**DEAN WILLS FROM FRANCE**

(Continued from page one)

from Vilon, named Win Carroll? I guess she was glad to see someone from home, too. I told her about half hour on English forms and the world wars, and how the subject matter would understand very well what she said. That is my greatest difficulty of courses: they can talk to me but I don't seem to understand very well.

Tell me this: Today's "The Times-Sent," that I got of Mr. Moore, Jan. 25, and it soame 9-28, and I think of course it probably is better, too, because it teaches something I'd like to learn.

Keep on, pretty please. I am very sorry I didn't write, but I am having a very busy time. I have been working for a newspaper all winter and have been working hard. I am sure I will write again soon.

Well, I am going to keep on writing. I hope you will write back and tell me what you are doing. I am very glad to hear from you.
