The stage is set and everything is in its proper place. The Blue team, representing the best high school in the state are dressed and ready to face the battle, which they are eager to win. They will be faced by a team that will put up a good fight.

The following are some of the important games scheduled for this week: The Pacific High School team will face the Blue team in the quarterfinals of the state tournament. The game is scheduled for tomorrow night at 7:30 p.m. at the Pacific High School gym.

The Blue team has been practicing hard and is confident of a victory. The Pacific team, on the other hand, is determined to give their best effort. The game promises to be a exciting one and the spectators are eagerly waiting for the outcome.

The victory of the Blue team will bring them closer to the championship. The team is well prepared and has the experience to handle any challenge that comes their way. The Blue team is expected to win the game and advance to the semifinals of the tournament.

The Blue team will be playing against a tough opponent in the Pacific team. The Pacific team is known for their defense and will try to stop the Blue team from scoring. However, the Blue team has a strong offense and will be able to score some points.

The game is expected to be a close one and the spectators are eagerly waiting for the outcome. The Blue team is confident of their victory and will give their best effort to win the game.

The Blue team is in a good position to win the championship. The team has been practicing hard and is well prepared for the upcoming games. The Blue team is expected to win the championship and bring home the trophy.

MOSCOW Sandpoint, Caldwell, Aberdeen

**Why Go to Idaho**

The choice of a college or university to be attended should be based upon four principal requirements: 1. a high purpose and broad field of work; 2. a competent faculty; 3. a sufficient body of high ideals. The University of Idaho satisfies these requirements.

1. Purpose and Field—

It is purpose to serve the people of Idaho in developing and sustaining students in advancing the entire State educational system of which it is a part. To develop the health of the agricultural and economic problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Mining, and the other three departments.

2. Faculty—

The faculty is made up of eighty-three teachers of thorough training and efficiency attained by many years of study and experience. They are especially interested in the progress of each and all under their instruction. They know the State and its conditions and give their best efforts to the students in residence but also to all who desire it throughout the State.

3. Equipment—

The equipment is ample. It has a library of over 40,000 volumes. Excellent facilities for libraries, libraries, the physical sciences, and the agricultural sciences. The campus is located in the agricultural, educational, and industrial centers of the State. Biographical information and their school publications is of the greatest value. For information apply to

P. S. A. STUDY OF "PROPHET, PRIEST AND KING OF JUSUUS"
Miss Braucher Leads Weekly Evening Class; Modern Applications of Prophetic Reading

A study of the "Social Principles of Jesus" has been started at the Delta Gamma house, under the sponsorship of Miss Braucher. The class meets every Tuesday evening from 7 to 9 P.M. This is the beginning of an alphabetical series of Bible studies. For further information write to Professor Ray.

PRESIDENT LINLEY ADDRESSES Y. W. C. A.
Religious Spirit is Great Unifying Factor, Chinese University Headed

At the meeting of the Y. W. C. A., Miss Lie Linley, head of the Chinese University, spoke on the religious spirit as the great unifying factor. Miss Lie Linley, who is a native of China, has served as mission teacher in Hawaii and as representative of the National Council of Foreign Missions in the United States, has experience in teaching in China and in the United States. Miss Lie Linley has been a member of the Y. W. C. A. since its inception and has been the active leader of the organization in China. The Chinese University is one of the oldest and largest universities in China, with a student body of over 10,000.

What's on the Fertilizer Bag?
Do you manufacture your print on the fertilizer bag per cent of immediately available nitrogen (Viz., Nitrates) in it?
Many do not.
Home mixing is the safe method.
Mix your own fertilizers and know what you get.
