All Out for the Athlete. The annual ball to be held at the "Gym" Saturday night is expected to be the biggest financial success of the year according to the committee in charge.

The ball is being decorated in athletic style, and there will be presents for "1st, 2nd, and 3rd." The guests for the night will be Mrs. Evenson and Mr. Evans, and the Sigma Chi chapter, of which Mr. Evans is president, will supply the band for the evening.

The Victorian theme of the ball is the idea of the house committee, which is busily engaged in preparing the decorations.

No doubt this will be the most successful ball of the season, as the Sigma Chi chapter is known for its ability to raise money.

NO BASEBALL "F"S AWARDED THIS YEAR
Athletic Club Refuses Insignia Because of Insufficient Num-
ber of Members.

No baseball "F"s will be issued this year because of the small number of members of the football club, and according to the constitution of the athletic board Tuesday evening.

Work on the varsity baseball team will count, however, toward the record of the student body which is awarded only after three years of work on the varsity team. Only 15 innings of baseball are played this year by the varsity team, and 27 are required by the A. B. E. L. I. K. rules for a letter. The action of the board is similar to that previously taken regarding football "F"s for neither the football or baseball teams have been awarded as normal.

Boyle Carmelini was retained as student manager of athletics, the position which he has held for the last year.

Plans for the athletic ball tomorrow night were also discussed at the meeting Tuesday evening.

FACULTY ORGANIZES "THE WRANGLERS"
Lestated Latest Addition to Idaho Club List to Promote Pull-Plows for College Use.

"The Wranglers," a faculty men's organization, has recently made its appearance. It is composed of 75 faculty members, in the words of "Chief Wrangler" A. E. Brodie, and its purpose is to keep in touch with the members of the faculty and to discuss common interest and general cultural values.

The club meets every two weeks and is sponsored by students. Only those members who are acquainted with all students and are in charge of an institution are eligible for membership.

Questions: There is a faculty organization at Washington State College and it has been suggested that the members of the two organizations be held at regular luncheon.
