A large crowd for a preliminary game attended and helped the boys administrate the details of the game in fine shape which fact enabled the men to do some spectacular playing. Both teams did some good work and the best of feeling prevailed throughout the game.

THE GAME IN DETAIL

The Y. M. C. A. kicked off to the Idaho team and Montgomery advanced ball thirty yards. "Chic" circled towards center but the ball was not next play lost the ball on a fumble, and the Y. M. C. A. got it on their thirty yard line and the Y. M. C. A. again got the ball was again unable to make any gain, and kicked.

Idaho now tried the first pass of the game, but Thorson was unable to touch the ball before it hit the ground so Idaho was penalized fifteen yards. The next play was a pass to the Idaho team and Savidge moving forward and receiving the ball for twenty yards gain. Idaho punched and it was the Y. M. C. A.

The Y. M. C. A. tried a forward pass and made it good for twenty yards. Savidge took the ball on a fumble. "Here" was sent out for the Idaho team and Montgomery for five yards. Armstrong for eight yards and Montgomery over the line for the first touch down, in eight minutes from the start of play. Small kicked goal.

The Y. M. C. A. then kicked off to Idaho and a forward pass to Savidge for twenty yards and line plunges by Johnson and Evans carried the ball to the twenty yard line from which place Small kicked a goal from the field.

Idaho then kicked off to the Y. M. C. A. to its five yard line and advanced the ball ten yards, failed to make its field and was forced to turn the ball over to Small. Montgomery and Johnson carried the ball by a series of plunges for five yards, then Small, Montgomery and Johnson carried the ball over the line for the second touch down, in eight minutes from the start of the half. Small kicked goal.

The Y. M. C. A. then kicked off to Idaho and a forward pass to Savidge for twenty yards and line plunges by Johnson and Evans carried the ball to the twenty yard line from which place Savidge caught the ball and ran fifty yards for a touchdown.

The team on a whole showed great chalies and while they played real hard football a few minutes Saturday they played splendidly that the material was there for a championship team. Armstrong showed up good at half as did Appleman. Montgomery made some good at full end against the ball but could always be depended upon to make more than his yardage. Fuls, Smith, and Johnson of the Idaho team played their old heady, consistent game, making great holes in the line whenever called upon. Small showed his ability as a field general, and time and time again could be heard giving signals from the bottom of a pile. Captain Savidge and Coach Middle- tain were both well pleased with the showing made Saturday they both agree that there is great room for improvement.

Athletic Board Organizes

The class members of the Athletic Board met last week and elected their officers. H. O. Simprrson as members from the student body at large. After this the following officers were elected: President, Leigh Swisher; Secretary, Floyd Feen; Treasurer, Henry Smith.

Petrie and Mauhinn Take Prizes at The Interstate Fair.

D. C. Penne, '10, of Boise captured the first prize of $30.00 and G. E. Mauhinn, '09 of Franton won the second prize of $35.00 in the Students' Livestock Judging Contest held at the Boise Fair October 6. The third and fourth prizes were won by W. S. C. and H. O. A. C. student respectively.

This is the first contest in which Idaho students have taken part and while W. S. C. has sent teams to several local contests and one national stock fair.

In 1908 the nation's rings or stock juggle consisted of beef cattle, dairy cattle, draft horses, sheep and swine. The rules of the day also required that in judging each class of stock it was necessary to place the animals and to hand in written reasons for this placing within twenty minutes.

In deciding the rating of the young men the judges were instructed to give points wherever those conditions only a few points of difference existed between the first three men. It was also stated that if two Idaho men entered winning the highest score.

Many of our young men have become much interested in stock-judging and it is likely that in future contests of this kind similar idea will be represented. Much of the credit for the success of the Idaho student is due to the coaching given by Professor French who is recognized as one of the best stock juggle experts in the Northwest. In this coaching he was ably assisted by Professor Shin.

On their arrival from Spokane the Idaho students were enthusiastically welcomed at the Island station by a group of their friends.

Senior Feed Saturday

The two principal numbers on the program of the second assembly of this year were an address by the Honorable Governor, T. A. Barington, president of the board of regents, and a soloist by Edward Carey, instructor of the department of music, who splendidly emphasized the point, that to be successful a man must have both his thoughts and actions in line with the principles of education in choosing his life work.

He said in part:

"The success of one class of courses in college is very serious and all-important step. The student should first choose his work in life and then decide on his work in college in order that he may better understand that work. Our education is never completely to lay its foundation in college.

"Success is life which depends on our choosing a life work that will be a pleasure to us, makes happiness, and means self-reliance, it means contentment, it means something that will benefit our fellow-men, ourselves, and others."

The concluding member on the program was a cornet solo by Mr. Carey, accompanied by Professor J. J. Shurley, and well, which received a well-deserved encore.

Exchanges

The University of Oregon has also turned down the proposition of reducing the tuition that is paid to three to two members as proposed by the U. of. Washington. Washington now turns around and says that both Idaho and Oregon refused the proposition.

Idaho Has Excellent Idea

The faculty of the University of Idaho is considering a plan for an honor roll of scholarship. Students who have achieved an academic standing in the upper ten percent of their class and who excel in intellectual and athletic study will be eligible for membership.

The plan, if properly developed, is excellent. For too little is ordinarily said for the papers about the scholarship honors in any university. Many potential socialist students do not play football and participate in other sports. Perhaps the faculty of this university might well follow this similar plan to the profits of the institution—Edith Stussy from Daily Pacific Wave.

Exchanges

The Oregon Agricultural College has registered over one thousand students so far in the current semester. Students are understood to be from all over the state of Oregon.

An Idaho Club has been formed at Whitman College of which May Herring, formerly a Sophomore at the University, is secretary. We wonder if there are enough members to fill all the existing vacancies.

This year for the first time in the history of any university, Harvard will give a degree for proficiency in business. The degree will be entitled M. B. A., which means Master in Business Administration. A number of courses have been established which cover the territories of business, trade, corporations, railroad management, and business economics. As the time of the University announces, the plan is to give through the scientific and technical policies the fundamental principles of business organization and administration.

The new members of the California Fraternity, the Alpha Gamma Rho, have been installed as follows:

The physical condition under Dr. Kames began last Saturday. They will continue so long as they are necessary. Next week the regular lecture course will be continued.

The regular lecture course will be continued next week. The lectures will be free from technicalities and will cover general physiology and anatomy. The question of the laboratory work is left to the discretion of the students. It is hoped that many may take advantage of this lecture course and that there will be no charge for the course. The lectures will be made available to the public in a few weeks and are to be offered for the first time in the history of the University.

Cross Country Club

There is being organized at the University a Cross Country Club under the leadership of C. S. Edmonds and under the general supervision of Dr. Ran- dal. The club will meet for practice Monday evening, and the first meet will be held on Saturday night.

There will be separate groups to those who require different places even the best times can be refrained.

The whole movement is looking forward to a great Cross Country meet in the late autumn, with or without the University.

Faculty Picnics

That the Faculty enjoys moonlight, home-back riding, camping fees, and sometimes, was neatly proved, particularly Friday evening when a party of twenty rode to the hills for an outing. The new members of the faculty, however, the picnic was given, erred entirely into the spirit of the occasion. Not a single one of the entourage, by their songs, their athletic feats, and their skill in the various roads.

Y. W. C. A. Convention

The Young Women's Christian Association of the Idaho Empire will hold a convention at Pullman Oct. 16th, at which hour, an Interna- tional Secretary from New York, will lead the conference. The railroad tickets will be given gratis to two persons, and a train for the round trip will be furnished by the Pullman Association. For entertainment, the local Association will provide for entertainment, entertainment, and entertainment.

Y. M. C. A.

A large crowd of men listened to the Rev. R. S. Black, State Secretary for Idaho, at the meeting last Sunday afternoon. His topic, Some Choices, was handled in an interesting manner. It is intended not only for him, but for the whole attention during the entire hour.

The M. E. Lecture Course

The M. E. church is again going to have a lecture course. For the last five or six years this church has been the only organization that has brought to Minden people of all ages and this year's course promises to be better than any preceding series. M. E. church at 8:30 a.m. every Sunday and a ticket is required. The whole course will be given to one individual. The whole course will be given to one individual. The whole course will be given to one individual. The whole course will be given to one individual. The whole course will be given to one individual.

The social critic's notes may be secured for only two dollars. Mr. Harry Dan is handling the student tickets and will gladly fit you out with reserved seats for the entire course on receipt of the money.

The first number will be given next Monday night at 7:15 in the M. E. church, when Frank Dinwiddie will deliver one of his world famed lectures. Mr. Dinwiddie appeared in Moscow last season and all who heard him then will gladly attend again. Some press comments, A personal presentation, of the M. E. wild enthusiasm, but of a scholarly C. S. Edmonds' definite, logical, vigorous and brilliant throughout. Mr. Dinwiddie has the rare gift of presenting a weighty theme in a popular fashion, thus at once engaging and instructing his audience.

The course, his logic, his analysis, his satire, are splendid.prof. W. H. Lippard, Secretary, Y. M. C. A., Fort Dodge, Ia.

500 student slaves at Hegge's.

In Owia ex '11 has returned to college.

Ed. Strohbehn was at Spokan last week taking the fair.

Miss Ellis Woods is again attending classes after an illness of a few weeks.

Visit Hegge the barber near the Crystal Theatre.

We want your business in Tailoring.

Miss Ellis Larson was in Spokan last week on pleasure has returned.

Chas. E. Kinkaid ex '10 is down from the mines for a few days visit at the University.

Prof. Frandson was judge of the butter and cheese exhibit at the Spokane Fair.

Wilfred Harrington '08 is down from his school in Hope for a few days visit at the University.

Largest stock in Woolens ever shown.

Miss Lena Mannsperger who was out of college on account of illness for a couple of days is again attending classes.

Miss Alyse Ott who has been at her home in Boise for a couple of weeks arrived in Moscow Saturday night.

Frank B. French, a brother of Congressman Burton L. French, after an absence of several years has again entered college.

Get wise and shave at Graham's barber shop.

About ten University people went to Pullman last Friday night to hear the Metropolitan Opera Co. All report an excellent performance.

Norman Ackton '07 has been electing teacher in the Congreve High School. He and Fred Lukens promise to send a bunch of freshmen to Idaho next fall.

Herbert White recently received first place in a competitive examination with forty other regular army men for appointment to be Lieutenant in the regular army.

The best shave in town at Hegge's, opposite the Boston.

Lient. Smith is organizing a polo club which expects to give an exhibition game in the near future. All interested in this line of sports should see him at once.

Miss Missie, librarian, was at Spokan last week attending the annual meeting of Washington Librarians' Association—and incidentally taking in the Spokane fair.

Prof. Shins was at Kooski Idaho last week taking the fair. He will also attend the Lewiston fair this week and help conduct a Farmers Institute dinner Friday night.

Get your hair cut at the U of I barber shop. W. J. Graham, Prop.

Washington State College has adopted the regulation uniforms for its cadets in place of the gray formerly worn. The regiment will conduct its own clothing store at which either new or second hand uniforms may be secured.

Prof. French has recently been on an extended trip through southern Idaho during which he delivered an address before the Pure Food Commissioners at Boise.

Miss Elizabeth Dunn left Monday for a week's visit at her home in Coeur d'Alene to see her brother, Chas. Dunn of the Charleston, who sells shortly for Honolulu for a cruise of two years.

For reasons unknown—presumably matrimonial aspirations—Walter Willman Stobesbury hereby officially announces that his commonplace, Stobesbury instead of Stokesberry as formerly known.

Mr. George Wyman '07 is in Moscow on business and pleasure. Mr. Wyman is superintendent of the Charles Dickens mine and recently escaped very fortunately from a severe accident. He is at the Kappa Sigma house.

Students!!! If you want quality go to the Moscow Barber Shop for your haircuts, shaves and shampoos. They will treat you right.

Preps. Increase.

The Preparatory Department shows a very gratifying increase in attendance this year. Over 180 students have already enrolled in Idaho's greatest secondary school as compared with last year's total registration of 171 and there is good prospect that more than 200 will enter before the close of this year. This means a direct flow of material into the University, as a result of which larger percentage of the Preparatory students enter college than of any other school of similar standing.

Unlike most secondary schools the boys are in the majority, being 199 boys and 71 girls. Much new material has been taken in this year, the registration books showing 98 new students and 89 old ones. The fact that the first year class numbers 69 shows that this increase has been felt in all four classes. This fact further shows that the Preparatory school is not robbing the high schools of its bright work; on the contrary it is giving the high school state by taking students from the grades and that it fills in the incomplete course of study in some schools and gives every boy and girl in the state a chance for a secondary training complete enough for entering college.

Among both old and new students there is some excellent debate and football material. We shall expect many victories in these lines from the Preparatory Department.

The Pastime

Colyer (translating German): Dear Sir, give me a kine.

Miss Regan (interrupting) Now Mr. Colyer are you making that up?

You never hear of a bluff succeeding; when it does succeed the blunder is too sharp to admit it was a bluff.

The Athletic Board announces its intention of trying to arrange for a foot race between Shinn and Shanko Moore to follow.

In a certain small English village there were two butcher's living in the same street. One placarded his sausage at Is. a pound, and the rival propably placed Isld on his window.

No. 1 then placed a notice in his window, saying that sausage under 1s. could not be guaranteed.

No. 2's response to this was the an announcement: "I have supplied sausages to the King."

In the opposite window the following appeared an extra large and bearing the words: "Good God save the King."—Th Brid.

News of the Battalion

Considerable interest is being shown in the rifle practice and scores for last week are a little better, although far below what we shall expect after more practice. They are as follows, at two hundred yards: Keetenbach, 31; McGaugh, 16; Bier, 13; Gower, 10; Storer, 26; Foster, 22; Jessup, 26; Wood, 22; Ream, 26; McDonald, 34. At three hundred yards: McGaugh, 31; Carr, 27. Pistol practice is being considered, and will probably begin this week. Those interested in pistol shooting should see Keetenbach.

March, Stillinger and Dunson, have worked the saw for a temporary sick-leave. Coffin has been excused indefinitely.

The band under Mr. Carey is making fine progress and will probably be better than ever before. The competitive examination for sergeants takes place this week.

Football Schedule
Oct. 24, Bremerton Navy yard at Moscow.

Guy Dippel Married
Idaho's ex-pitcher was married Nov. 1, to Jeanette James, a Pocatello belle. Both are very popular, both at Blackfoot and Pocatello. Dippel is now chief clerk in the Blackfoot Post Office.

The Junior Ride
The Juniors followed their annual custom and went to Joel for a dance, Friday night. Nearly all the crowd went down on the train or drove in individual rigs but this did not destroy the feeling of unity after they arrived there. Punch and wafers were served and everybody danced to the music of the Joel orchestra, which is rapidly becoming famous. There is this to be said in its favor that it is decidedly a western institution and not lacking in local color. The party was a great success as all junior functions are, and especially all drives to Joel.

STUDENT,

The Greater Boston can save you money and supply you with the correct new things

We promise courteous treatment and a lower price on everything
