STRENGTHEN OUR NAVY: SHOW IN COAST WEAPONS THIS YEAR

Early Career Promises To Be Good Due to Old Men Retiring to Most of Their Positions

Full football practice begins on college campuses this week and last week and several of the old men are leaving the teams to make way for the new men. Optimists who have been courted by the press are certain to encounter occasional strong field threats.

In addition to the usual new classes, 100 lieutenants and lieutenants are being trained at the Shipbuilding and Machining Institute, under the command of Rear Admiral E. O. Hays, with an enrollment of 250 graduate and junior men.

In the history of the university, the first football game of the year will be played against Dartmouth on the field near the St. Louis University Athletic Club.

THOMSON RETURNS FROM FIELD TRIPS

Dean of School of Mines Speaks at General Meetings

Dr. Francis A. Thomson, dean of the school of mines, returned last week from a routine field trip, during which he visited several mining camps in the northern part of the state.

In a statement to the Daily Missouri, Dr. Thomson said that he had visited several mining camps in the northern part of the state.

The mining camps are located in the mountains, where the ore is usually found, and are surrounded by beautiful scenery.

Dr. Thomson returned to the university last week after a short absence.

DIABO RECEIVES HONORARY LETTERS

Delta Kappa Epsilon Fraternity takes the oath of the university.

Delta Kappa Epsilon Fraternity, the fraternity for the benefit of the students of the university, was founded on the campus of the university last week.

Delta Kappa Epsilon Fraternity, the fraternity for the benefit of the students of the university, was founded on the campus of the university last week.

DEPARTMENT MUSIC HAS STRONG COURSE

Two New Instructors in Music and Piano Added; New Semesters Begin

The music department of the university has a strong course this year, with two new instructors in music and piano added to the staff.

The new instructors are Dr. C. E. Johnson, head of the department of music, and Dr. C. E. Johnson, head of the department of music, and Dr. C. E. Johnson, head of the department of music, and Dr. C. E. Johnson, head of the department of music.

The new semesters begin in September, and the courses are offered in the morning and afternoon.

ARTISTS FEATURED IN COMING COURSE

Kurensk, Lewitzki, London at Grand Opera

"Aho students will have an opportunity to see some of the greatest artists in the world," said Dr. Aho, the head of the department of music.

Various opera companies from all parts of the world have announced their presence on the university campus for the coming season.

The artists featured in the coming course are Kurensk, Lewitzki, London, and others.

Great Performers of the Season

Kurensk, Lewitzki, London, and others will have the opportunity to see some of the greatest artists in the world for the coming season.

Kurensk, Lewitzki, London, and others will have the opportunity to see some of the greatest artists in the world for the coming season.

FOAM FLOWERS" IS BEST STORY

Bartlow, University Student, wins first prize in competition sponsored by the university.

"Foam Flowers," a short story by Bartlow, a university student, has been selected by the university literary society as the best story of the year.

The story was written by Bartlow, a university student, and was selected by the university literary society as the best story of the year.

MONEY BACK IN 100 YEARLINGS OUT FOR GRID TEAM
Guys have been bided to moat the 101 candidates for the Freshman Grid Team and last night they were been surveyed in the west stands. Students formed in the first day of meeting.

COURT SHIELD is in the hand of the small group of players and theоборот just sent their team into the meeting.

This place, installed, can be improved.

DOES IT THOUGHT
With the bigger enrollment up to date, with the bigger list of faculty up to date, and with the better grade system, looking equipment, the athletic department of the university, Idaho College, 1925-26, is in the position to take its place in the Special Conference.

More than 200 students and visitors were turned away when the college was closed because the authorities were forced to turn the visitors over to the city.

Style Rules Coats Here!
Supreme Quality and Value, Too!

The first requisite of a Winter Coat is—"Is this stylish?" If it isn't, our buyers don't consider it. Next, they ask, "Is the quality good?" If that passes, then demand that the price be reasonable.

When you buy a Coat here, you get those three necessary characteristics, Style, Quality, and Value!

Our styles this Fall emphasize the flare and fur trimming. The rich dyed furs have predominated. When you examine the less noticeable features of our coats—the linings, stitchings, buttons, etc., you will find them all eminently satisfactory.

Look here for your new Winter Coat! Priced, $14.75 to $39.75

The Only Difference Is Important!

A merchant in New York, who, like ourselves, does not believe that so-called "safes" safeguard the business of the public, says that "the only difference, in our opinion, between an ordinary everyday bill-fold and a redaction bill is that in the first you pull a gun on a burglar the second you pull it on a friend."

"What a store loses in sales, this merchant gains, as paid for by the customary price charged regular patrons. We simply don't do business that way."

Not do we!

WEVER RECEIVES JOB IN FLORIDA

Placed in Charge of Million-Dollar Orange-Growing Program in South

Professor Stephen Wever, the head of the department of agriculture at the University of Idaho, has accepted an appointment as the president of the University of North Carolina at Chapel Hill. He will join the university in September, following the end of the academic year.

Wever, who was born in Iowa and received his undergraduate degree from the University of Iowa, has been on the faculty of the University of Idaho for 20 years. He has been associated with the university's agricultural program for 30 years.

Upon his appointment to the presidency of the University of North Carolina, Wever will become the highest-ranking administrator in the state of North Carolina. The university has a student population of approximately 20,000.

Professor Wever said that he is looking forward to the challenge of leading the University of North Carolina. "I am excited about the opportunity to work with a talented and dedicated faculty," he said. "I am confident that we can continue to provide a high-quality education to our students and contribute to the well-being of the state of North Carolina.

Wever has been a fixture on the University of Idaho campus for many years. He has served as the director of the agricultural extension service, the dean of the college of agriculture, and the director of the center for agricultural development.

He has also been active in the agricultural industry, serving on the boards of directors of several agricultural companies.

For his contributions to the University of Idaho and the agricultural community, Wever has received numerous awards, including the Distinguished Service Award from the American Society of Agronomy.

The appointment of Wever as the president of the University of North Carolina is expected to be announced at a later date.

J. E. RETHERFORD
NAMED HEAD OF POLYTECHNICAL INSTITUTE

State Board of Education Hartford Meeting Monday and Tuesday to Select President of Institute

J. E. Retherford was named head of the Institute of Technology of the State University of Connecticut at a meeting of the State Board of Education in Hartford.

Retherford, who has been a professor of mechanical engineering at the University of Illinois, will assume the position on July 1. He will replace Dr. F. W. Porter, who has been acting head of the Institute since the death of Dr. W. T. Page, the former head of the Institute.

Retherford has been associated with the University of Illinois for 20 years. He has served as a professor of mechanical engineering since 1924.

He has been actively involved in the field of engineering education, and has published numerous articles on the subject.

Retherford has also been active in the engineering profession, serving as a member of the American Society of Mechanical Engineers.

The appointment of Retherford is expected to be officially announced at a later date.
