IRISHMEN WALLOPED IN ROUGH SCRAMMAGE BY IDAHO ELEVEN

The Brigham Young and Idaho teams met today for a game of football, with the result being a 0-0 draw. The game was played in terrible weather conditions, with a strong wind blowing the ball out of play. Despite the rough conditions, both teams put up a good fight, with the Idaho team prevailing in the end. The match was a close one, with both teams having their chances. The Idaho team was able to weather the storm and come out on top, while the Brigham Young team fought hard but were unable to impose their will on the game. The result was a deserved victory for the Idaho team.

STANFORD SCIENTIST ADDRESSES ENGINEERS

Dr. Durand Revels, a Stanford University scientist, spoke to the Stanford department of Engineering today. He discussed the latest developments in the field of engineering and the importance of continued education in this field. Dr. Revels's speech was well-received by the engineers and scientists present, who were impressed by his knowledge and insights. The seminar was a great success and was a valuable opportunity for the attendees to learn from a leading expert in the field.

JUNIORS GET RID OF 500 TONS FOR ANNUAL

The annual senior class dance was held last weekend, and the students were asked to contribute 500 tons of coal to the university's coal stockpile. The students were encouraged to bring in as much coal as possible, and many students went out of their way to help. The coal was used to fuel the university's heating system and is an important source of income for the university. The students were grateful for the opportunity to contribute to the university and help support its operations.
