DANS VS. W. S. C. (Terminating next A.G.C.)
4-0, the Pullman mortars have some grounds for the confidence they show in their chances. Several of the members are known to the University athletics, notably Captains Custer, Huyler, Denny, Nissen, and Nelsen. These players are the standby of the Stahl College supporters and their individual marks in golden letters of the past prove them worthy opponents.

“There are, however, new men on the W. S. C. squad who will be heard from before the season closes. Among their names are Hurdle, Burdick, Dickman, Beck, Oake,京城克和Bryan and Fancher. They are in the struggle for first base honors for the first time as ‘Vandy men; all are speedy, hungry players and understanding the game of baseball.

“The line-up of the game will not be definitely known until Friday night, but it is certain that Goldworthy and Miner will defend and position, ’Bull’ Miller, ‘Babe’ Yarbrough, ‘Babe;’ Hartman, and Halm guard, and Stewart center field. On the back of our collection is Nissen and Beck and Oake and McCreary at quarter.”

SUBSIDY QUESTION CHOSEN
U. W. WILL recommend It for the Triangular Series
The Pacific Wave of last week contained the following account of the chances of the Triangular League:

“The first choice was given the shipping colts question, still arbitrary income tax second, and the relative democracy of the English and American constituencies third.”

It further states that “Oregon has sent a request to the other two colts hoping that they agree not to use ‘reading’ charts, and confine themselves to ‘political’ charts. This Washington agrees to do.”

Sophomores
Saturday, September 26, about 7:45, the Sophomores started from the University Book Store on their hayride and picnic. Two start delays caused the pleasure-seekers to visit Idaho Rest, at the foot of Mount Shasta, where they made merry around a huge bonfire.

After enjoying the bountiful food prepared by the Sophomores girls, they gathered around Lieutenant Shasta, their horse, and sat at their tail wagging, and at a late hour started home, tired and happy, after one of the most enjoyable evenings of their lives.

About twenty-five cents were out. Prof. and Mrs. R. F. Adkison were the cheeseheads.
