The University Argonaut

VOLUME VIII
MOSCOW, IDAHO, MONDAY, NOVEMBER 13, 1905

NUMBER 7

W. S. C.'S TEAM IS WORSTED BY IDAHO'S ELEVEN

The Fiercest Game Ever Played in the Northwest Occurred Last Friday When the Two Neighboring Institutions Met on the Gridiron—for the First Fifteen Minutes of Play the Game Was in Doubt, but After That the Excellent Team Work of Idaho's Light Eleven Swept the Heavy Farmers from Their Feet.

IDAHO GAVE W. S. C. CRUSHING DEFEAT FOR THIRD SUCCESSIVE TIME

Spectators from All Parts of the Inland Empire Came to Moscow to See the Contest—The Most Enthusiasm Ever Displayed on the Home Grounds—Fully Thirty-Five Hundred Witnessed the Idaho Team Chase the Washington State College Eleven Home to the Merry Tune of 5 to 0.

"Well, I guess that is poor." The same score in the old way. For the third successive time and for the fourth time out of five games this season the team of the Washington State College went down to defeat before the defenders of the Silver and Gold. Another peculiarity was the score. That same old score which has made Idaho fans happy twice before again gladdened the hearts of the Idaho supporters.

For nothing tells the number of the registered points but does not begin to tell the game that was played at Moscow last Friday. Nor is it indicative of the relative strength of the two teams. Twenty to nothing would about measure the abilities of the Idaho team as compared with that of W. S. C. Three times during the second half Idaho was within striking distance on the goal line and three times was the ball carried because of misfortune rather than opposition of the Idaho side.

The game was without doubt the fiercest game of football ever seen in the Inland Empire. Upon it hinged the championship of three states—Montana, Washington and Idaho. Two of the strongest teams in the Northwest met to battle for that championship. They had come to win or to let the other team know that it had as yet been at a football game. Washington had defeated Whitman; Idaho had defeated Washington; Idaho had defeated Montana Agricultural College; Washington State College had defeated the University of Montana. This game alone was left to decide the all-perplexing question of the inter-state championship of the three states. Because of the nearness of the two institutions there has naturally grown up an intense rivalry between the students of the College and the University of Idaho. But because of the importance of the game at this time the intensity of the rivalry was increased manifold. Supporters on both sides turned out to the game to lend assistance to their respective teams. Many came as far as eighty hundred miles for the sole purpose of witnessing the contest. During the past two weeks everyone had been preparing for the "doings" and it was certain that it would be a game of a life-time.

Both teams had been training for almost two months and had the benefit of previous games to brush up their weak points. The teams thenceforth practiced their respective colleges were unquestionably the best teams either had ever put into the field.

The visiting team had been back from Oregon trip about two weeks and had thoroughly recuperated from the injuries it had received on that trip. All the weak spots were strengthened and every play which would tend toward victory was added and perfected. The State College team was in the pink of condition. The Idaho team was not quite as fortunate physically. Some had not yet fully recovered from the injuries received in the Washington game of the previous Saturday, others were just recovering from illness. But in other ways the team was in perfect shape for the fray. The Silver and Gold had its sharpest line in the line-up to advance her reputation to the inter-state line of the year.

Back of each team were the entire student body of the institution which gave the particular team represented, the many alumni who had returned for the game and the football enthusiasts of the respective towns. W. S. C. brought two special trains filled with about a thousand supporters. The day was ideal.

Everything was favorable for the game. Both time and the elements were on the side of the Idaho team. Before one o'clock the crowds had already started to gather at the ball field, and by the time that the teams entered the field there were about thirty-five hundred people on the ground. Such an assemblage had never been gathered at an Idaho playground to witness a football game. An hour and a half the ticket sellers and the gate keepers were almost "swamped" by the rush.

At 2:30 the teams got out for a few minutes signal practice. From the newly erected bleachers which were constructed especially

Bosile, Idaho,
President McKee,
State University,
Moscow, Idaho,
Please considerate the University team for me on their great victory. May they never lose.

F. R. GODDING, Gov.

The game was played in ideal weather for a football game.

The ball was sent some ten yards back of the Idaho goal line. The line-up for the occasion rang out the calls and the running of the confounding enthusiasts. W. S. C. towers were forced to get closer together and consequently were able to do the more effective rooting. But even the rooting was the best ever heard on the home grounds.

Idaho chose the East goal and W. S. C. kicked to Idaho. Big game was on and everybody held his breath while the first few plays were being made, so great was the anxiety. Idaho made two attempts at yardage but were forced to punt. For a time the visitors played snappy ball and made some good gains but soon the superiority of the Idaho team was apparent.

Washington State College player, W. S. C., was forced to punt in to the fifteen yard line to punt. Hardy's punting was better than that of Small, but it was the only point in the game in which W. S. C. surpassed Idaho. This was due to the excellence of the Idaho backs and the swiftness of the Idaho tacklers. As usual Idaho won because of her superior team work and generalship. Her individual players were superior in those of her rival. But the work which made the victory, as it almost always the case, was the team work.

Whenever there was a play in motion there was a part for each to perform and every one performed his part. When a man carried the ball he had support from every player. It was this terrific onslaught of three or four carrying men and a halfback that W. S. C. was unable to resist.

It certainly was a great game, and it also was a well-driven team game. At almost every play time had to be taken off for some of the players. To play the two halves of thirty-five minutes each required about two and one-half hours. But great grit was shown throughout the game and few men were out. Near the close of the game Sapp was replaced by Morgan for W. S. C. and for Idaho, Middlebrooke went out by being struck on the head. Thomas was struck above the eye and ran out and went out of the game. Small took Middlebrooke's place and Keys and Full Thomas was replaced by Magee.

For W. S. C. the best men were Jones, Nixon, Thayer and Hardy. Nineteen played a good game at quarter. Idaho's men could not be changed into games above another. Every man did his whole duty and every

AEDCH.
The third milestone in the race for the championship of the three states, Montana, Washington, and Idaho, and the victors have been declared. The victors in the last contest with W. S. C. gave Idaho the claim to the championship of the three states. Whitman tided Whitman; W. S. C. defeated Montana; Idaho defeated Washington. W. S. C. and Montana Agricultural College, Whitman is yet to be played. Washington and Montana hold the title of championship.

Consequently if comparative scores signify anything, Idaho should have college spirit. Whitman, and thus have undisputed claim to the title of championship.

To win the Whitman game, not as an individual game, not as a game at all, but as a team game, Idaho made a good showing against Washington and her team has been incorruptible since that game. Former games considered we should beat Whitman, but Whitman has not been made up for it. There have been ten unexpected results. Thus far, in our feeble attempt to score against Idaho, we have scored, and at the same time not permitted her to score.

The meeting between the W. S. C. and Whitman will give the time to get into shape. The Idaho students must be allowed to do so. If we let the team know we are weak, then we are all the harder. We are weak, and if we do not get over confident there is no reason why we should have a "Clean Sweep" in football.

Too much praise can not be given our team for the work of last Friday. Their stand, their defense, their passing, their running, their all-round effort. Indeed, the team did his whole duty all the time. As individual players no one can be mentioned above the others. As a team they worked like a clock, worked together, worked for victory for Idaho and for Idaho.

Throughout the entire game spirit and determination were shown as it has been at any contest by the boys. Some were almost worn out by the game, others bruised and battered in the fray, still they followed orders, never asking to make the third straight victory for Idaho this year, and the third consecutive victory over W. S. C.

Though we "feel ing all over in the mud," we are not complaining, but are happy and content. The boys are ad

Farewell Address

Captain Christian Addresses the Students for the Last Time Before Going to the Pacific.

The football enthusiasm of Wednesday has been noticed else where. The speaker was Captain Christian, who delivered his farewell address before leaving for the Philippines. He was eloquent, and he said in part: "It is both a pleasure and a sorrow to appear before you this morning. While our lines of vision appear to diverge, they should almost daily converge.

The last two words which I wish to leave with you are: Loyalty and Liberty.

This page was in every play. The ground gainer was Larson. Captain Middleton, as usual, played a remarkable game of football. He handled the ball several times and was down to all observers to have a fine game, but back toward the end of the game, he returned the ball to the victory perchon Idaho's banner.

Smaller played a good game at full and when Mid went over the center of a veteran, a hard game. But he was a wonder, tall, slim and light but he makes the pickin go.

Snow at center played his usual game. Though thirty pounds lighter than his opponent he put it all over the W. S. O. place. He has a faculty for getting through the line and causing the quarter to fumble. The ordinary man, who is able to take his place, is a large measure for W. S. O.'s fumbling.

Keye's, to times., to gain. Again through Larson.ment size dis went of he arson. two but the ball. Chen Larse through was for 15. Keye's 6.5 for BY: played his his hit of ball, was returned for 8.5. Smith made 24. Smith went around end for 2. S. went through for 4. Armstrong gained 2. Larson went through tackle again for 5. Smith went through for 2. S. went through for 5. Larson took around end for 6. Small made 2. Again he went for a gain of 4 then through for 6. Armstrong went through right tackle for 4. Rogers went through right end for the only touch down of the day. Idaho failed to convert.

Sapp, 85 Roosevelt.

10. of a word of pride is due the officials who served at the game. They were perfectly fair 'n their calling. Their attitude, which was of the proper one, was to have a game of rough, unfair and unprofessional. The men should be sought to officials at a game.

First Half.

Ihodgo got the choice and took the East again 24. Larson went around for 2. Small made a straight back for 2. Armstrong gained 2. made 44 and Larson went around end for 4. Small went through for 1. Armstrong gained 2. For 2. Rogers gained 2. Small went through for 4. Rogers gained 2. Homemade, the Idaho's 20 yard line. Small received and returned the ball 15 end for 10 yards. Here Small punt but the ball was returned 10 yards through for 1. Armstrong gained 2. For 4. Smith tried left tackle for 2. Rogers got around right end and failed. Small punt for 15 yards to Jones who ran it in.

Here W. S. O. showed what she could do with the ball. Thayer went around for 3. Hardy gained 2. S. fumbled and Idaho was penalized for off side. Hardy made 8 and 5 yards. Second, S. fumbled and Larson fell on the ball. Idaho's ball on her 44 yard. Smith, gained 5. Small went for 1. Rogers gained 4. Larson came from the left and failed to gain. Small punt 35 yards to Jones who ran it in 18.

Though much lighter than his adversary, W. S. O. always got him through the line and caused the quarter to fumble. Larson gave Thayer all he wanted before he was through with the game of foot- ball that day. He was a steady, sure ground gainer and he alone carried the ball almost as far as W. S. O. went.

Thomas and Oakes played with the same lightness that had characterized their playing. W. S. O. soon learned the impossibility of making end run of them. Several times these two ended broke through and carried their man. Magee also played a good game but he was in such a short time that he had little chance to distinguish himself.

Keyes played a hard game while he was at full and he made some good gains. To him belongs the honor of having the most yards for the ball for the longest run that Idaho made.

Keyes and Smith executed some stunts at the two half yards which were revealed to be a bluff. Larson would likely make the line in a manner that would make the supporters of Idaho go to their bellies. Armstrong twisted through the line for good gains every time he carried the ball.

Idaho's best play was the game tackle back. Thayer and Smith worked together through for yardage. The half back straight through made at least a hundred yards distance. "Ted" carrying the ball, and tackle back were good passes but they were made only a few times.

The total yardage of W. S. O. was counted to 186 yards. The dis-
Winter Suits and Overcoats

Small patterns and styles, not of them. For the particular years, man the double-breasted; three-button sash, with its broad, long lapel, is in the lead. In Black Tissue, a line of sashes from $15.00 to $20.00. See how the collar hangs the neck, how finely those broad shoulders sit— they show what tailoring does.

We have State-Block's and Adler's "Champions" made of woollen, wool tested, in every conceivable style pattern— from $15.00 to $30.00, or more.

We sell Henderson-Arnett's "Champions"— The Best Made.

David & Ely Company

Snow-covered fields and slushy roads don't keep women indoors. They are out to see what looks new and fine in the way of shoes and hats. Women who haven't been out for a few weeks. Why not encourage them? Give them a change and let them have a look around. We have a number of new things coming in.

The latest turn is the "dress" hat. The "dress" hat is one that is made up in the style of a bonnet but is not worn in the bonnet manner. It is made to look like a picture hat but is not. It is made to be worn in the manner of a hat. It is a hat that is worn in the winter time. It is a hat that is worn in the rain. It is a hat that is worn in the snow. It is a hat that is worn in the sun. It is a hat that is worn in the fall. It is a hat that is worn in the spring. It is a hat that is worn in the summer. It is a hat that is worn in the winter. It is a hat that is worn in the fall. It is a hat that is worn in the spring. It is a hat that is worn in the summer.
John Aud came down from Wardner to see the big contest. "Granny" Korns was among the visitors at the game Friday.

Geo. Davidson came up from Kendrick, Friday, to see Idaho tie a can to W. S. O.

Lute Steenhen's family has arrived and will move into the Christmas residence.

Anbry Lawrence, formerly a student at the University, has a good position in the Moscow post office.

Mr. Buggs, of Lewiston, came up Friday to visit the University and incidentally to witness the game.

Regent McDermott spent some days last week conferring with Professor Jones about plans for the new mining laboratory.

Miss Francis McDermott, of Wallace, spent the first part of the week visiting Maud McKinley and Kathleen Magee at Ridenbaugh. Mr. and Mrs. Magee came.

The bonhorn made a big hit at the game Friday. It could be distinctly heard above all noise and was kept continually going by Stewart Campbell.

Quite a delegation of old Idaho students came down from Spokane, Friday. The party included Dr. Loren Eastman who used to play a tach on the violin. In this team.

Floyd Angel came from Haliy, a distance of eight hundred miles, for the sole purpose of supporting his Alma Mater. We were all glad to see "Tach" and commended this kind of loyalty.

All of the officers and non-commissioned officers and retired officers and ladies attended the farewell banquet given by the Elks in honor of Captain and Mrs. Christiansen, at their hall, Friday evening.

Wallace furnished their share of the rosters Friday. The party included Mr. and Mrs. Jay Reeves, Mamie Turner, Louis Haas, George Snow, William Gibb, Sidree Reeves, Edgar Hunter, and Miss Harve.

At a Sophomore meeting on Wednesday, the class elected L. W. Nye football manager and J. E. Bowers was appointed to meet a committee of the Freshman and make all arrangements for the annual Sophomore dance.

Mr. H. O. Hill, northwest student secretary of the Y. M. C. A., addressed a large crowd of students in the Y. M. C. A. rest room, Saturday night. The literary societies made special arrangements so that their members could attend the meeting.

Mr. Hill's subject was the cost of leadership.

At the Welstarian meeting a week ago the society chose the affirmative of the Inter-society question, "Resolved, that it is the best interests of civilization that the identity of the Chinese Empire be maintained," It was decided to dispense with a toast and Holman,

Mudgett and Smith were chosen to represent the society in the coming debate. This is the same team that was to have taken part in the third debate of last year's series.

With the new building and the opportunities it will offer to the students, Idaho cannot but maintain, and even exceed, her former excellent record in the training of mining students.

The plans and specifications for the Metallurgical Building will not be completed until about January. Suggestions are being asked from all of the best authorities in the country with view to making the plans more perfect. When the plans are finally approved and adopted, Idaho expects to have the most perfect metallurgical laboratory in the country. This building is expected to be ready for occupancy upon the resumption of work next fall.

Both of these buildings are to be located on the hill back of the President's residence. This is an imposing site and will give the two buildings a view of the entire surrounding district.

ENGLISH CLUB.

Dr. Moore and Miss Sonna Are Active in the Organizing and Both Give Speeches to the Members.

In Tuesday afternoon the English Department organized an English Club. Professor Moore addressed the meeting on the purpose and plan of the society, and Miss Sonna outlined in detail the method by which it would be run. This was followed by short talks by the students present.

The purpose of the club is primarily social. The meetings will be held every fortnight in the evening, literary and dramatic programs alternating.

In the evening the club will offer reports on new books, new plays, new poems, or, perhaps, some distinguished speaker will be invited to address the meeting on a literary topic. On the nights for amateur—theatrical—the committee in charge will present some play or a group of scenes dramatized from a novel.

The Club will be run by means of committees. Twelve, have been appointed, and these will in turn be responsible for the success of the evening assigned to them.

Samuel Dickinson received the sad news of the accidental death of his father in Wisconsin last Monday. It seems that the elderly Mr. Dickinson was hunting and had stopped to clean his rifle. The ejetor became out of order and a cartridge was accidently thrown into the lampar and exploded. The sad news reached the son, who is a member of the Junior class, Monday, and he took the first train eastward. The sympathy of his many friends is extended to him in this hour of trial.
