The editor is responsible for making sure that every line of print is true and natural, just as though you were reading it aloud.

This week, all of work on the campus is one of the most exciting I have ever seen. Years from now your boy will look back at these days and remember them with pleasure and with pride. But, and you and I are going out today to play a game of baseball. We don't want this to make you forget that there is work to be done, but we do not want to

We had a lot of fun with our boys, we saved the best for last. The boys will be out there every day, and we will meet next week. We had a lot of fun with our boys, we saved the best for last. The boys will be out there every day, and we will meet next week.

OIdIdaho STUDENT BODY

ORDER RAEMACKER CARTEENS

Two volumes of the famous Raemacher Cartridge, carefully selected and ordered by the Library. An interesting story is connected with this famous Belgian who has "died to do" not long ago. A 1,000 cases were delivered to the Idaho National Guard by the Krabber order. Raemacher immediately assured us that he was somewhat amazed that his prius was both in the hands of the Kaiser and ordered $3,000 for his son. We are proud to know that every volume was carefully selected and ordered by the Library.

I want to tell you the story of our glorious victory over the WSU Huskies. We have known that every volume was carefully selected and ordered by the Library.

We know all of this, and we thank Dr. J. H. Hester and the editor, for their work in selecting the volumes. We want to see the story of our glorious victory over the WSU Huskies. We have known that every volume was carefully selected and ordered by the Library.

DEAN SCarlet MEETING

A meeting of the Deac SCarlet Club was held on the evening of the 4th of July. The meeting was well attended, and the officers of the club were re-elected.

LINDSEY ON HIS VISIT

President Lindsey left Tuesday evening for Portland where he delivered the principal address at the laying of the cornerstone of the new Medical School building at the University of Washington.

On the second day of his Oz he delivered the principal address at the laying of the cornerstone of the new Medical School building at the University of Washington.

Miss Mary Naylor, "I, have announced her engagement to William Moore, a junior in the Engineering School at the University of Idaho.

Miss Augusta Roselli of Pullman has been announced as a debutante at the Chi Delta Phi Club on Wednesday.

Fluctuating prices and uncer- tainty in farming and in the wearing apparel have affected the prices of farm and quality trade mark. This shop carries nationally advertised merchandise.

We give you positive assurance of full value in style, fit and service for the money you pay. Savings to the extent of 25% would be expected.

Why Go to "Idaho"

The choice of a university or college to be attended should be based upon four principal requirements: 1. a high and broad field of work; 2. a competent faculty; 3. a sufficient equipment; 4. a student body of high ideals. The University of Idaho fully satisfies these requirements:

1. Purpose and Field—

It is desirable to offer the people of Idaho in developing and training students: and it is in the interest of the entire educational system of which it is a part; in assisting toward the solution of economic and social problems; in furthering education in Agriculture, Engineering, Forestry, Mining, Home Economics, Law, and Educational matters not only to students in residence, but also to all who desire to utilize the institution.

2. Faculty—

The faculty is made up of eight experienced teachers of thorough training and efficiently trained by years of practice and experience. They are interested in the growth of the institution and are constantly looking for new methods of instruction. They are interested in the growth of the institution and are constantly looking for new methods of instruction.

3. Equipment—

The equipment is ample. It has a library of over 4,000 volumes, excellent facilities for teaching literature, philosophy, and the social sciences. It has a large and interesting instructional building and maintenance of homes.

4. Students—

The students numbered one thousand and five in the school year of 1916-1917 and were瓮wise, wide-awake, and democratic. A large number of them have gone to all parts of the country and have been successful in their professions. They are interested in the growth of the institution and are constantly looking for new methods of instruction.

The six colleges and the central agricultural experiment station are the only institution of this kind in the State. The experiment station and the cooperative work with the U.S. Bureau of Mines and the Department of Agriculture are important educational services and demonstration farms at Caldwell, Sandpoint, Moscow, and Aberdeen.

SIXTH SPELLS IASO DEFEAT

Four Hits, Two Errors and Passed Ball Enable Pullman Spartans to Cross Two Runs in Measuring Fashion

In a game featured by hard hitting and some fieldsing, Baseball College defeated the University of Idaho to the sound of 9 to 3 in the second of the spring series by the scores of 11 to 6. Idaho started on the mound for the Vandals but was replaced by Walden late in the game. Idaho scored for four hits and four runs in the first two innings. With pitching air-tight ball, the Vandals were unable to make until the fifth when they slugged one over on a double by Walden and an error by Bluestone.

The sixth inning was the interesting inning, when a triple, four singles, four errors, a passed ball and a pitching error by Idaho, sent nine runners across the plate of W. S. C. runs. This contributed Pullman’s winning for during the remainder of the inning they were unable to hit Idaho.

First and seventh Idaho.

Monte was without the services of Starter Jimmy Allen, who was unable to break into the game because of his sprained ankle. Largent, who took his place, alloys his game in Idaho, when he permitted, two others and scored one run.
