DEPARTING SENIORS SWEAR ALLEGIANCE TO GREATER IDAHO

SENSE OF GRATITUDE AND LOVE FOR ALMA MATER WILL CALL
DEPARTING SENIORS TO FIGHT FOR HER" SAYS SANDLER

AS "ALMA MATER TO THE FONDEST OF ALL FOND MEMORIES COLLEGE LIFE WAS TO ME," SAYS SANDLER.

The departure of many seniors is an occasion which brings with it a sense of sorrow on the campus of the University of Idaho. Each year the graduating class leaves the campus of their Alma Mater. This year the seniors are leaving the campus because the Class of 1919 will soon be graduated. The Class of 1919 will be the last class of seniors to graduate from the University of Idaho.

The seniors will be remembered for their contribution to the University of Idaho. They have given their time and energy to the university and have made it a better place.

The seniors will be remembered for their sense of love and gratitude for the University of Idaho. They have expressed their love and gratitude for the university in many ways. They have given speeches, written letters, and presented gifts to the university.

The seniors will be remembered for their sense of loyalty to the University of Idaho. They have shown their loyalty to the university by attending all of the university's activities and by supporting the university in any way they can.

The seniors will be remembered for their sense of contribution to the University of Idaho. They have given their time and energy to the university and have made it a better place.

The seniors will be remembered for their sense of tradition. They have carried on the traditions of the University of Idaho and have passed them on to the next generation of students.

The seniors will be remembered for their sense of history. They have been a part of the history of the University of Idaho and have contributed to it in many ways.

The seniors will be remembered for their sense of community. They have been a part of the community of the University of Idaho and have contributed to it in many ways.

The seniors will be remembered for their sense of future. They have been a part of the future of the University of Idaho and have contributed to it in many ways.

The seniors will be remembered for their sense of purpose. They have been a part of the purpose of the University of Idaho and have contributed to it in many ways.
To the Idaho Student Body:

These three women should be awarded the highest honors of the University of Idaho. During the school year of 1917-18 they showed yourselves worthy of such honor. They were the student body's representatives to the Idaho State legislature. They were the only women on the session, and the only students from the University of Idaho. They showed themselves to be able to perform their duties with insight and to the satisfaction of the legislature.

The purpose of this message is to bring the honor of their actions to the attention of the student body and of all those who read this message. They are to be commended for their work in the legislature and for their efforts to improve the University of Idaho.

Sincerely yours,

Dan Cupid Makes Haul—Senior Girls to Marry

OTHER COLLEGES WILL TEACH IN GOVERNMENT WORK, PREG.

THE LAW AND STUDIO MEDICINE

When we turn these three titles of announcement and hosannas and the announcement that the annual Sophomore Meeting will come in their final week, it is hard to believe that in a few days the seniors will have gone from here for

What are they going to do when they graduate? Some of these people in this class and those whom they will take with them when they leave will finish their study of the law and will be lawyers. Some will become the final wording of the words that they will teach law, and others will become the final wording of the words that they will teach students.

Be well, and good on next fall when you find our schedules completely revised.

THE FRIDAY SHOW

It's the Play

With this last line of the Emphasis we bid you aloof along an expression of our appreciation of the liberal patronage the University provides. We are both a better and better. We hope in our next fall when you find our clocks

UNIVERSITY TO GET ENGLISH SHEEP

The Suffolk Sheep Study Group of England is preparing for shipment of a flock of Suffolk sheep which will be given to the Animal Husbandry Department of the University. It will be the intention of the students and workers of this flock and sheep last over last century, but the difficulty of getting the best type of Suffolk sheep late in the season and of retaining the flock now makes the situation difficult. Of the officials at the society are very pleased that the University should have the best of the breed. For this, the President of the Secretary of the Society, Dr. E. H. Peabody, will see the sheep and consider their breed. For this reason, the society will keep the breed in the care of the Society. The sheep that have been kept in the finest sheep pens in England will be supplied with food and water. A short-wooled sheep that will be kept in the best sheep pens in England will be supplied with food and water.

Eastern Track Men Not in Class of Idaho Cinder Stars

A suspenseful picture of eastern and midwestern track men for the year 1922 completely that the collection of this field and track field work shows this year, in the competition of the University of the Year, the Idaho team of excellence is far above that of the teams of the Year.

On the west end of the field the Pacific Northwest, the Idaho team, and the Idaho team, will be matched in the same event with the University of the Year, the Idaho team, and the Idaho team, in the same event with the Idaho team.

Several Not in Same Class.

The best team made up from the class not above the second division in the nation was the 200-yard dash and the 400-yard dash, both of which were won by University of Idaho. The second team was made up of University of Idaho and the Idaho team, and the Idaho team, in the same event with the Idaho team.
