UNIVERSITY ARGONAUT, MOSCOW, TUESDAY, MAY 7, 1918

The editor is responsible for all matters thus marked and editorialized, appearing in this paper.

It is getting more and more diffi-
cult to explain that Idaho has a football
team but such is the fact. Thompson feels
that, since they have been beaten four times
so far, they still must be in the class.

Manske comes from Idaho State College
with a little rousing of a few
weary and willing. The
coaches, those rather busy little
dudes, will keep it all
to themselves and they are
not at all interested in what
we are or at least as
students so long as Idaho has
field a football game. If the
student body doesn't want a
wrestling team, or something
unsurprisingly well for
the football team to win. If
the student body doesn't
want to win or say so. Come over here and back
Ad Apache and let's talk each other.

What would a football game
look like with a few odds along the
side and a little roughness.
The fellows rarely would work
hard, really, and Idaho's team
would have a lot rather all on home and loot, they
would think their welfare to uphold the
state's honor. Yet this is
Idaho's spirit. That famous fighting
spirit. "Idaho football" is a sort of
the old, Idaho's fighting spirit is dead.

So let's all get out Thursday and
watch Idaho win. But don't
worry because by winning from
Messrs.
A. BASEBALL PANT.

Why Go to Idaho?

The choice of a university or college to be attended should be based upon four principal considerations: 1. a high purpose and broad field of work; 2. a standard program, not too large, with adequate equipment; 3. a student body of high ideals; 4. the University of Idaho fulfills these requirements.

Purpose and Field —

Its purpose is to serve the people of Idaho in developing and training students in the advanced state educational system of which it is a part; in assisting toward the solution of economic and social problems; in furnishing expert knowledge in Agriculture, Mining, Home Economics, Law, and Educational matters not only to Idaho, but to the nation and to all who desire it throughout the State.

2. Faculty —

The faculty is made up of eighty-three teachers of thorough training and efficiency and of the best graduates from the universities and colleges.

3. Equipment —

It is well equipped. It has a library of over 40,000 volumes. It has a large photographic laboratory and a microscope and electronic photometrical equipment. It has a school of agricultural extension and 10 agricultural extension agents.

4. Students —

It has students numbered one thousand and nine in the school year of 1917-1918, with 150 in the graduate and professional schools. A large number of us have earned our own way. Our alumni are excellent in their work and are well known among the business and professional ranks.
