WASHINGTON BEST IN MUD

Students Labor on New Athletic Field Next Monday

Clarence Edmondson, Idaho's premier distance man, won the eight hundred meter and received second place in the three-mile run outs last Saturday. Edmondson beat Glanner, the Olympic Athletic Club's man, who ran 5:35 for the mile. In 400 meter the southerners entered a host of crack dates and boxed him so that the best he could do was second. Glanner won the race. The 400 meter 5.6 yards short of one mile. It was run in 1:15. The 400 was won in the slow time of 5:11.

By winning Saturday Edmondson becomes a member of the western team in Tri-City games for the Olympic team. Winners of first and second place go to Chicago, but after the track season of 1924-25, the 800, since this is considered his best race.

A novelty in the way of musical programs will be rendered on May 21. This will be given by four sophomore girls. Miss Sadie Stockton will give her graduation recital on Wednesday evening, May 27.

Donald St. Whitehead, '07, of Boise, is visiting university friends for a few days.

State College Finds Fault With Triangular System of Track Meet

The May 5 issue of the Washington State College Bulletin contains a surprising account of the triangular track meet of May 2. The State College paper is disillusioned with the triangular meet idea as it worked out at Pullman week before last. It is regretted that in dual meets W. S. C. could have defeated either Whitman or Idaho.

Taking the preliminary by W. S. C. and Whitman and leaving Idaho out of the calculation, the "Emergents" could have defeated the "Cougars" in all dual meets.

The May 3 issue of the Washington State College Bulletin also contains a report of an impressive meeting between Willamette and Whitman, which the Emergents would have defeated the Missionaries by a score of 64 to 58.

The writing of the meet is headed: "Stars of Whitman and Idaho Work Together and Prevent: Washington State Winning big meet." Part of the article reads: "Johnson for W. S. C. could easily have opened up and taken the lead first in the 880 run, so far as Washington was concerned, but Edmondson of Idaho hit it that lead. He came first in this event in the not very remarkable time of 2:01.4-5; and this makes the W. S. C. track contingent that Thorne, the "Old Faithful," had been there to record his best.

"The contest opened with a dual of track stars, a fot as cool as a day in May. Edmondson of Idaho took the lead and kept it. He defeated Edmondson of W. S. C. by a few inches in the 880 event and the meet was won by him by out, 39 to 33."

"Where Idaho was not present to stop the W. S. C. athletes from winning over Whitman, Whitman protected the former. Idaho's sprinters were not in it when the 220-yard dash was run, but McMillan and Hineline had to accept second place. Early in the meet it became evident that Steve Edmondson was weak Whitman was strong, and where Whitman would have lost to W. S. C., Idaho could win. So the local athletes were boxed in a manner so aggressive that at times it was almost funny."

JUNIOR MUSICAL COMEDY

English Club in Benefit Performance for '09 "Glee of the Mountains"

The English Club is preparing to present a play, "The Right Idea," on Wednesday, May 20, at the open house in the new music room. The play is a musical comedy in two acts written by Constance Henderson, '09; and is given for the benefit of the junior annual. There are several full choruses as follows: T Annas,木hackers, Senior, Return to College, and Cadet. "The Right Idea," written by Donald St. Whitehead, '07, is leading the choruses and Robert St. Clair, '09, business man of the School, is looking after the financial end.

As a result of a successful operation on his foot which was suffering from a threatened case of blood poisoning, "A. C. Hunter of the University track squad, is able to resume training for the meet."

Another reason for withdrawing was the

no competitive interest manifested.

A State University Credit

Whitman College has recently sent
out to presidents of many universities
throughout the country a set of ques-
tions designed to throw light on the advisability of a movement to multiply
the scope and efficiency of Whitman's
work. It is the intention of its president,
who sent out the questions to get the
opinions of interested persons about the
Northwest and launch a campaign
$2,000,000 endowment for the
Walls State University.

This problem of higher education in the
Northwest will hope for Whitman's success, as the small college of this type
place one of the Northwest's private institutions in a position of sufficient
financial stability to justify much better than at present its proper

The ball games which were to have
been taken by the team this week
was called off on account of not being able
to make satisfactory arrangements.

The team was disappointed after its
month of planning, but will take its
place on the next team that comes to
Moscow.

The boys are in fierce battle and are
playing excellent ball. The line-
up has been materially changed. Sneed
has been sent to third, Sherr
placed at second, and Sterrett at short.
This combination seems much stronger.
Shack's throwing arm is "better for
second while "Dutch" does not get so ex-
cluded in the short field. Fritz seems
who will be home on some old place while
Curtis couldn't play enough if he wanted to.
Curt's knee is not as straight as it was
with his return to the game team will
be stronger than at any time this season.

A. S. U. I. Election

The date for the annual election of A. S. U.
officers and debate council members
has been changed from Friday to Sunday.

The change is made on
account of the difficulty that would be
experienced in getting out a full vote
Friday, while most of the students will
be busy at the athletic field on
student labor day activities.

The first lecture of the year will be
the nomination of officers for the A. S. U.
for the year 1909-10.

W. W. COCHRAN, P.O., selected manager of the Club Boarding House.

The Whiting reunion were shipped from the bindery in Spokane Tuesday of this week.

Prof. E. M. Hulme delivered the commencement address at the Kellogg High School graduating exercises last Friday.

Prof. Elledge returned Thursday evening from a tour of the secondary schools of this and Nez Percé counties. The principal schools visited were Genoa, Lewiston Normal and Lewiston High School.

Prof. Philip Soules was in Pullman on Saturday, May 2, as judge in the musical contest between Whitman, W. S. C. and O. A. The winter contest was won by Miss A. C. of the "Call of Nature." Committees have been appointed for the annual ball which is to be given June 5 or 6. The chairmen are as follows: Miss R. V. Young, refreshments; Peter Byden and C. R. Burton, decorations; P. Elloe, patronesses, E. B. Dodge.

The '09 annual is expected from the bindery this week. Both as to general appearance and contents it surpasses anything that has yet been published at this institution. The jokes and cartoons are all original and well selected. The other departments also show that the editors have been determined to give to the students a high class publication.

The volume deserves the united support of the students and no one should feel satisfied until he has added one of these annuals to his stock of college souvenirs.

Dance Saturday Night

The third year preponderant students will entertain at a dance next Saturday night at the Elks' Temple in honor of the members of the graduating class of the preparatory school. Dancing will begin at 8 o'clock. The party has been thrown open to all the members of the university. College students are invited to attend. The price of admission will be $1.
