PUBLIC OPINION—INSIDE AND OUT

The student body of any university seems always to crystallize distinctly and directly thereon the danger of baring the institution throughout the state and often to the entire public. If student opinion is supposed the faculty and administration should go under careful consideration of their rulings, made independent of that viewpoint, but not assure neutrality amongst the undergraduates.

In the dual capacity of University news organ, distributed all over the state, and as a body of opinion, the Argonaut perhaps feels the apparent conflict most keenly. If the Argonaut is to print and publish the views of its editor in it is “dry.” If it publishes it is “youthful.”

We believe the problem has a solution. At least, opinion may be exchanged between the faculty and the students much more freely and safely if a false premise that exists in the minds of both factions can be abolished. Students are fundamentally and necessarily base much of their criticism upon the supposition that the faculty is “looking down” on them. The faculty is essentially hostile to work and discipline. In fact, all that the faculty is here to give is professional advice. But, it is in both minds, whether conscious or unconscious, that the faculty and students are working for cross purposes. It is wrong. Both are equally loyal to the University, both are fighting for a Greater Idaho. They differ only in method. That is at the same time the result and cause of a failure to discuss their common interests.

The Argonaut is primarily a publication for the expression of undergraduate opinion. It offers service only because the students’ greatest interest is in the University as a whole. Open exchange of opinion is the best protection against intellectual degeneration. The students should be direct and uncompromising in presenting their views. But they should remember that, in reality, there are no differing factions, that we are all students. The students instinctively recognize this. Therefore only criticism which is of distinct aid in furthering that common cause of all, will be preserved.

Constructive criticism, no matter how radical or how blunt, will accomplish much more than would the same time as the line outside public knows that the students are attempting to boost Idaho to a higher level, and are thinking about how to do it.

Our SECURITY of LIBERTY is LAW.

(By A. Van Dorn)

The period of history in which we are now passing in the United States as well as most of the civilized world is the darkest in our nation's history because there is a trend—on the part of uneducated men generally, and of the public mind generally—on the part of such an extent that we should respect liberty, teach and lead.

We cannot escape from this world. We cannot close our eyes to the world safe for our democracy by the most zealous and sternest support of law which make of the law a dead thing. Let us do our best to keep the law so strong and so many of the rights of others destroyed.

Our DENOMINATIONS and religious and educational institutions.

Idaho will be

IDaho's March to Speak at New Forces. Enos M. Bellwill hold its first "Walkers' Union of New Forces" meeting at Idaho on Mondays.

Why Go to "Idaho"

The choice of a university or college to attend should be based upon four principal requirements: 1st, a high purpose and broad field of work; 2nd, a competent faculty; 3rd, a sufficient equipment; 4th, a student body high of the University. Idaho fully satisfies these requirements.

1. Purpose and Field—

Its purpose is to serve the people of Idaho in developing and training students; in advancing the entire State educational system of which it is a part; in furthering the solution of economic and social problems; in furnishing expert knowledge in Agriculture, Engineering, Forestry, Mining, Home Economics, Law, and educational matters not only to students in residence but also to all who desire it throughout the State.

2. Faculty—

The faculty is made up of eighty-three teachers of thorough training and efficiency attained by years of study and experience. They are deeply interested in the progress of each and all under their instruction. They know the State and its conditions and give their efforts to its development. In addition there are more than seventy employees in the agricultural extension division and fifteen agricultural county agents.

3. Equipment—

Its equipment is ample. It has a library of over 40,000 volumes, excellent lecture rooms, and offices, and well provided laboratories for the natural and applied sciences and for technical instruction.

4. Students—

Our students are earnest, wide-awake, and democratic. A large number of them carry their own expenses. An alumna now occupy high positions and will be the future leaders of Idaho in the industrial, commercial, and in the building and maintenance of homes.

The university's Agricultural experimental station and the sub-station of the U.S. Bureau of Mines are located at Moscow: the main agricultural extension office is Boise, and the agricultural sub-stations and demonstration farms at Caldwell, Sandpoint, Moscow, Aberdeen, and Felt.

GIRLS' TENNIS NEARLY FINALS

Only seven contestants remain in 1913 tournament. Interest is keen.

Only seven contestants remain after the second round of the girls' tennis singles was played. The interest increased as the end of the tournament draws near.

Two sets were played last week, one for the Bryan cup and the other for the David cup. The second round was finished yesterday and the final four will be played today. Several good players have developed among the girls and the winners cannot be predicted.

The results for the second round were:

Hayes Cup—Eliza Voss defeated Bella Bagdon, 6-6, 6-1.

Georgetown defeated Jeannette Sheldon, 6-3, 6-1.

Flora Stallings forfeited to Margaret Byrnes.

David Cup—Eliza Voss defeated Gertrude Smith, 6-6, 6-0.

Margaret Byrnes defeated Lilian White, 6-5, 6-0.

Jeannette Sheldon defeated Lily March, 6-3, 6-2.

There being only 11 contestants each met the last winner on the list for each cup could not enter the second round. They were Sydna Pochon for the Hayes cup and Thora Jackson for the David cup who forfeited the third game to Jeannette Sheldon. This leaves Jeannie Sheldon one of the finalists for the David cup.

The others remaining to be seen when Eliza Voss and Margaret Byrnes meet next week.

Hayes' Drawings. (For the Hayes cup the opponents are: Eliza Voss versus Gertrude Smith, Margaret Byrnes versus Sydna Pochon.) Applications Still Open

The Commandant is still receiving applications for the B.O.T.C. camp at Presidio. It is believed that the number will increase to quite an extent before the time to leave for the camp.

GLEE CLUB SINGS TO LEWISTON CROWD

No Other Trips to be Made Because of Shortness of Time.

The University Glee Club made a trip to Lewiston, Monday, May 26th, where a concert given in the high school auditorium in the evening was well received to a large audience. The program presented was practically the same as that given at the University Auditorium. Mr. J. W. Hays was unable to accompany the Glee Club on account of his participation in the English Club play given the same night.

Members of the club were taken to Lewiston Monday afternoon, for the first and brought back Tuesday morning. Other trips, which were planned, will not be made because of the shortness of the college year.

S. J. Cheaney Speaks at Albion.

Mr. S. J. Cheaney spoke on "American Heritage" at a memorial service held in honor of the returned war veterans at Albion, Wash., last Sunday. About fifty soldiers in uniform were present.
