IDAH0 AND W. S. C. PLAY TIE GAME

Neither Institution Able to Cross Opponents Goal. Hardest Game of Season. Score 4-4

At twenty minutes to three last Friday in Pullman, Washington in the presence of three thousand people from all over the Northwest, Capt. W. S. C. kicked off to Idaho, starting what proved to be the most remarkable, and desperately fought football game ever seen in this country.

The weather conditions were ideal, the field was all that could be asked for, and the two teams, or rather half teams, moved on the ball with almost reckless fury. The weather was a perfect getting dark when time was called on the second half and the score was tied, 4 to 4.

Practically nothing but straight football was used. W. S. C. tried three formations, but failed altogether on two of these, and made but 20 yards on the successful one. Idaho did not try a single pass. It was a safe game played by W. S. C., that is, Idaho knew our signals. Idaho's having had three games at which W. S. C. had from two to six men on the side lines taking down plays and as Small gives his signals unusually loud, it was easy for them to get our signals, and in this way they tried the Idaho game. Under these conditions, Coach Middleton's instructions to Small were to kick on the first down if necessary.

The game was the first this year in which the team had shown their true form and possibilities. Small played the best game of his life, doing remarkable work both on offense and defense. Heidlinesman, in charge of passing, was essentially a wing. His tackling was deadly and he never failed to nail his man. Johnson was the best man carrying the ball and for a deep field man he has no equal. His weight is his only handicap. Lundstrom at right half played a good game. He was always with the ball recovered four fumbles by Idaho. Jewell at center is steadily improving and while he was seldom able to get thru Cherry yet he was repeatedly able to prevent the last year's all west coast from spilling the play. Shakerberry at Guard had the hardest man on the team to play against, Halm, but held the veteran in his tracks.

Elton is without an equal in the Northwest. He was in every play and made a stone wall out of the left side of the line with the assistance of Pauls. Capt. Savidge at left end, lived up to his reputation. He broke W. S. C.'s interference almost before it was formed, and left the man with the ball loose for Thornton who never failed to get his. Thornton played a good game at full, backing up the line remarkably. Geo. Armstrong was on the other end of the line, taking the place of George's position. He is not especially fast but gets down on the ball on a point in good style and is good at breaking interferences.

THE GAME IN DETAIL

W. S. C. kicked off to Idaho, who gained 20 yards. Idaho made 7 yds. on two downs and Small punt to W. S. C., Cave returning the ball 10 yards. W. S. C. made first down once, and was then forced to punt. This continued for 15 minutes when Idaho carried the ball to W. S. C.'s 35 yard line and Small fell back for a try for a place kick. It went square between the goal posts and the score was 4 to 0 in favor of Idaho.

Shortly afterwards W. S. C. by a series of draws thru the right side of Idaho's line had the ball on Idaho's 20 yard line and Halm kicked a goal from placement thru the core of the score. Neither team was able to make consistent gains and constantly gaining. W. S. C. tried three times to make place kicks from the 50 yard line but each time the ball fell short.

The half ended with the score 4 to 4, and Idaho having made all the best of it having made first down twice.

The second half started with both teams playing even harder than in the first half. Shortly after the half started Halm who was running interference put his shoulder into A. A. Rogers, head-lineman, and was ruled out of the game.

The balance of the game was a kicking duel between W. S. C.'s and Idaho's quarterback, Small having the best of it. W. S. C.'s cane had a good chance to score 4 points, but their quarter, who was doing the kicking was unable to kick a goal from the 25 yard line and their chance was lost. The half and game ended with the ball in Idaho's possession near the center of the field.

W. S. C.'s right end was forced to retire almost second half on account of injuries. Small suffered a badly bruised knee, and Johnson and Elton were badly bruised. Outside of a few minor bruises the other members of the team are in fine condition.
