**Accident spurs campaign to eliminate ‘suicide run’**

By Allora Oceguia

A car hit two University of Idaho students while they were crossing the Moscow-Pullman Highway Saturday night, resulting in injuries that caused concerns about the need for increased safety precautions.

A white Ford Ranger struck Thomas "Tom" Durrant and Scott High, both UI sophomores, while they were using the crosswalk at the intersection of Lane street and the Moscow-Pullman Highway ground line, Capt. Michael Meyer, co-president of the Idaho Federation of Students, said the driver was a woman, but her identity is unknown. She left the scene before police arrived.

Durrant broke his collarbone and High sustained a torn and strained old muscle. Both are recovering at UI Medical Center and do not expect any lasting medical issues, but they are in pain.

"This just proves, as we needed to, how dangerous the highway is. An incident like this is kind of a call to arms," said ISAAC MYHRUM, co-president of the Idaho Alliance, a campus group holding an awareness campaign against women at the annual Take Back the Night event.

The march began at the UI Library, where students carried signs and candles, shouting choruses as they wound through campus past the residence halls and Gooden Auditorium, ending with a group standing by theUI Graduate and Professional Student Council building passing out pamphlets on the dangers of the road.

"It's so very important that we bring awareness to these women, who are faced with violence every day," said Naomi Herrera, chair of the UI chapter of the Women of Color Alliance. "And it's by doing activities like this that we bring that awareness."

Nick Palfiler, a Delta Chi fraternity member and UI police subscribings along with about 15 other men from his fraternities. "We thought it would be good to come support their campus," he said.

The rally was sponsored by the UI Women's Center and organized by the Women's Alliance, Lambda Theta Nu Alpha and the Feminist Latin American Movement in Bozeman. The event has been taking place on the campus for about 14 years, and Women's Center director Veronica Weidner said only UI's historic chapters of FLAME became involved three years ago.

"It's definitely grown, and I was excited to see the numbers there," said Emily Rhy, a UI grad student and co-president of the feminist group. "It seemed like there was more representation from more living groups, which was nice to see."

Before the march began, UI and Herrera shouted words of encouragement through a bullhorn.

"We're here to take back the night," Speg said. "We're surrounded by a violent culture. We need to break the silence."

The group paraded through the streets, holding brightly colored signs high and singing songs about protecting women and students.

"If we stop, they stop," walked through the streets. The game was played to the joy of many students, who were already passing through the streets.

"If we stop, they stop," they chanted.

**UI federation disputes standing of UI athletics**

**Federation leaders ask White to move athletics back to Big Sky**

**By Sam Taylor**

While students, faculty and staff spent the past month in Washington, D.C., lobbying for the UI Federation of Teachers, the same event as an opportunity to challenge the decision to move UI athletics into the Western Athletic Conference without the approval of UI faculty. The UI federation is asking the university to reevaluate the move and to move to the Big Sky Conference instead.

In a letter addressed to the university president, the president of the UI Federation of Teachers and a UI history professor, and the president of the Idaho Federation of Teachers, sent a letter to UI President Tim White as part of the political efforts of the conference. The report will come in a close Monday.

The letter points out that UI is a member of the WAC, and the conference is being run without proper consideration and approval from the faculty.

"The letter includes our recommendations for the immediate governance of the university in the view of the fact that the current governance is not democratic," said the letter.

In the letter, the UI president believes the school should move back to the Big Sky Conference rather than move to the Western Athletic Conference. "The university should be looking to move to the Western Athletic Conference," said the letter. "We're not the only one who is moving."

The letter ends with a request to the university president, the president of the UI Federation of Teachers and a UI history professor, and the president of the Idaho Federation of Teachers, sent a letter to UI President Tim White as part of the political efforts of the conference. The report will come in a close Monday.

Presidential candidates gear up for election

Students were given a chance to meet the candidates running for the offices of ASUI president and vice president. Candidates discussed issues ranging from tuition funding to diversity on campus, so they could better understand each other and their views.

The three presidential candidates are UI junior Tom Callery, junior Autumn Stegner and sophomore Mike McElhinney. Callery is running with junior Luke Edwards. As a legislative funding and transportation bill was killed in the session, Callery focused on how they were going to work with legislators and administrators to overcome this obstacle.

Stegner and McElhinney discussed their experiences working within ASUI and their parent organization. Both have held various positions. Callery is most concerned for votes while McElhinney aims to keep the focus on his campus. All candidates are diverse, both Callery and McElhinney said they would like to make the campus more accessible to off-campus students. During the debate McElhinney called for a resolution to raise the salaries of the ASUI office to allow more time to be devoted to ASUI responsibilities. The resolution is at risk of being passed over by the legislature due to lack of a commitment to keep the luxury "office" from being "raped" to support the cause because "there's only so much money." He said a raise for the ASUI employees would break the system of giving away office resources, and he was not sure if the ASUI employees would be able to be represented with money.

Gay marriage bans destroy rights

On Election Day, while the country was riveted by a歌 administrations. But for the millions of people who knew them, there was a story about two presidents and a voting choice that would have a lasting impact on the nation's discourse and future. This story is about the power of love and its role in shaping society. It is a story that challenges us to reconsider our beliefs and question our assumptions about the sanctity of marriage and the role of government in regulating it.

For those who feel that heterosexuality is the norm of society, the story is about the need to redefine what it means to be a member of the community. It is about recognizing that love knows no boundaries and that the love shared between two people is just as valid as the love shared between two men or two women.

The United States was founded with the ideals of freedom and religious liberty, and equality for all people. All citizens are entitled to the protection of the law, and the government is required to guarantee equal treatment under the law. It is the responsibility of the government to protect the rights of all citizens, regardless of their sexual orientation or gender identity.

We must come together as a nation to fight against discrimination and bias in all forms. We must work towards a society where love is recognized and celebrated, and where everyone is treated with respect and dignity.

Gay marriage is a natural expression of love and committed relationships. It is a critical component of the democratic process, and it is integral to the well-being of our society. Let us continue to stand together in support of the rights of all people, and work towards a future where love and equality prevail.

Gay marriage bans destroy the rights of all people.

C.M.

Give the sad Republican party a big hug

In the dark days after the election, the party of tomorrow will be asked to make a choice between President Obama and Mitt Romney. With the incredibly sour Bill O'Reilly, it's almost certain that more will be set adrift with his campaign. But for the millions of people who watched the presidential debates and heard the candidate's speeches, the choice is clear: Mitt Romney is the one who will lead this country forward.

While there is nothing funny about Romney's personal attacks, there is something hilarious about Bill O'Reilly's obnoxiousness and insultingness. Included with Bill O'Reilly's obnoxiousness are his attacks on the women of this country. That he was in over their heads and advocating for calling her for being "un Employment" has been a running joke. Bill O'Reilly is an unrepentant racist and a danger to the nation. He is a cheap trickster who is willing to do anything to win an election.

Strom Thurmond recently said that Romney and his supporters are "anti-feminist, anti-segregation and father of at least one legitimate child."

We are faced with a choice between two men, one who has governed this country and another who has never governed this country. The future of this nation is in your hands. Let us choose wisely.

FRANKENSTEIN: 1931

Dear Editor,

The recent election was marred by the use of social media to spread propaganda and false information. It is essential to recognize and celebrate the incredible strides made by Bill O'Reilly's campaign, but we must also remember that the election was won by Mitt Romney. The president-elect has the difficult task of uniting a divided nation and leading us towards a brighter future.

While there is much to celebrate about Romney's victory, we must not forget the lessons learned from the campaign. The race was marked by a lack of civility and respect, and we must work towards a future where these values are upheld.

Sincerely,

C.M.

What's a Jackass

The recent election may be the end of an era for Republicans. While O'Reilly's campaign has been criticized for its tactics, it has had an unfortunate side effect: it has turned some voters away from the party. The elections have been marred by the use of social media to spread propaganda and false information. It is essential to recognize and celebrate the incredible strides made by O'Reilly's campaign, but we must also remember that the election was won by Mitt Romney. The president-elect has the difficult task of uniting a divided nation and leading us towards a brighter future.

While there is much to celebrate about Romney's victory, we must not forget the lessons learned from the campaign. The race was marked by a lack of civility and respect, and we must work towards a future where these values are upheld.

Sincerely,

C.M.

**From the vault:**

Heaven Is A Hotel promising, J-pop sickness America

With a fresh blend of traditional melodic rock, progressive elements, and a touch of pop punk, Heaven Is A Hotel shows off the band's versatility and growth.

Against the backdrop of a city skyline, the band's sound is an explosion of energy, combining sharp guitar riffs with melodic vocals. Their music is a fusion of genres, with elements of punk, rock, and pop punk.

**Morris' writing reflects his memories of Idaho**

By Tasa Kraszewski

The first time Keith Morris came to the University of Idaho, nothing could go well.

"I got a 15 on my last surgery exam at UI, so it was really a bad time," said Morris. "I was really under the weather, but I did manage to complete my rotation." Despite the challenges, Morris' time at UI was memorable, especially for his experience at the Sandpoint Colonnades, where he met future bandmates and formed a solid friendship.

When it comes to writing, Morris likes to work with any type of music, but he prefers to write with a rock and roll feel.

"I guess I could name a top five or six and Keith Morris would be right there," he said.

**BlackHawk brings a bit of country to UI**

By Rene Kraszewski

The UI Ballroom was packed full of country fans, as the BlackHawk band took the stage. The band's lead singer, Ron McFarland, is a native of Idaho, and his music reflects his love for the state.

The band's setlist included hits like "Come On Over" and "The Best Of Times," as well as some of their more recent releases. The crowd was engaged throughout the performance, cheering and singing along to the band's popular songs.

**Best Seats**

By Tasa Kraszewski

Dress a few less rows north on Highway 95, cross a long grassy field, and you'll find yourself in Idaho, Wash. Around 10 miles, and you'll find yourself in Lake Pend Oreille, the largest lake in the state. With its crystal clear blue waters and expansive view of the surrounding mountains, this area is perfect for nature lovers and outdoor enthusiasts.

**Keith Lee's collection of stories**

**Morris, see Page 8**
I wasn't pretty, but it will work. I mean, it will work for the University of Idaho volleyball team. But the University of Idaho volleyball team had a chance to sweep Cal State Fullerton tonight at the Vandal Arena in Moscow. The Vandals were able to sweep Cal State Fullerton 30-23, 30-21, 30-17 to win the opening game of the season. Idaho turned in a tremendous performance against the Titans, improving Idaho's overall record to 2-1 for the season.

"It's going to be a great weekend; we have a lot of games that we want to win," said Coach Debbie Buchanan. "We need to play our best volleyball tonight and do it again and again. We think we have a chance if we play every team (harshly)." We beat Idaho State, we definitely have a chance.""}

Undermanned but game, the Vandals, the start of the opening game against Fullerton was as good as it was going to get, according to Idaho's coach. The Vandals were able to hang tight with Idaho for the rest of the night. The Vandals were able to maintain as much as a nine-point lead through the rest of the game for the season. Unfortunately, the Vandals couldn't hold onto the nine-point lead and the Titans came back. The Titans were in a good position with Idaho in the last 17 minutes. Who took a lead, if briefly, twice taking a two-point advantage. Idaho came right back with a four-point run to regain the lead and at the very last second, the Titans were three points behind Idaho. Fullerton continued to tip the ball of Vandals, trying to go up against Idaho as far as Idaho had pulled away at the end. After four sets and five lead changes, it's finally the Vandals' game. Following a two-week span where Idaho was only once in four games, the Vandals came home looking to get back on track in hopes of making a late-season run with an opportunity to return to the NCAA tournament. Whether it be for the Big West Conference or the NCAA tournament, Idaho needed to start strong immediately.

Senior Sarah Meek jumps for the ball during Wednesday's practice in Memorial Gym.

TAKING OVER, Judo style

Despite its popularity around the world, judo hasn’t exactly “taken off” in the United States. But, the Comrades are hoping to change that with the help of Meredith and Kirkland Commander, the new coaches of the Boise Judo Club. Meredith is the head coach and Eddie, who is an assistant professor of military science at Idaho State University of Idaho, is the associate coach.

“Meredith and I just moved here in July,” said Meredith. “I have been judo for 22 years. We just wanted to start a judo club in our area and get something going to expose people to judo. There are two different classes, the beginner and kids class. The club started in the beginning of September and has been going strong ever since. It has been successful, with many of its members travelling to tournaments and placing high in the standings.

“Things are going really great. We have had two tournaments and have gotten great success in such,” said Meredith. “Everyone who participated brought home first, second, or third-place finishes.”

Rudolfs from the past tournament were James Stoll, Justin Deak and James Cleven. Both third- and fourth-place winners at the tournament. According to Meredith, Green brought home second-place finishes.

“This is a great opportunity to get active and to be competitive in a good environment,” said Rudolfs. “We hold practice at night, so it is a great way to get away from homework and college stress.”

Judo is translated as the “gentle way” and is different from the application of techniques.

“The Judo Club is outstanding,” said Curt Anderson, a TE professor who works in the College of Natural Resources. “The Judo Club practices every Tuesday and Thursday night, with the beginner and children’s class starting at 6 p.m. The adult class starts at 7:30 p.m. People interested in joining can contact Meredith Commander at mrc@pacific.net.

FOOTBALL

From Page 9

game in the season, Thomas almost had the most 299 yards rushing gain by a freshman, with five, and had天然气pending 12 for run for 1,000 yards - he erased the mark in the third quarter.

His average of 173 yards per game made him in the nation and in line to pass Marshall Football’s freshman record of 172 yards.

“He’s a back of a player,” Bolt said, “I don’t think we’ve seen a player like that in the last 10 years on our team.”

But the Mean Green rushes didn’t dominate the defense in passing yards per game with 144.4 yards in 184.1 for the nation, giving them the record for the Conference USA.

The game was the biggest win in the season, but also one of his best games.

When Thomas Beazley, a running back, was asked if he realized that he had broken the record, he said, “I didn’t know I was doing that until it was over. I’ve been working hard all season to get to this point.”
