LEADER BOARD

FAMOUS TOAST TRENCH President

George B. Ayres Made Top Ten for America Bar Association.

"We must laugh and loathe, and we must love, and we must do as the gods command," the famous American bar association toast by President George B. Ayres.

A toast chairman, appointed by the president, was expected to take on the role of facilitating the meeting. Ayres' toast was widely praised for its wit and insight into the challenges faced by lawyers in their daily work.

Perhaps the most significant event of the meeting was the discussion of the role of lawyers in society. The president emphasized the importance of lawyers in upholding the rule of law and ensuring justice for all.

SPEAKERS (To be announced)

President Ayres appointed a committee to select the speakers for the meeting. The committee met several times to finalize the list of speakers.

The selection process was meticulous, with careful consideration given to each candidate's qualifications and expertise.

If you are interested in participating in this year's meeting, please contact the committee via phone or email.

MEN SCORN FALL DEBATING

Only Ten Experienced Freshmen Stars Enter Tryout for Students

President Brown Sets Fall Debate Contracts Against Jobs of Idaho

The debate team has been invited to participate in the annual fall debate tournament. The team consists of ten experienced freshmen, all trained in public speaking and debate.

The debate format is a traditional one, featuring a series of rounds where each team must present arguments and counterarguments. The debate will take place over the course of several days, with each team facing off against a different opponent.

The team's performance will be judged on their ability to articulate their arguments effectively and respond to their opponents' points. The debate will be held in the Idaho State Capitol building, and the winners will be announced at the end of the tournament.

Dr. Martin L. Anderson's annual fall debate tournament has become a highlight of the academic year, attracting participants from all over the state.

The debate is an excellent opportunity for students to develop their public speaking and critical thinking skills. It is also a chance for them to represent the university and showcase their talents to a wider audience.

The debate season will commence shortly, with the first round scheduled for next month. Students interested in participating are encouraged to sign up as soon as possible.
The UNIVERSITY OF IDAHO
MOSCOW, IDAHO

Why Go To "Idaho"

The choice of a university or college to be attended by a student should be based upon four principal requirements: 1st, a high quality institution; 2nd, a competent faculty; 3rd, a suitable environment; 4th, a student body of high ideals. The University of Idaho fully satisfies these requirements.

1. Purpose and Field
   Its purpose is to serve the people of Idaho in developing and training students; in advancing the entire State educational system of which it is a part; in preparing toward solving economic and social problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Home Economics, and similar fields; and in preparing students in residence and absent who desire to do so.

2. Faculty
   The faculty is made up of eight-three teachers of thorough training and efficiency attained by years of study and experience. They are devoted to their work and are often instructors in those fields of the State.

3. Equipment
   The campus is ample. It has a library of over 20,000 volumes, several labor workshops for teaching, literary, artistic, and social sciences, and well-equipped laboratories for the natural and applied sciences.

4. Students
   Students number about 300 and seven in the school year of 1916-17. Of its graduates, many are making the best of their opportunities. The University of Idaho is the "University of the people."
