Happy Easter from The Idaho Argonaut to all of our readers. The Easter Bunny will be on campus this week in a variety of places. The Bunny will be in the Student Union and the Student Center as well as in the dorms. The Bunny will be bringing Easter eggs and other treats to students. If you see the Bunny, be sure to say hello!

Nightmare Not Worth $10,400

San Francisco

A nightmare was not worth $10,400 to one man in San Francisco. He had been dreaming of winning a large lottery prize, but his dreams were shattered when he woke up to find that his噩梦 not worth $10,400.

Gertie Guillotine

Stoddard King speaks to club about columns

Stoddard King, who is current holder of the honorific degree, was the speaker at the dinner meeting of the Rotary Club Tuesday night. King is a well-known columnist and has been active in the journalism field for many years. He spoke on the subject of columns and their importance in newspapers. He also discussed the trend of columns in modern journalism and how they have evolved over time. The audience was impressed with his knowledge and insight into the subject matter.

Gartee Guillotine - The Executive Board is Right

The Executive Board said the old right is refusing to grant the petition presented at the last meeting by a group of students asking to have the names of their candidates printed on the ballots of the forthcoming A.S.U. election. The board said the petition would have been granted if it had been presented in a proper manner. The board said it is quite definite about the manner in which candidates for student body offices may get their names on the ballots, as constitutional sections make it necessary before these names can be printed on the ballot and it is obviously too late to change the student government before the next election. Article VII, section 2 of the constitution says:

"Candidates for office for the first primary or a nominating assembly to be held not less than one week nor more than three days prior to the date of the primary election. Other nominations may be made at any time within forty-eight hours previous to the primary election by the Executive Board to permit office for the first primary election by the Secretary of the Association and the nomination petition be filed in the office of the Association within twenty-four hours of the close of nominations." 

The interpretation of this rule is evident. The petitioners contend that, since the Protection has been held, they should have the right to associate with petitions by any time prior to the primary election. They are wrong.

A primary election for office must be called to allow no candidates for a single office. Since no vote was contended at the time of the nominating assembly and no petitions were presented within forty-eight hours previous to the opening of the polls for the primary, no such election may be held for that position, and the Executive Board has the right to the exclusive privilege. Any election that is to be held for office must have been called and must be held under the supervision of the Executive Board. The case of the petitioners is without merit, and it is matter of right, the board of the constitution or regulations and official actions of the Executive Board. If we desire its authority granting the petition. The Executive Board is correct in making a correction of the petition. The Executive Board has submitted the case to the courts and has the right to the exclusive privilege.

And Now The Purify League

The Argonaut report that at this time it cannot predict a successful future for the latest political machine as it is proposed by a well-known organization which has been trying to bring the party to power for several weeks. The organization, known as the Purify League, is composed of several people who have been active in the political field for many years. The Purify League was organized in order to bring about a change in the political system. It is hoped that the Purify League will be able to bring about a change in the political system.

Society

While only a few weeks more in which to participate in season social activites, affairs and other social events are rapidly multiplying. Spring parties with the arrival of warmer weather are now being planned. With the advent of Junior week, there has been something important added for almost all students. It is the famous Tea for All featuring the Boy and Men PTA. The affair will be held on Saturday, April 9th at the Plantation. Included will be many of the prominent people of the town and surrounding areas. Invitations have already been issued by the planning committee and many are expected to attend.

The annual Prom Ball, which was presented Wednesday night was a decided success, taking from the capacity crowd which attended and the appetites of all those who did not have a chance to sit down. The Prom committee had made every effort to make the evening one to remember. Mrs. Fernand Perretta, famous hostess, was at her best, as usual. The beautiful decorations were the work of the student King and Queen committee, members of the English club and their guests at the last minute. The clothes were the result of the students' efforts and gave an interesting air. Thecodile Misses, the annual student dance, was held on Friday night.

Prom Band Show is Inaugurated

The annual Prom Band Show, which was presented on Thursday night, was a decided success, taking from the capacity crowd which attended and the appetites of all those who did not have a chance to sit down. The Prom Band Show Committee, under the able guidance of the student King and Queen committee, members of the English club and their guests at the last minute. The clothes were the result of the students' efforts and gave an interesting air. Thecodile Misses, the annual student dance, was held on Friday night.

“I’ve ridden the logs in white water”  
— says Chesterfield

“I’ve ridden the logs in white water” says Chesterfield.

“If you think it is easy to pilot a bucking log through white-tipped rapids, you’ve got another think coming!”

He’s got a thing or two to say about the perils of navigating a bucking log through white-tipped rapids. His advice? “It’s not as easy as it looks!”

——— Chesterfield
