctively though gently and in her gay attitudes and gestures gave the audience a good interpretation of what might be expected from the daughter of the old rich man. At times, Miss Carthers was a little too modest in speaking and thus made her voice scarcely audible, but on the whole she delighted the audience with her vivacity and sweetness.

Mr. Warren handled his part easily and with Eliahouse gave the burlesque scene all the force that could have been given. But it is to Arthur Lyons who has the honor of being the most honorable mention is due. After the fine appearance of the Right Reverend President Brannon, Eugene immediately turned to watch for his return. Carrying his "goods and chattels" onto the stage in the first act, while the elder Cuttermore was awaiting the re-
turn of his nephew, he simply set the audience into paroxisms of laughter. Not once during the entire perfor-
mance did he fail to sustain the as-

sumed tone of voice; and in the con-

stant repititions of his "Do ye know" his attitude, voice, and gestures grew constantly more comic. Not the least funny was his pantomime performance as he counted over his articles of prop-
erty. This was for the benefit of the audience, he was seated on the historical stage but it was with-

out doubt the best. Immense account of the play would be complete without mention being made of the excellent music of the orchestra. The playing before and after the acts demanded the most appreciative attention and applause.

The President Brannon went over the visi-

tig high school athletes. He extended the congratulations of the univer-
sity to them for their opposition and victorious; and also the cere-

tion to return to Idaho to school next year.

After the second act the Idaho men retired to the rear of the hall and held a informal rally in preparation for the meet with Pullman on Saturday.

**PROF. G. E. FREVERT RESIGNS.**

accepts Important Position in Govern-

ment Service.

Prof. G. E. Frevert, head of the de-

partment of Dairy Manufacturing in the college of agriculture, has resign-

ied his position here and accepted one in the United States Department of Agri-

culture with headquarters at Salt Lake. His work will be principally in the field and his territory will extend over the entire West. He will assume his new duties on June 1. Speaking of his new position, Prof. Frevert said, "I have accepted it because it offers me a greater opportunity for advancement and wider experience, and incidental-

ly, better remuneration."

Mr. Frevert graduated from Iowa State College in 1899, and since then his advancement has been rapid and consistent. His experience as expert in dairying for the U.S. department of agriculture in 1909, his work as a buttermaker for a large creamery company in Kansas, and his work as instructor in butter making at the Iowa state college, gave him excellent qualification for the work he has done since 1909 as instructor in dair-

ying, assistant professor in dairying, and head of dairy manufacturing. The daily attendance in courses have been under Mr. Frevert's personal instruction and the success of these students is so well known that it needs no mention here . Again, the butter judging contest started this year, which was an easy victory for the Idaho boys, due to their better training over other contestants, was largely the result of Mr. Frevert's mor-

tional efforts, and promises to be an annual event of great value to all schools participating. In agricultural extension work and in the publication of bulletins, Mr. Frevert has always been at the head of the project. The many friends of Mr. and Mrs.

Frevert, among faculty, students, and townspeople, will be sorry to see them leave, but extend to them their best wishes for success wherever duty or opportunity calls them. It is always a joy to the committee a friend honored by a well earned promotion.

"GEM OF THE MOUNTAINS.

Annual Soon To Make Its Appearance Larger this Year Than Ever Before.

The 1916 "Gem of the Mountains" is scheduled to appear in a few days. Dr. Robert J. Lethe, the editor, and it is said to have made much about two

is not known how it will be and a half dollars, as to buy it. Final proof has been returned to the printer and the books should be out immediately.

It may be interesting to note that this year's annual will be the largest in print containing 244 pages. It might also be interesting to know that this is the first two colored annual ever put out at Idaho. The books will be on sale in As. Building imme-

diately upon arrival; price $2.50. Bring receipts if you have made deposits.

Each year during the month of May many requests come in from all parts of the state asking for university pro-

fessors to deliver high school com-

mencement addresses. This is as it should be, for the people of Idaho should depend upon their university

and it is gratifying to know that in the work of every educational insti-

tution in the state and particularly in the high schools and as an expression of that interest cooperates with them in all events.

It is to be regretted that some of the requests cannot be complied with, but occasionally conflicting dates make it impossible for a certain speaker to meet all the demands, in which case substitutes are provided. Part of this year's schedule appears below:

Prof. Hulme—At Nes Perce, May 14.

Prof.被抓—At Genesee, May 22, at Orofino, May 29.

Prof. Reuter—At Bonners Ferry May 24, at Winchester May 28, President

Brenton—At Coeur d'Alene May 21, at Grangeville May 27, at Post Falls May 1.

Revered Watson Baptizes.

While in Boise, the Rev. Mr. Wat-

ton baptized Marjorie Louise, the young daughter of Mr. and Mrs. Lehigh Sivadage. Mr. and Mrs. Sivadage are graduates of the universi-

RALLY DURING ASSEMBLY HOUR

STIRRING TALKS MADE BY THE COACHES AND PROFESSORS, INTRODUCTIONS BY PRES.

"Pink" Asks for "Old Idaho Pop" in Helping to Entertain High School Athletes.

The assembly last Wednesday was a most successful third point of assembly and the interest taken in the proceedings. The track and baseball squads and the glee clubs came into the auditoriums in groups. The program was opened by a song accompanied by the casket band. This was followed by a splendid piano solo by Miss Margarette Jones. After making a few announcements, President Brannon made some well-chosen remarks in which he urged the necessity of getting together to create a university spirit. He said that the band and the football team had made it a point to attend every assembly. Dr. Brannon also praised the work done by those taking the lead in the Mikado and requested that the actors stand while they were being applauded by the rest of the student body.

Professor Angeli was the next speaker. He said that last fall he was called upon to pledge his allegiance to the university and that now he was called upon, without warning, to give his impressions of the university. He pointed out that the Mikado and all our athletic events showed that we were for Idaho and Idaho for us. He asked the student body to remember that it is us, the student body, whom we ask to take part in the performances of the "minor shows" and that the proper amount of appreciation be shown for the efforts put forth by such persons. He ended his talk by saying: "We are not here to see how long we can live but to see how much life we can put into a lifetime."

President Brannon then called upon Beek Edmundson to talk track for a few moments. The latter predicted that the meet at W. S. C. Saturday would be close with the odds about even. In speaking of the comparative strengths of the U. of I. team and that of W. S. C., Coach Edmundson predicted a victory in the weights and hurdles. He said Morrison would bring the bacon home if the student body gave him its support. The pole vault and jumps were quite uncertain. The track team now mounted the stage in a body and all the point winners in the Montana meet were given ribbons "Pink" was next called upon to speak in behalf of the baseball team. He said: "I talked the whole afternoon over with the fellows and we concluded that we didn't have heart to put it over on those farmers across the way because of what we did to them in football, basketball, butter judging, stock judging and debate." He said that Idaho had the best team he has seen here and promised to show the Pullmanites a good time when the teams clash again.

The program ended with President Brannon's talk, and he was asked to repeat it. It was said that Idaho would win many "insta" in the meet with Pullman Saturday, but it would be the thirteenth that would take the meet. Assembly was closed by singing the "Alma Mater."
Y. W. C. A. MEETING.

National Movement Discussed.—Much Emphasis Placed on Summer Conference.

A very interesting and valuable meeting of the Y. W. C. A. was held Tuesday afternoon in the auditorium. Following the opening exercises, Miss Valborg Klasson sang the song "Oh! Dry Those Tears,"

Miss Butler, national secretary of the Y. W. C. A. work, talked to the local association on "Our Conference Work."

She spoke first of the universality of Association work of the work in foreign lands and at home.

In the work at home Miss Butler first discussed the work among the immigrant girls in America. She told how association workers meet the immigrant girls, get acquainted with them and try to get them in some measure acquainted with the new life in America.

She next spoke of the work among the girls and women engaged in industrial work in the large cities. Among these girls, as among any other groups the association is extremely valuable in developing leadership, the intellectual, spiritual and physical sides of our nature in proper proportion.

Miss Butler spoke much concerning the conference work, and its value to the local association.

Miss Amy Kelly spoke in a brief but very interesting manner of her experience at a summer conference and Miss Butler closed with a strong appeal to the girls to attend the coast conference if possible.

The meeting concluded with a brief account of our association plans for next year.

GREEK ASSEMBLY.

In response to the invitation of Professor Patterson, about eighty fraternity men and women of the university assembled in the auditorium Friday night.

An interesting talk Professor Patterson discussed the growth of the Greek fraternities which is taking place in some states of the Union, and the reasons therefor. He also told of the campaign of education which the fraternity in those states are conducting to combat the unfraternity sentiment and to offset the idea of the standards of conduct which the fraternities here should adopt in order to prevent hostility from ever arising in this state.

President Branson gave a brief but very interesting address in which he defined the ideal of the fraternity spirit. He outlined the reasons for the existence of fraternities and the need of a brotherhood among the students.

He closed his remarks with an appeal for a broader and more democratic interpretation of fraternity spirit at Idaho.

This Week's Schedule for President Branson.

Boise—From Monday evening to Wednesday morning to meet with the board of regents and Mr. Carlyle.

Caldwell—Wednesday, to inspect the engineering school.

Portland, Oregon—Thursday and Friday, to attend conference at Reed College, Portland, Oregon.

Monday—Saturday;

There will be a meeting of the Home Economic Club on Thursday evening at 7.30, in the large banquet room of the hotel, so be present. There will be an interesting program.

NEZ PERCE TAKES MEET

HARRKE AND ROBINSON LEAD IN INDIVIDUAL POINT-WINNING. CLOSE FIGHT FOR SECOND.

Thompson Wins Pole Vault and Breaks Record. Records in Javelin, Shot, 26-Yard Dash and Discuss.

With 39 points to her credit Nezperce walked away with the Lewis cup, which is presented the winners of the annual interscholastic track meet, last Saturday morning. Second werecontacted right up to the last of the meet, it requiring the relay to place the second team with the last; more standing. Nezperce 39, Moscow 26, Lewiston 23, Boise 21, Colfax 11, Coeur d'Alene 11, Grangerville, 5. Johnson, Wash, 2, Bonners Ferry 2, and Wardner-Kellogg 1.

Harbke of Nezperce was the individual star of the meet, taking 20 points for his team, with Robinson running second with 14 points. Harbke, besides winning first honors in the meet, set new records in the shot put and in the javelin.

Thompson of Johnson, Wash., furnished the sensation of the day when he went over the bar at 11 feet 5 1/2 inches in the pole vault, raising the Idaho interscholastic record from 10 feet 6 inches, the northwest interscholastic from 12 feet 5 1/4 inches and breaking the Idaho intercollegiate, which is 11 feet 1 1/3 inches. Thompson could undoubtedly have gone over the bar at 12 feet had he not been worn out by starting the bar low and causing him to vault a large number of times before he was able to make the height.

McMillen of Lewiston set a new record in the discus and stuffed a record that will stick for awhile in the 50-yard dash when he covered the distance in 5.8-5.9 seconds.

Because of the wet condition of the quarter track, the distance runs were all made on the straightaway, the runners being required to run up and turn around a hurdle and come back. Long of Grangerville made exceptionally good time, considering the break that the turning caused in his stride, when he took the mile in 5:1.

The Lewis cup which was presented to Nezperce, as winners of the meet has been won by Lewiston in 1910, by Coeur d'Alene in 1911, Boise in 1915 and 1918. The winning of the cup entitles the owner to possession for one year, and three consecutive wins is required for complete ownership, which makes it very likely that no school will ever own the cup, since once a school seldom gets a monopoly on athletes for three consecutive years.

The results of the events were as follows:

50-yard dash—Stooskey, Lewiston, first; Robinson, Nezperce, second; Childers, Moscow, third. Time, 5.9.
60-yard dash—Stooskey, Lewiston, first; Aspy, Moscow, second; Robinson, Nezperce, third. Time, 6.2.
220-yard dash—Wells, Colfax, first; Nason, Moscow, second; Wright, Moscow, third. Time, 21.6.

880-yard dash—Wright, Moscow, first; Nason, Nezperce, second; Mathews, Coeur d'Alene, third. Time, 5:56.
1,600-yard dash—Wells, Lewiston, first; Campbell, Bonners Ferry, second; Disney, Boise, third. Time, 2:16 2-6.

Mile run—Long, Grangerville, first; O'Brien, Coeur d'Alene, second; Disney, Boise, third. Time, 5:11.
220-yard hurdles—Harbke, Nezperce, first; Nason, Moscow, second; Delap, Coeur d'Alene, third. Time, 32.2.
220-yard hurdles, Robinson, Nezperce, first; Nugent, Boise, second; Woods, Moscow, third. Time, 32.2.
Broad jump—Robinson, Nezperce, first; Puc, Moscow, second; Berks, Lewiston, third. Distance, 26 feet 1 inch.

High jump—Harbke, Nezperce, first; Graff, Coeur d'Alene, second; Jones, Nezperce, third. Height, 5 feet 2 inches.

Pole vault—Thompson, Johnson, Wash, first; Hobson, Coeur d'Alene, second; Puc, Moscow, third. Height, 13 feet 9 3/4 inches.

Shot put—Harbke, Nezperce, first; Pearson, Moscow, second; Houston, Boise, third. Distance, 44 feet 1 inch.

Hammer throw—Houston, Boise, first; Mangun, Boise, second; Adams, Wardner-Kellogg, third. Distance, 134.4 feet.

Discus throw—McMillen, Lewiston, first; Hobson, Boise, second; Puc, Moscow, third. Distance, 101.4 feet.

Javelin throw—Harbke, Nezperce, first; Wells, Colfax, second; Puc, Moscow, third. Distance, 154 feet.

Relay—Children, Aspy, Wright and Lebron.

Cook of W. S. G.

Cook just returned from Berkeley and it was he who made Merriville sprint.

Woods, Moscow, first; Noddyke, Wells, Parr and Burgess, Colfax, second; Puc, diced, Spafford and Thompson, Boise, third. Time, 2:45.

After the meet President Bransett presented the medals to the winners and extended a cordial invitation to the athletes to return here next fall for college work.

A POINT WINNER
FOR IDAHO

BUCK PHILLIPS A TOWER OF STRENGTH TO IDAHO TEAM. HOLDS RECORDS.

As Football Captain a Winning Team is Predicted.— W. S. C. But for Another Drubbing.

Every Idaho man is rejoicing in the victory of "Heck" team last Saturday; yet perhaps few realize the sig-
ificance of the score and the work which eachtrack man did to produce that score. Among the big point win-
ners in the Idaho-W. S. C. meet, Buck Phillips stands at the head of the list.

First in the discus, first in the shot put, and first in the javelin tells the story of Buck's work last Saturday. With 15 points to his credit, he was easily the star of the meet. Time after time

INPECTION AGAIN.

Regular Examination of Military Conditions Made in Order to Reactivate Various Institutions.

A second inspection of the cadets will be held Saturday, May 16th. This is the time for the regular inspection. Owing to the fact that the short course agricultural students leave in the early spring the special inspection was held while they were still there.

The chief aim of this next inspection is for the purpose of making a new classification of the military de-
partment of the various institutions which give military instruction.

At the present time the university in class B which is the highest class for colleges not making military in-
struction compulsory for all the men students during their entire course.

The appearance and general con-
duct of the members of the battalion
will greatly affect the results of the
report of the inspector and it is up

The third annual summer session of
the University of Idaho will open on
June 15 and continue for six weeks
thereafter closing on July 31. This
coming session is expected to be the
most successful in the history of the
university's summer school both from
the standpoint of attendance and from
that of the quality of work that will
be offered. In many respects the
courses that will be given this summer
will be very similar to those offered
last year, though much more advanced
work will be given and much of the
elementary work will be dropped.

It seemed evident, it is said, during
last summer's session that the advanced
courses in which college credit were
awarded were by far the most popular,
the majority of the students register-
ning for work leading to a college de-
gree or to first and second grade cer-
tificates. The fact that only college-
credit courses will be offered this
summer will not, it is thought, make
any material difference in the enrol-
ment.

The faculty of the summer session
will be larger than ever before, con-
sisting of more than 60 members drawn
from the most prominent institutions in
the state. In some of the courses out-
side instructors will be used.

These will be drawn from the
state departments of education, the
state normal schools and the public
schools of the state and will be expert
in their respective lines of teaching. The
numerous laboratories used by the stu-
dents during the regular school year
at the university will be open to the
summer students and will be used.

at Eidgehall hall for Miss Butler,
Y. W. C. A. secretary for the U. S.
Nominations for Officers for A. S. U. I. for Next Year

For President—Fred Carlson, John Phillips.
For Vice President—E. E. Humphreys.
For Secretary—Anna McMillen, Mary Burke.
For Treasurer—Jane McDonnell.
For Argonaut Editor—Robert J. Leith, Julius Norby.
For Associate Editor—C. E. McMillen.
For Business Manager of the Argonaut—Ray Cunnam, John McEvans.
Archibald Hayley.
For Assistant Business Manager—John Booth, Paul Wenzel.
For Debate Council—C. E. Johnson, Oliver Nible, Floyd Bowers, Julius Norby, Melvin Ison, and Arthur J. Lyon.

There may be a few more independent nominations made later.

The University club and the College Women’s club will give a dinner in honor of Ed. M. A. Brunson & K. E. Humphreys.

Commercial club rooms Tuesday evening. Dr. Brunson comes to Idaho as the newly elected president of the state university and the college people are preparing a welcome for him. The College Women’s club from its beginning has shown a warm interest in the western university and maintained a scholarship there every year for a girl graduate of the Boise high school.

The Boise Capital News.

Elaborate preparations are being made for a Dentsche Gesellschaft to be given by Mrs. Caroline Janeshead, head of the department of German, at the Gold Hill hall either Tuesday or Wednesday evening of next week. The party will be similar to that given by Mrs. Janeshead last year; but the dinner, speeches, music, program, and costumes will all be much more elaborate. More than 150 students will be present. After a six-course dinner served in true German style and composed of true German dishes, there will be a German play followed by dancing.

Tonight, boys will be dressed in German garments. There will be four different kinds of costumes representing German types.

SPECIAL
JUNIOR PLAY
ABOUT READY

CAST ESCUES REHEARSALS AND COACH LEHMAN PROMISES A FINISHED PRODUCTION.

Principals Show Result of Careful Coaching—Scenery and Costumes Entirely Original.

Rehearsals of Trelawney of the Wells have been resumed preparatory to giving the play on the first of May. Of the female parts much unexpected talent has been uncovered. Miss Dorothy Elise has undertaken the role of Mrs. Talbot and Miss Amelia Brown that of Josephine Parrot. Both are doing very well and are promised a success. The success of the play will depend upon them and the clever interpretation of those characters. Miss Dorothy Taylor plays the part of Miss Gower, vice chantily Smith, Governor’s sister. She always a keen understanding of the part and will no doubt be very well reviewed on the evening of the mud. Miss Beatrice Preece Miss Trelawney is in the heroine of the production and her interpretation of the part is all that could be desired. She is characterized in the first part as a “jovial but collie-minded” while in the last two, she comes out of her bright stage of keen and trudges as a woman who is pressed to take over the duties of the dramatic scene and sell the same realistic charm which made her so popular as an actress.

Miss Carr has the role of Mrs. Jonasson, a brisk free-living, red-headed lady who is continually in the kitchen for some one else’s interest. She is very well and will be a source of much of the servitude that will be evident in the production. Miss Lehman as Aunt Biscuit is in the female confection of the scenes. To say she will make a creditable appearance would be superficial.

The principals among the men are Mr. L. F. Snow, who plays the leading role of Mr. Ruff, the vice chantily Smith. Mr. H. C. White and Mr. F. A. Cire, the green grocer of Rosedon Street. Mr. James as Arthur Gower. Mr. Paul Petersen as Yardle Field and Mr. C. W. Combs as Copper.

The part carried by Mr. Snow requires a thorough comprehension of all his fellows in the many situations developed, and a fund of quiet humor to be ready to laugh at his own playing, the irresponsibility of Gower and Aunt Biscuit, and the expert opinion which Gower has of himself. Mr. Petersen as the craking old vice chantily is display- ing a faculty worthy of a professional actor. He will make a very good impression with the squawky voice which he affords so well and the intolerant temper of a lower class gentleman. Mr. Nutter as the grocer is simply admirable to pass his humor over the footlights.

Mr. F. C. Mitchell is managing the play with the most profound revolutionary in the line of scenery and costumes. The business end of this production will be one of the most difficult of any ever undertaken at the university on account of the scarcity of scenery and stage settings. Mr. D. F. Lehman, who is coaching the production states that he is well pleased with the progress made by the cast and hopes to have everything in readiness for a full dress rehearsal within a week and a half.

IN OTHER COLLEGES.

Harvard Wins.

The Harvard one-mile relay team won two races recently at the Pennsylvania relay meet held in Philadelphia. Pennsylvania was second and Cornell third. Harvard’s time, 3:24. It is 10 seconds very fast. Pennsylvania was ahead until almost the end of the second lap when Cross, the Harvard’s rear runner, fell.

Williamette.

On Friday, May 5, the students at Williamette university at Salem, Oregon, presented Percy Mackay’s “extreme” comic opera, “The Canterbury Pilgrims.” This play is based on a domestic version of Chaucer’s original poem, “Canterbury Tales.”

Nevada.

This year’s college tennis team will meet in room 6 on April 6, 1925, and play a double on the court with the boys’ team. The members are the lifeadoras who have been granted the Under N by the Associated students. The purpose of the organization is to acquaint greater interest in girls’ athletics and to give a foundation for the government of the school.

Kansas State.

About one hundred students who are working their way through college by doing janitor or clerk work have recently organized themselves into anoperative union. The purpose of the union is to give students aid in seeking employment.

Oroova.

On campus day at Eugene, Oregon, the students very enthusiastically began the breaking of ground in preparation for the construction of a new library building. This makes campus day worth while.

Washington.

There are 1907 regularly enrolled students at the U. of Washington. Of these there are 1473 who, since last October, have received conditions in some subject. Out of these 1473, 961 are members of freshman or sophomore. According to these figures the freshman and sophomore students have a little better scholarship average than the independents.

G. L. C.

Oregon Agricultural college won fourth place in the Pacific coast meet. They won first in the dates and in the twomile and one mile. California, won the meet. Radford second. U. of Southern California, third.

Celtic.

Celtic was first taught in America at Harvard by Prof. Socographic, and on Tuesday instruction is given in it, for the most part, by men he trained, in only all the large institutions of the country.

Whitman.

Campus Day at Walla Walla was officially observed by 12 squads of men working on the college grounds. It looks as if “Everybody works but Idaho.”

Crawford: What makes you think it is necessary to give sex instruction in the schools?
Crabtree: How else could the children understand the plays when they go to the theatres—Life.
