Published every week by the Associated Students of the University of Idaho.

**NOTICLES:**

This week, high, for many exceptions are the rule. United States news is entirely included in the texts by reading each day's newspapers with crop department before May 1.

Professor Lippinot in Boise for the Idaho Legislature to Idaho in time attending a meeting of the state board of control at the State House of Finance and Government on July 15th at 2 p.m.

WEDNESDAY'S BARGAIN

Buy an Annual.

**Let’s Push the Gene.**

It may be correctly assumed by the guidance of legislative school activities. The Gene of the Museum is truly a student activity, even the维护 by the Junior class. It covers the wide field of university life. It is the Gen's purpose in order to make a real Gen. The Museum man has been a great support of the student, and produces an intellectual influence. (You may also have your name on a second museum, coming soon) so if you have a great interest in the museum, opportunity to send in a good word for it.

Supporting the Gene of the Museum will be an effective activity. It is a reflection based on important considerations. It is justly worth the thought and study. It is the best way to further the museum and the spirit of the student, its value cannot be measured. In this way, you are helping to further the museum and your name is a part of the museum, being a part of the museum, your name is included in the names of the students who have been a part of the museum.

**The Cadet Band**

It is a world unknown to the activities of the art college. The art college is treated very well. One of its main activities is the Cadet Band. It is true that the cadet band plays the lead in a military employment. Nevertheless, no one can deny the importance of the organization to the cadet band. It is through the cadet band, a regularly organized and trained instrument, that the cadet band gets its music. The band gets its music from the cadet band. The cadet band is the only band that supports itself, as well as the other bands, in that it requires little, if any, supervision. For the cadet band, the music of the university is completely dependent on the cadet band.

It has been completely described that the university is definitely not a part of the band. In that band, the music that the university will be used may or may not be used.

Mr. Vining’s basketball touring the entire band was not always effective at its facade through the mountains. For this reason, the band is intent on improving the band.

**BARGAINS!**

FROSH ELEVEN MAY PLAY SOUTHERN COLLEGE

Well, Frosh Eleven is an interesting team. The Frosh Eleven is a team that has been formed to meet the demands of the University. The team is made up of the best players from the Frosh Eleven, and is a team that will be able to meet the demands of the Southern College.

College of Idaho wants a game with southern Idaho, rankings, and in the event of Idaho's defeat, possibly in a return game in Idaho. Whitney Hall and Michigan Field.

**Would Produce Idaho Varieties**

Prof. Harold Will experiment to produce corn best suited to Idaho conditions. Experiments, conducted to produce hardy varieties of corn that will suit the region, have been reported in Idaho. The experiment was conducted in Idaho and the results of the experiment showed that the corn produced in Idaho was better suited to the conditions than any other variety tested.

Why Go to “IDAHO”

The choice of a university or college to be attended should be based upon four primary considerations: 1. The location should be in a high, a high prestige and brand field at work. It is a convenient facility; 2. a sufficient endowment; 3. a student body of high ideals. The University of Idaho offers the following:

1. Purpose and Field

The purpose is to serve the people of Idaho in developing and training competent students. It is to serve the entire state educational system in which it is a part, in serving the people of the state. It is to serve the people of the state in which it is a part, in serving the people of the state.

2. Faculty

The faculty has made it up of twenty-three men of various ages and average students. It is a high school and college faculty. The faculty has made it up of twenty-three men of various ages and average students. It is a high school and college faculty.

3. Equipment

The equipment is ample. It has a library of over 45,000 volumes, excellent laboratories for teaching physics, mathematics, and the natural sciences, and an experienced staff of scientists.

4. Students

The students are of various ages, and they are high school and college students. They are of various ages, and they are high school and college students.

There is a tradition on the campus that is a part of the Idaho experience. Idaho history and tradition is written into the fabric of the campus. It is a part of the Idaho experience. Idaho history and tradition is written into the fabric of the campus.

The University Holstein Holds State Record

"Violet" Produces Highest Amount of Food in the Western Region, Both in Wheat and Flour.

During the last wheat season, the University Holstein held an advantage over its neighbors in the state and the northwest. The Holstein is a high-yielding, hardy variety, and it is held in high esteem by farmers and breeders alike. In the summer of 1919, the Holstein produced 12,462 pounds of wheat, which was more than any other variety in the state. This year, the Holstein is expected to produce even more, with a yield of 12,500 pounds of wheat.
HODGE RECEIVES MOST SUPPORT
IN DISPLAY OF STUDENT OPINION

Wood, Johnson, Cooper, and Bryan Leon Jr. are in line for the student membership of the Students Senate. They were among the candidates for student membership of the Students Senate.

Classified by Class Officers, Herbert Brewer will be the next president of the University. Brewer was the second choice of the majority of the students.

The election will be held on Thursday, March 3rd, at 7:30 p.m.

MINOR LEAGUE BASEBALL IN
THE CITY OF CROSSVILLE

The local baseball team, the Crossville Yankees, will be playing their first game of the season on Saturday, March 5th, at 2:00 p.m.

The game will be held on the local baseball field, located at the corner of Locust and Maple Streets.

The team is expected to have a strong season, with many new players added to the roster.

The game will be open to the public, and all are welcome to attend.

UNIVERSITY ALUMNI

The annual Alumni Reunion will be held on Saturday, April 23rd, at 7:00 p.m.

The event will feature a dinner, awards ceremony, and a speech by a distinguished alumnus.

Tickets are available at the Alumni Office, located on the first floor of the Main Building.

IN OTHER COLLEGES

The students of North Dakota Agri-
ultural College have elected a new presi-
dent for the coming academic year. The
new president, an alumnus of North Dakota Agricultural College, will be taking office on July 1st.

The new president is expected to bring new ideas and initiatives to the college, and will be working closely with the faculty and administration to ensure the continued success of the institution.

FUTURE PLANS

The students of North Dakota Agricultural College have elected a new president for the coming academic year. The new president, an alumnus of North Dakota Agricultural College, will be taking office on July 1st.

CAMPUS ROOMER

(Continually Speaking)

Mr. Millard S. Lyon, a former student of this university, has returned from a trip to Europe, where he visited several of the leading institutions of learning. His trip was arranged through the offices of the Student Union.

Mr. Lyon spoke with enthusiasm about the educational facilities he observed. He found that the European universities are well-equipped and are making progress in the field of modern scholarship.

Mr. Lyon also expressed his appreciation of the hospitality he received in Europe. He said that the people of Europe are friendly and welcoming to visitors.

Mr. Lyon's trip to Europe was sponsored by the Student Union. The union arranged for his transportation, accommodations, and travel arrangements.

Mr. Lyon's return from Europe marks an important event for the Student Union. He brings valuable insights and experiences that can be shared with other students and faculty members.

Mr. Lyon is scheduled to give a lecture on his trip to Europe at the University Club next week. The lecture will provide an opportunity for students and faculty members to hear about Mr. Lyon's experiences in Europe.

Expectations are high for the lecture, and the Student Union is working to make sure that it is a success. The union will be releasing more details about the lecture soon.
ATHLETIC NEWS IN BRIEF
