Triangular Meet

When the fastest relay of the North-West was finished last Satuday at Pullman, then ended the first Annual Triangular Meet. The meet was between Whitman College, The University of Idaho, and Washington College.

The University and Idaho College. W. S. C. won that relay and barely clinched the meet already won.

The weather was superb for the meet. It was one of those hot, dusty days that Coach Van Der Deen used to love. It was a day for records. The track was in excellent condition, with the single exception of a portion of the sidewalk.

Horticultural Report

Dr. Aldrich of the Biological Department of Idaho State College gives the following interesting information.

The State Board of Horticultural Inspector has just issued its Fifth Annual Report, under the editorship of Prof. Albert of the University of Idaho. The report is a book well chosen and is of exceptional interest to students and growers.

The Board consists of:

Dr. H. P. Onstott, President, Boise.

Prof. J. H. Truax, Secretary, Moscow.

Prof. J. H. Shouse, Idaho State Horticultural Inspector.

The Board consists of:

The Board's articles are written by members of the staff and others, and are the result of a rapid survey of Idaho climate, altitude, irrigation, the raising and packing of different fruits, processing and distribution of the goods, and the world market.

PREP FRATERNITY
At last a prep frat has been organized, either by six or seven members. We see no good that could come from such a society. We believe on the contrary that much injury may be inflicted by it. There is already a prep fraternity in the preparatory department. And if there is no need for it we believe that the best interests of the students demand its abolition before it is too late. There are numerous examples of high school and colleges have been almost ruined by the organization of such societies. The standard of the girls of high schools has been lowered—and disorder—the result of dilution, has separated the student body. A high school student does not, as a rule, know the fundamental principles on which a fraternity stands. They fail to see that it is too mutual helpfulness and not to have a number of students join hands merely for a minority in political affairs. All students must be disciplined. This is especially true of school students. It is probably the first year or so in college. Fratricide is a sure precursor to any college and preparatory-debates as well as the inter-state constitutional contest between Oregon, Washington, and Idaho should be merged into a special department. Then and only then can we give our attention to the constitution and the hand of the important topics. They are already of such magnitude as to demand the serious attention of a special instructor in the college and preparatory-debates as well as the inter-state constitutional contest between Oregon, Washington, and Idaho should be merged into a special department. Then and only then can we give our attention to the constitution and we should not, therefore, be allowed to get its partisan clothes on the women and unappreciative students.

DEPARTMENT OF DEBATE AND ORATORY
One of the most urgent needs of the University the coming year will be a department of debate and oratory. We lack such a department. Our debating societies have, with our sister institutions of the northwest are becoming of more and more importance. They are already of such magnitude as to demand the serious attention of a special instructor in the college and preparatory-debates as well as the inter-state constitutional contest between Oregon, Washington, and Idaho should be merged into a special department. Then and only then can we give our attention to the constitution and the hand of the important topics. They are already of such magnitude as to demand the serious attention of a special instructor in the college and preparatory-debates as well as the inter-state constitutional contest between Oregon, Washington, and Idaho should be merged into a special department. Then and only then can we give our attention to the constitution and we should not, therefore, be allowed to get its partisan clothes on the women and unappreciative students.

TRIANGULAR MEET (continued from front page)

(Continued from first page)

good meet was not in the tradition to finish hard. Armstrong won third in the low hurdles which was won by Smith in 7.8.

Hunting, Williams, and Drinkell showed up well for the first reason. Davis in the low hurdles ran a good race and finished third.

As a general rule our mainfinished better than surprises. The meet was interesting and ever exciting.

The Relay

The relay closed the meet. Small, Wheeler, Mathews, and Edmondson entered for Idaho and got up a beautiful exhibition of running and passed the other teams until the finish was crowded. Edmondson made a hard drive for the finish, but Thomsen and Cox had too much of a lead to start with. It was just a short time after the finish, 440 and Edmondson repaired the injured player by his speed and endurance.

The Results

If you pick the winners in this meet and pit them against any middle western college, the champions of the Idaho Empire would make a good contest in every event. Phillips of Washington was the great winner of the meet with 14 points. Edmondson of Idaho took 10 points. Fraser took 6. Smith and Lawrence tied with 5 points each.

It was a good contest and the thinking between the colleges was one of harmonious, friendly rivalry.

The events, winners, and records are as follows:

100 yd. dash—Cox (W. O.) Myers (1.) Wheeler (L.) time 10 sec.

110 yd. hurdles—Thomsen (W. O.) Duck- er (W. C.) Hanes (W. O.) distance 119.6 ft.

280 yd. run—Edmondson (1.) Mo- lowy (W. O.) Shanks (W. C.) times 3 min. 5.1 sec.

Mile Run—Wheeler (W. O.) John- son (W. S.) Matthews (1.) 1 time 4 min. 52 sec.

Hamm—Halm (W. C.) Dir- kins (W. C.) Thomas (W. O.) dis- tance 119.6 ft.

High Jump—Smith (1) Phillips- (W. C.) Cox (W. C.) height 8 ft. 4 in.

440 yd. run—Edmondson (1.) Thomsen (W. O.) Cox (W. C.) time 1 min. 25.5 sec.

Relay—W. O. Cox, Id., time 45.9 sec.

Edmondson—once

Officials

Starter—Kenedy, Spokane.

Referee—Bailey, Spokane.

Track Judges—Kinnabill, Pernell, Percost.

Field Judges—Carver, Idaho, Robert, Hunter.

Judges of Finish—S. Goit, Clark, Watt.

Time—Coach Bender, Coach Geary, Clerk of Course—Colonel Supp.

NOMINATIONS MADE (Continued from page 3)

To win the necessary five points which are at present required to win the "Varsity" letter.

Copies of the new song book were distributed, and some singing closed the assembly.

Women's Club

Quite a little activity has been noticed about the tennis courts for the past few days. The membership list is still open. Those who are present are required to win the "Varsity" letter.

Copies of the new song book were distributed, and some singing closed the assembly.
