Whitman and Idaho Will Each Spring Some Surprises on the State College

The second triangular track meet between Whitman College, Washington State College and the University of Idaho will take place on the State College field during May 10th. This is the second meet between the respective institutions and will undoubtedly be the best contest of the season.

Judging from the records of the practice meets Whitman has the best chance to secure first place, although Idaho and the Missionaries will surprise in several events. Sporting editors have predicted that Whitman will make a strong bid for first honors in the meet this year against the University of Washington. The outside world knows little of Idaho'sStencil' especially though other regents, Crooks, Club Price, and hurdles will be there.

The mandate was also expected to see the fresh-snapwaip had the Philippians at his mercy and pitched a fair game. He was in poor physical condition and his bombardment came just after he had scored the first run of the game. Appleman redeemed himself by bagging two aacker and a single and was responsible for two of Idaho's runs.

The feature of the game was the batting of Curtis. In the third with Appleman on second he drove the ball over the right field fence and leaped counter around the circuit. Curtis also secured two singles and accepted thirteen chances at first without a skip.

For the State College Wheller, Jones and Trippletie were the heavy hitters, each pounding out two safe ones. Jones with the bat was miscellaneous in the field being chalked with three errors. Shorty Thompson was also off color but he did get away from them.

Both teams played a poor game in the field due to the lack of practice during the past weeks.

WASH. STATE: COLLEGE WINS

Takes First of Baseball Series

In Exciting Contest

Variety Infield Superiors-Visitors Bunch Hits in the Third Inning

The college baseball season opened last Saturday and resulted in the proverbial defeat of Idaho by the W. S. C. 8 to 0.

The game was a mixture of the good and bad, thrilling plays following true errors of omission and commission with surprising regularity.

The game was lost for the simple reason the Visitors landed on Appleman's delivery in the third and drove in five runs after two were out. Outside of this one inning the fresh-snapwaip had the Philippians at his mercy and pitched a fair game. He was in poor physical condition and his bombardment came just after he had scored the first run of the game. Appleman redeemed himself by bagging two aacker and a single and was responsible for two of Idaho's runs.

The feature of the game was the batting of Curtis. In the third with Appleman on second he drove the ball over the right field fence and leaped counter around the circuit. Curtis also secured two singles and accepted thirteen chances at first without a skip.

Both teams played a poor game in the field due to the lack of practice during the past weeks.

The Variety Infield was two to pieces by the absence of Case, the last heavy hitting shortstop, who is on crutches having seriously twisted his knee. Case will be out of the game at least two weeks yet. Slack was switched to short and Seepont played third. "Dutch" had two errors on terrific grounders in the first but after that it settled down and played a better game.

Idaho's next game comes on May 9 with the University of Washington as the opponents.

MORE ENTHUSIAST than has been
shown since the football season closed
will be in demand next Saturday when
Idaho's track team enters the triangular
meet at Pullman to try to wrest laurels
from the. Cal. M. A. and the Illini. Through
out the basketball season there has
not been much enthusiasm at athletic
activities in the university, but there
is need of some stimulus to college
spirit. The students should take
three-cornered athletic struggle. If the
A. S. U. I. officers will set to work
with the students and interest can be
get up for Friday night or some other
suitable date. Such a rally is the thing
which will make the clubs
render the student body real
service. Why not all the
students either on the campus some
pleasant evening this week and re-
fer the.ember college spirit by
some singing under the leadership
of the glee clubs, speeches by students
familiar with the team situation, and
the usual yells?

AN ARRANGEMENT of the
American student as opposed to his French
contemporary was recently made by a
University of Chicago professor in an
address before a body of Chicago stu-
dents. The most provoking character of
his remarks makes them worthy to be
reprinted here. "Do you consider that
you college men have any ideas of
your own on politics?" he asked. "What
do you do on the campus since

Reverie

Whereas, it has pleased God, in His Providence to remove from our midst the mother of Frank Cooper, a fellow student of ours to the University.

For the resolution that, we, the students of the Preparatory Department of the University of Idaho, extend to the bereaved family our heartfelt sympathy, and be it further resolved, that a copy of these resolutions be published in the University Argonaut, and a copy be sent to the family of the deceased.

Otto A. Conner, Carol M. Byrnes, Robb E. Safford, Committee.

Write Paper on Flies

The American Entomological Society has recently published in its transactions a paper under the joint authorship of Prof. J. M. Aldrich and E. S. Byrnes entitled "The Dipineros Family Helomysidae." The article comprises 34 pages of text and two plates. The insects treated of are flies, of which several kinds are found in the shady woods of the Moscow Mountains, while others are rather commonly on windows in the university buildings. The entire family is a small one, comprising genera and about 40 species in North America of which two genera and eight species are described as new to science in this paper; the remainder are redescribed.

Mr. Darling spent considerable time on the preparation of this paper in his senior year, but did not have time to complete it, so the remainder of the work was done by Professor Aldrich.

Certificate for High School Grad.

The University has recently had several of its high school pupils admitted to the University.

The University of Idaho, established and maintained by the Commonwealth of Idaho in the faith that a genuine education is the birthright of every American citizen, hereby certifies, through its president, that having been graduated from the high school and having obtained the required state examinations, will be exempt from examination in these subjects thereunto entering the University and is granted free tuition throughout the collegiate course in the University. In witness whereof, the seal of the University and the signature of the president are hereunto affixed.

The certificates are well printed on heavy bond paper, in red and black ink.

Robert St. Clair, '09, went to Butte, Mont., last week for the pspoee of taking a civil service examination for the state and thereupon entered the University and is granted free tuition throughout the collegiate course in the University. In witness whereof, the seal of the University and the signature of the president are hereunto affixed.

The certificates are well printed on heavy bond paper, in red and black ink.

Intercollegiate News

The angel of Father Biedl to grant the Intercollegiate Scholastic Students a holiday in honor of St. Phineas was the occasion for a general student meeting in June. While the new constitution will not change the policy of the organization, it will be a great improvement in the methods of government and management. The students understandingly declare their intention of keeping Whitman a non-sectarian institution by selecting another college.

At the University of California the students have one day the school year set aside for their exclusive use. This day is given up to students of all kinds. In the afternoon the organization in school has some Stuart, Farnsworth, etc., and societies of all sorts take a part. The different performances are arranged so as to form a connected whole. A parade is started at the University which marches over the town like a real Bremen and Batley production.

The Fair of Co-Ed's is a name of a new play produced recently by a company of sixty Purdue men at the Grand Opera House of La Fayette. The play is a musical comedy, written especially for the Purdue students by George Ade, the noted playwright in the drama. The production was enthusiastically received by a large audience.

Mr. Sage spoke of the distinctions which the ordinary Italian makes between a scholar and a gentleman, and their love of simplicity and their sensibilities which one experiences on returning to America. This, he said, was the best part of the trip.

Comments Temperance Movements at Pullman and Moscow, Aided by the College Students

The Pullman College Pioneer in its latest issue, has the following to say editorially regarding the movement which recently culminated in freeing Pullman from saloons and the campaign at present being waged in Moscow: "W. S. C. students have given the matter their full support. The freshets and veterans of all the agricultural departments have taken action and approved. It is largely due to the work of the W. S. C. students that Pullman has lately 'gone dry.'" Moscow now feels that she must follow suit, for the sake of the University of Idaho. Students, young people of the town, and older citizens, have cooperated to tell the city council that they are tired of the saloons. In our self-righteousness as a "Christian College" we must not forget to sit up and take notice of such things."
