IDAHO TAKES LEAD IN CONFERENCE RACE BY DRIBBLING PULLMAN TWICE
LINDLEY TO SPEAK BEFORE NAT'L LAMB CURSOR
Speaker of State House of Representatives
Head of Spokane Circuit Court to deliver address at Lamb meeting
President Lindley recently made arrangements for the head of the State House of Representatives, Mr. F. J. C. Lamb, to address the session of the Lamb meeting in Pullman Tuesday. Dr. Lindley, president of the State House of Representatives, said that he would advertise the address next week.

For the first time in twenty years, the Lamb meeting is to be addressed by a representative of the University of Idaho. The former secretary of the University College, Mr. E. B. Lamb, was called to address the meeting of the Lamb meeting in Pullman Tuesday. Dr. Lindley, president of the University College, said that he would advertise the address next week.

Since 1914 when the military department, was installed, the annual meetings have been for the most part a matter of interest to many of the officers in the university, but the last meeting was not as successful as the previous ones.

Dean P. A. Thompson of the School of Agriculture, will speak on the development of the university, and the importance of agriculture in the state. The conference will be held in the Agricultural Hall Tuesday afternoon.

Why Go to "Idaho"

The choice of a university or college to be attended should be based upon four principal requirements: 1st, a high academic and broad field of knowledge; 2nd, a competent faculty; 3rd, a sufficiently efficient and ample equipment; 4th, a student body of high ideals. The University of Idaho fully satisfies these requirements.

1. Purpose and Field—Its purpose is to serve the people of Idaho in developing and training students in advancing the entire state educational system of which it is a part; in assisting to solve the economic and social problems.

2. Faculty—The faculty has made up of eighty-three professors, of whom eighty are professors of the University and twenty are professors of the University.

3. Equipment—Its equipment is ample. It has a library of over 40,000 volumes, excellent facilities for teaching biology,英语, and the social sciences, and it has completely equipped laboratories for the natural and applied sciences and for the technologies.

4. Students—It has a number of one thousand and nine in the school year of 1913-1914 and was eared, wide awake and democratic. A large number of them carry on their own way. It stands now among the best in all its divisions and will be the future leaders of Idaho in professions, the industrial vocations, and the building and maintenance of such institutions.

The six colleges and the central agricultural experiment station are the principal units of the university. In addition there are a few laboratories for the agricultural division and 10 agricultural extensions.
