FOUR GAMES, THREE VICTORIES

The baseball team returned Sunday morning from Lewiston after winning three games and losing one. On the whole the showing made as good as could be expected. On Friday the first game of the year was played against the Spokane League and resulted in a score of 17 to 5 in favor of the league.

The game opened with Jensen in the box for the "Indians" and Burns for Idaho. Not a hit was registered against Jensen. He walked one man and struck out three. The Idaho team was mostly excited when he finished the game. Jensen pitched a single and before the single cleared away both Lundstrom and Barrett had safely crossed the rubber. The second inning started with things a single, followed by three passes. Appleman got hit with only one ball and sacrificed by Barrett resulted in three more runs.

The score is as follows:

Everybody hit the ball during the game with the Normal and in seven innings the score stood 20 to 0 for Idaho.

The third game Saturday opened with Ralph Williams batting for Burns and Weatherbee for Lewiston. The fun started in the first inning for the Idaho team. Johnson got hit, walks the ball, Lundstrom drew a walk, respectively, Curtis, Barrett, Williams and Walker each got a single and the runners scored six runs. The remaining four came scattered through the nine innings. Williams pitched a muddy game for seven innings when he was relieved by Appleman who allowed no hits to be made against him. The score was 8 to 3.

The next game will be on the Athlete Field next Thursday, The game will be called at 4:00 p.m. and the University will again meet the Spokane College. The team is playing every night and they expect to show a different score after the next game. They do not expect as win, for that would be almost impossible against such a team but they do expect to hold the professional players down to a much lower score. This will be the only chance for the fans of Moscow to see any of the Northwest League teams in action on the local field. This team will furnish the highest class baseball that the Northwest has and the colleges team will try to make it interesting for them.

of the battles, sieges, and expeditions of the past. History is concerned with them only as they affect the development of human institutions or the advancement of civilization. But it is also concerned with the peaceful thoughts and ideals of men, and with the quiet evolution of social, religious, and intellectual, manliness. In this broader meaning it has the greatest educational value. The study of history gives the student the power to think and to come to conclusions for himself. It also strengthens a student's character, and it enables him to transplant himself into all countries and ages.

The club met on Tuesday at the home of Mrs. Smith, 501 North Main Street. Those in attendance were Miss Bailey, Miss Brown, Miss Davies, Miss Evans, and Miss Wilson. The meeting opened with the reading of the minutes of the last meeting, which were read by Miss Bailey. The minutes were then approved and signed by all present.

The club then proceeded to business, and the following business was transacted:

1. The President, Miss Smith, read the following letter from the University:

"The University is pleased to announce that the scholarship fund for the study of history has been increased by $1,000. This fund is to be used for the purpose of providing scholarships for deserving students who wish to study history. The scholarship will be awarded on the basis of merit and financial need."  

2. The President then presented a report on the work of the club during the past year. The report was read and approved by the members.

3. The President then called for nominations for officers for the coming year. The following officers were nominated:

- President: Miss Smith
- Vice President: Miss Brown
- Secretary: Miss Davies
- Treasurer: Miss Evans

The nominations were seconded and the officers were elected by acclamation.

The meeting was then adjourned to meet again on the first Tuesday of the next month.

The club adjourned to the refreshments, which were enjoyed by all present.

The 50th open meeting of the Sociological Society was addressed by Judge H. B. Smith on Friday afternoon, April 3rd, in Merrill Hall. Beside the students in the sociology courses several visitors were present. Mr. Smith is a trained instructor, as well as humanitarian, and his lecture presented the facts relating to his subject, "Divorce," in such form that they could be easily retained by his hearers and easily taken by those who were making notes.

Mr. Smith first defined the marriage relation, as a basis for understanding the divorce laws. Marriage is a civil contract, with which marked difference from other contracts, that the law enters and directs the parties to the contract in their relations immediately on the completion of the contract. All divorce legislation is based on this fact. The end strives for in all divorce legislation is social harmony and the good of the community. Mr. Smith believes that there may be added new causes for divorce to the present list, and also believes that the point at which to lay the emphasis is in the restriction of ill-assorted marriage rather than in stricter divorce measures.

Prof. Wm. Worthington, at the chair of economics and sociology in Wiltmiss college, will be the next speaker before the society, and will visit the university soon after vacation.

Prize Poems.
Attention of the students is called to the fact that the Idaho poem contest for the University shield offered by Mr. Vaughn closes April 30th so that the time is close at hand when all competing Misses must be submitted. The trophy is attractive, and more than the generosity that will attach to the winning of it should be a stimulus.

Agricultural Club.
At the regular semi-monthly meeting of the agricultural club Friday night Professor Elliott made a very interesting address upon "Among the Farmers in Holland." Professor and Mrs. Elliott went abroad in 1901, on their wedding trip, spending several weeks in the land of the Dutch. Professor Elliott touched upon many phases of farming in Holland; giving a large portion of his time to the discrimination of the cheese industry and particularly to the manufacture of Edam cheese. At the close of his talk many questions were asked him pertaining to what he had seen in Holland, which he was ready to answer. His talk covered a period of one hour and a half, but interest was shown from the beginning to the end.

Association Notes.
The regular meeting of the Young Men's Christian Association was led by Mr. Mangin last Sunday afternoon on the subject of the Student Volunteer Movement. A history of the movement since its organization, the significance of the pledge, the means of propaganda, and the explanation of the watch word, were discussed by various members of the organization.

Mrs. Hare addressed the Y. W. C. A. at 4:40 last Wednesday on the "Modern World." She spoke of the life and character of Mohammed, of his idea of God, and the evils of that religion. She also read two very interesting letters from missionaries among the Mohammedans, one from Persia and one from Abyssia. The meeting was well attended.

Last Saturday evening a merry group gathered in the spacious kitchen of the dormitory. The nature of the occasion was an old fashioned candy pull. Some present were Misses Leighton, Burkhard, Trace, Tuttle, Thomas, Clark and Messrs. Key, Fiske, Albert, and Jessup.
