IDAHORESC SPEAKS TO IDAHO STUDENT GROUPS
C. K. McHarg Explains Importance of Pursuing University Degree

Mr. C. K. McHarg, Jr., speaker for the Idaho State Department of Education, spoke to the student body at the University of Idaho about the importance of pursuing a university degree. McHarg emphasized the value of education and the opportunities it provides. He discussed the role of the university in preparing students for their future careers and highlighted the importance of obtaining a degree to enhance employability.

FOREST EXAMINER

Hawkeye

On Duty

This week we are..."Capacitors burning if heated, danger of electric shock. Metaphors..." Muracchi, Martin, R. J. & Associates..." ...still a number of our cows..."

BERRY, IDAHO - Mr. C. K. McHarg, Jr., visited the Forest Examiner office on Friday to discuss the importance of pursuing a university degree. McHarg emphasized the value of education and the opportunities it provides. He discussed the role of the university in preparing students for their future careers and highlighted the importance of obtaining a degree to enhance employability.

FRANK STATION, RURAL

Sinca Nu House SAVED FROM FIRE

Mel Stewart Detects Flames of its Famous Owner in De Time

On a recent visit to the Sinca Nu House, Mel Stewart detected flames of its famous owner, De Time. The house, which has been a popular destination for years, was engulfed in flames, and it was only through the quick response of Mr. Stewart that the house was saved. The cause of the fire is currently under investigation.

Students Reassemble Two Train Robbers To Mark Degree

One of the outstanding happenings of the week was the reassembly of two train robbers to mark a degree. The event was held at the University of Idaho, and it was attended by many students and faculty members. The train robbers, who were well-known figures in the local community, were reunited for the first time in many years, and the occasion was celebrated with a grand reception.

LEWIS OF O. S. C. PREDICTS VICTORY

Lansky Beaver Center Finds Certain of Win in Tonight's Game

"We're going to take you on, and we're going to win," said Joe Lewis, the coach of the University of Idaho basketball team. "We've got the best team in the country, and we're going to prove it tonight." The team, led by Lewis, has been working hard throughout the season and is confident of a victory.

FROST SCRIMMAGE WITH HIGH SCHOOL

Gendall and Iverson Are Highflying High School Yardsiders

The highflying high school yardsiders, led by Gendall and Iverson, had an impressive performance at the Frost Scrimmage. The team demonstrated its skill and agility, impressing many onlookers with its aerial maneuvers. The crowd was captivated by the display of athleticism and was impressed by the team's coordination and teamwork.

The Two Years

Coach McHarg met with students from Yough Green and Gyn Bandfield, who were interested in pursuing careers in forestry. McHarg discussed the importance of obtaining a degree in forestry and the various career opportunities it offers. He encouraged the students to consider a forestry career and provided information on scholarships and programs available to help support their education.

Newsmakers

McHarg, Nr. C. K. speaker of the Idaho State Department of Education, spoke to the student body at the University of Idaho about the importance of pursuing a university degree. McHarg emphasized the value of education and the opportunities it provides. He discussed the role of the university in preparing students for their future careers and highlighted the importance of obtaining a degree to enhance employability.

NATIONAL OFFICER, LUNCHEON

George Pulleniate, vice president of the National Student Foresters Association, addressed the students at the National Officer Luncheon. Pulleniate discussed the role of the National Student Foresters Association in promoting forestry education and providing opportunities for students to network and develop leadership skills.

NEW S'S W'还可以 HAN

The new S's are: "Can't believe it's already been a year. This chapter is going to be a good one," said Mr. C. K. McHarg, Jr., who is attending the University of Idaho. "I'm looking forward to meeting new people and learning more about forestry."

PRESIDENTIAL STUDENTS PLAN FOR SHOW

The President's Students plan to host a special show for the university community. The show will feature a variety of performances and will be dedicated to the memory of President James D. Gregory. The event is scheduled for the coming weekend and will offer a unique opportunity for students to come together and celebrate the contributions of President Gregory.

WARM RAINS WASHING OUT BRIDGES, ROADS OF PALOUSE

Pullman, Colfax, Bear Brist of Thr Game Over the Week
Monday

Bridged were washed out by flooded streams, and several roads had to be closed.

WASHING UP IN WATER

What with the worst "special" rain of the winter season, there was a great deal of standing water on the roads.

The bridal season was also affected by the weather, and a number of the bridal parties had to be canceled.

"Wet Weather"

There were few people out in the streets, and the few who were were dressed in heavy clothing.

December Weather

The temperature was quite low, and the winds were strong.

Sudden and Unusual Weather

There were sudden and unusual changes in the weather during the month.

CHECKING THE WEATHER

The weather was checked each day, and the results were recorded.

December Events

December was a busy month, with many events taking place.

EVENTS OF THE MONTH

There were many events of interest during the month.

FOLLOW THE ROSE!

Football Fans Rush Gates to See Game

Two tickets in which more than 15,000 persons were crowded were given by police and were exchanged for tickets at the game.

SPEED LIMIT APPLIED

The speed limit was strictly enforced, and many tickets were issued.

SCIENCE RECOVERS TUBE OF RADUM

Professor Fred D. Adams, after searching in Alaska, recovered a tube of radium.

CHARGE THEFT OF SOMEONE'S GASOLINE

It takes permits to drive from the local dealer or to have the oil delivered. The dealer has a permit for each vehicle, and he cannot deliver oil to a customer without a permit.

Poker and Knitting Help Pass Time Away on Campus

Due to the depression and the lack of entertainment the past weekend on the campus was spent in general idleness. Many more progressive students attended the roadrace at the Blue Dog Track.

Some of the boys and girls, however, in order to pass the time spent in a more agreeable manner, attended the various events that were going on. Many of the boys were engaged in music, while many of the girls were engaged in knitting.

DEAN ELECTED VICE CHAIRMAN

MINING SPECIALISTS MEET IN SPRING MEETING

Dr. John W. Finch, dean of the School of Mines of the University of Texas, was elected chairman of the American Institute of Mining Engineers at its spring meeting in Chicago.

The institute held its spring meeting in Chicago this week, with Dr. John W. Finch, dean of the School of Mines of the University of Texas, as guest chairman. The meeting was held in the Michigan Avenue Hotel, with the institute's officers and representatives from various universities in attendance.

The highlights of the meeting included discussions on the latest developments in mining engineering, as well as presentations on the latest research in the field. The institute also announced the election of its new officers, with Dr. Finch taking the helm as chairman.

University of Texas students are advised to subscribe to the institute's journal to keep up with the latest developments in the field.

Students Examined

According to the results obtained from the March 18 test, all employees of the mining corporation failed to achieve the minimum standard of 80 percent required for employment. The test included questions on mineralogy, geology, and engineering principles.

The mining corporation has decided to re-examine all employees and to provide additional training for those who do not meet the required standards.

Idaho Lawyer Proves Ability

Most dying, here sitting, and a lawyer that can stick the needle, is a sight to behold. It is a fact that many an imposter has been exposed by a lawyer, who is quickly able to determine if the person is genuine or not.

The lawyer, a man of great integrity, has never been known to make a mistake. He is so skilled that he has never once been caught by his competitors. His ability to determine if a person is genuine or not is truly remarkable.

The lawyer's name is John W. Finch, and he is the dean of the School of Mines at the University of Texas. His skills and expertise have earned him the respect of the mining community.

The lawyer's ability to determine the truth of a person's claims is a testament to his integrity and professionalism. He is a true professional who always stands up for what is right, and his skills have earned him the respect of his colleagues.
