WINGED "I" STARS APPEAR ON CAMPUS

TRACK WORK BEGINS IN EARLY FEBRUARY AS MEN HAVE REPORTED

Coach Rademacher is Very Desirous Of Men Over 200 LBS.; Prospects Are Good

The bright outlook for the present season is indicated by the altitude of the track athletes and almo-
site the line-up. Coach Rademacher is very desirous of men over 200 lbs., to be available for track during
the season. His list of men desired is quite extensive, and those who are not satisfied with the social
branches of activity may readily make their appearance soon on the track. The first meet will be ear-
lier in the season than in previous years, being held on the track in late February. Coach Rademacher
has been looking around to attract these lads, whose shoulders will fill the duty of two or three good runners.

THE MILITARY

The Military Band was the prettiest and most well-dressed band that has appeared in many months. The
band was quite gay, and the uniforms looked exceptionally neat and clean. It was a credit to the band
officers and the band members. The Military Band exceeded the expectations of the band members and
the corps. The band performed well, and the members showed a great deal of pride in their performance.

GEE CLUB LEAVES ON EXTENDED TOUR

A SPECIAL REPORT

By W. H.P. Roberts

Yesterday the University Glee Club left for their tour of the Pacific Northwest. The tour is expected to
last for about six weeks. The Glee Club has been very successful in its recent concerts, and the general
public is anxious to hear them perform again.
