Moscow and Wallace win the decisive semi-final contest this afternoon for the championship of the state basketball tournament. The City of Moscow-Blackfoot battle, the game of the tournament, was a thrilling contest for both individuals and teams, with the final score of 42-31. Nelson is clever and accurate, but Wallace is the equal of the best in the tournament. He is a fine team man in both offense and defense. B. Storven of Blackfoot, Gunnison of Lewiston, E. Belknap of Sugar City and Brownson of Wallace were all men that could lead any team.

KEENE AND GONZALEZ FOR GUARDS.

Guards of manifesting class and excellent athletic form in numerous contests this year, Keene of Moscow and Gonzalez of Wallace shine more the less the rest. Keene was undoubtedly the best ball player in the tournament, and because he played a big role in his high school career he played a very important role in the semi-final game against Keene's team. But Gonzalez is an athletic to whom we owe much. Other guards who have shown remarkable ability are Sipper, Belknap and Keene.

MOSCOW'S FULL COURT PRESS.

MOSCOW (31)-COEUR D'ALENE (28)

A. Moscow won by a margin of three, the score being 31-28. Moscow's defense was the key to their victory. In the second half, Moscow's defense was perfect. This is the first time in the tournament that Moscow has played a full court press and it was instrumental in their victory.

AIR-TIGHT SECOND HALF.

The game opened with a robust, full-steam-ahead from both teams, but as the game progressed, the pace slowed down. Both teams were able to get inside their respective halves and began battling for control of the floor. The ball was fed to Keene from Wallace, and the game was on. Keene's defense was key in Moscow's win. In the second half, Moscow's defense was tighter than ever, with Keene and Gonzalez playing a solid defense. This led to Moscow's victory.

WALLACE-BIG SUGAR CITY (23) 13 Sugar City, for the second time, followed last Sunday's game, between Wallace and Big Sugar City. The game was played in front of a packed house, and both teams gave it their all. Wallace took the lead early and never looked back. Keene's defense was key, and the game ended with Wallace winning by a final score of 13-23.

FLYING W 

FIGHTS TO CHAMPIONSHIP

BEATS WALLACE IN FINALS 52-16

MINSO NO MATCH FOR LOCAL LADS, WHO WALK AWAY WITH FINAL FEATURE WORK OF CHAMPIONS—EVERY MAN STARS.

Playing a superb brand of basketball, the Moscow team completely outdistanced Wallace in the final game of the state tournament, winning 52-16. The wall-of-defense of the Moscow guards, and the passing and shooting of their offensive majors of culture never seen before in this Idaho tourney.

Tonight's results indicate that Moscow has shamed the state with a first-rate sugar. Wallace scored from front of base, teams, Smith and Nelson in center and Wallace, Nelson long with long bomb, hit a shot to grab the score from the opposing team. Moscow has wiped out all of its offense. Wallace was the only one on the floor who was able to score.

Wallace starts out with hand on the ball. Wallace goes for the shot, hitting it, and the ball is back to Wallac, who scores on his second shot. Wallace up for the rebound. Wallace is the only man on the floor who can score from the front of base.

The Idaho spirit

Idaho has once more shown her ability to withstand any invasions from various parts of the state. They are fighting in six, as have all the others which are on our campus, we know the spirit of these six is only a sample of the vital public of a university life throughout the state.

Idaho through the years of university.

It has existed from the beginning of Idaho and is not to be looked at as a part, but as the whole, the entire University of Idaho as we know her.

The spirit of Idaho is all that is left of our university.

We have fought the fighting vandals with Idaho pride and have no more to be said with our "Idaho spirit". We hope that Idaho will always remain an all-sports team, carrying along with it all the games, determining, fearless, and going forward to achieve our goals.

The University of Oregon basketball team is the only team to play against Idaho, the Vandals are the ones who have shown us that we can be successful and have no more to be said with our "Idaho spirit".

Oregon is the same team that has shown us that we can be successful and have no more to be said with our "Idaho spirit".

The game was against the University of Washington and in the game, the Vandals played well and won the game.

The Idaho spirit is one of the greatest of our university.

The Idaho spirit is one of the greatest of our university.

The Idaho spirit is one of the greatest of our university.

The Idaho spirit is one of the greatest of our university.

The Idaho spirit is one of the greatest of our university.
NORTHWEST CHAMPIONS FOR TWO YEARS

"Flax" Lindsey, Guard. Captain—Elect.
Captains—Electric.
Inability of Idaho defense for two
seasons. His ability to set in the
short hand of the forward started
on Idaho plays. One year to go

"Vile" Beal, Guard.
Played his last game under Idaho
cooks this season. Shifted from cen-
ter to guard. He wore the floor well and kept
the opposing forwards to baskets.

"Bar" Max, Forward.
Last year's captain and best Idaho
foot slot on the team. Repeated with
s normal this year, and got 214 out of
his two throws. Always there in the
score, and has two years to go.

"Spudly" Hunter, Forward.
Always the Idaho's shooting leader in
the season. Never deserted the front line
in the season. Always in the game.
Two seasons to play.

"Skiel" Campbell, Captain—44th Captain.
All-Northwest. Captain—last season
and invaluable leader of the Vandals
the season. Dear Idaho, had been a
dangerous Mr. Under the bas]
season in relatively as clockwise.
Two seasons to play.

THE STORY OF THE 1918-1919 BASKETBALL SEASON

The year 1918-1919 was the last season of the Idaho basketball team. The Vandals were led by the great guard "Flax" Lindsey, who was also the captain-elect. The team faced many challenges, including the uncertainty of the war and the draft, which affected many of the players. Despite these challenges, the Vandals managed to compete and even win some games.

The Vandals were known for their strong defense, and "Flax" Lindsey was a key player on the team. He was the captain-elect for the following season, and his leadership was crucial in keeping the team together.

The season started with a game against Whitman, who had been the dominant team in the conference. The Vandals won the game, but it was not easy. They had to work hard to prevent the opposing team from scoring.

The Vandals continued to play well throughout the season, with "Flax" Lindsey leading the way. He was a great scorer and a great leader, and his presence on the court was felt by all.

The Vandals were not the only team in the conference. Other teams, such as the University of Oregon, also had strong teams. The Vandals had to compete against these teams to establish their place in the conference.

The Vandals ended the season with a strong performance against Whitman. They won the game, and it was a sweet victory for the team. The Vandals were on top of their game, and they were ready to challenge the other teams in the conference.

In the end, the Vandals were the champions of the 1918-1919 season. They had worked hard for it, and their hard work paid off. They were the champions, and they had proved that they were the best team in the conference.
THE UNIVERSITY of IDAHO

Established in Eighteen Hundred and Eighty-nine.

Sandpoint, Caldwell, Aberdeen, Felt

Why Go to "Idaho"

The choice of a university or college to be attended should be based upon four principal requirements: 1st, a high purpose and broad field of work; 2d, a competent faculty; 3d, a sufficient equipment; 4th, a student body of high ideals. The University of Idaho fully satisfies these requirements.

1. Purpose and Field—

Its purpose is to serve the people of Idaho in developing and training students in advancing the entire State educational system of which it is a part; in assisting toward the solution of economic and social problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Mining, Home Economics, Law, and Educational matters not only to students in residence but also to all who desire it throughout the State.

2. Faculty—

The faculty is made up of eighty-three teachers of thorough training and efficiency attained by years of study and experience. They are deeply interested in the progress of each and all under their instruction. They know the State and its conditions and give their best efforts to its development.

3. Equipment—

Its equipment is ample. It has a library of over 40,000 volumes, excellent facilities for teaching literature, philosophy, and the social sciences, and well-provided laboratories for the natural and applied sciences and for the technologies.

4. Students—

Its students are earnest, wide-awake, and democratic. A large number of them earn their own way. Its alumni now occupy high positions and will be the future leaders of Idaho in professions, the industrial vocations, and in the building and maintenance of homes.

The six colleges, the central agricultural experiment station and the sub-station of the U. S. Bureau of Mines are located at Moscow; the main agricultural extension office is Boise, and the agricultural sub-stations and demonstration farms at Caldwell, Sandpoint, Moscow, Aberdeen and Felt.
