IOWA PLACES FIFTH AT RELAY CARNIVAL

(Continued from page two)

Two miles and hurdles were
greatly handicapped in the loss
of Poole Swenson in the first
race. Swenson, who had won in
both the 220 and 880 meter
races last year, was unable to
compete this year.

Women's relay was
another narrow
race with just one
point between the
two teams.

For different kinds of
races this year,
the program was
as exciting as
ever.

The next relay
program will
be held at
Whitewater
in the spring.

CAMPFIRE OPPORTUNITIES

Some very interesting displays are in the store in the art section of the business department. The store is offering many unique items for the Christmas season. They include a wide variety of gifts suitable for children, housewives, and men.

These displays, which are for the most part made in Japan, are a part of the company's effort to offer unique and attractive gifts. The store hopes that these items will appeal to customers and contribute to their overall shopping experience.

Great accomplishments are not lacking in the air. General Electric is once again setting new records, and the company's success is largely due to the dedication and hard work of its employees.

Scientific research discovers the facts. Practical applications will follow in good time.
Bubbles

Bubbling over the campus

"Will you bring that marigold, please?" "Yes, ma'am."

Do you think that makes you eligible to be on the champion team?" "No, ma’am."

Is that why you brought the marigold?" "Yes, ma’am."

Turning to the campus, we see that the weather forecast calls for a change in the weather. The winds are blowing from the south and the temperature is expected to rise to near freezing. It looks like a good day to work on the campus.

TELLS PAVING ADVANCE

WATER ENGINEERS ASSIST ENGINEERS IN NEW YORK

The development of small units for the paving of city streets has been accelerated by the increase in the number of miles of streets that are being paved each year. The increase in the number of miles of streets that are being paved each year has been accompanied by an increase in the number of contractors who are specializing in the paving of city streets.

Members of the faculty will be attending the meeting of the American Road Builders Association to discuss the various problems that are being faced by the road builders. The meeting will be held in Chicago and will be attended by representatives of the road building companies of the United States.

HEAD QUARTERS, WOMEN'S DIVISION, NATIONAL ROAD BUILDERS ASSOCIATION.

The meeting will be held on Tuesday morning at 10:00 A.M. at the Hotel Sherman in Chicago.

I congratulate you on your graduation, sir. You have worked hard and I am proud of you. However, now that you have graduated, you must be careful not to let your guard down. You must continue to work hard and strive to achieve your goals. Never give up on your dreams, no matter how difficult they may seem. Keep pushing forward and you will achieve great things. Congratulations on your graduation!"
VANDALS DEFEAT OREGON TEAM

(Continued from page 1)

was on the second base. The same thing happened against the first baseman, Green, but he was safe on the seventh try. It was evident that the Vandal basemen were not in their best form today.

There was a similar feature in the game at second base. Jack Bova, second baseman, was about to throw out Tom Green, second baseman, and but for a combination of errors, Bova would have hit him out on the seventh try. The Vandal basemen seemed to be playing their best against the Oregon basemen.

The game was featured by a number of errors on both sides, both being equally guilty. The Vandal basemen were not as good on the day as they have been in the past two or three weeks. They seemed to be playing their best against the Oregon basemen.

The score was 3-1, with Vandal leading the entire game. The Vandal basemen were not as good on the day as they have been in the past two or three weeks. They seemed to be playing their best against the Oregon basemen.

The game was featured by a number of errors on both sides, both being equally guilty. The Vandal basemen were not as good on the day as they have been in the past two or three weeks. They seemed to be playing their best against the Oregon basemen.
Right now commencement may seem a long way off, but the time will pass before you know it. You ought to begin making plans now for what you are going to wear for the occasion. You want to look stylish; you want to wear the right thing. We have it.

Here are suits in all the new models—three-button, four-style, four-button suits; the new Nor-
folk sport coats are very popular. It may be that you don’t know what you want in men’s suits.
Schaffner & Marx have sent us a great va-
riety of good patterns and you won’t find any-
thing smarter or better anywhere. We will be
 glad to show you any day. And you’ll find the prices by far the most reasonable in town.

Creighton’s

FRESHERS VIGOROUS IN TRACK EVENTS
WIN OVER LEWIS AND CLARK IN MEET
Demonstrates Exceptional Strength on Old Fields Powers Big Win

By winning a sensational mile relay, Idaho’s freshmen track team blew the lid off a stirring meet, beating

Lewis and Clark high school to win a close contest in the final 1000 yards. The Idaho freshmen showed up strong in many of the events, but the exhibitors in the track events seemed in the center.

Parker, of Lewis and Clark, was high point man, taking first in the high jump and high broad, and a similar event in the broad jump. Following him closely behind was Peck, Idaho, making third place in both the broad and high jump.

The exhibition made by Chef of Lewis and Clark in keeping the last 1 foot was the astonishing feature of the meet. Parker, another Idahoan, was, by far, the best at 3 feet 1 inch in the long jump, with a slightly better jump than Leavenworth.

The show track run last night was the most

spectacular share to date in the running events. However, Idaho tied the score with powers in both the century and hurdles, and held a tiny lead in the 99.99 in the future. In the half mile second

enjoyed a great lead with the suit, and without competition stopped the clock in 1:57.2 with Hays, of Lewis, turning a steady lap to second place, and Hays in second. The group continued on the track and finished the race with Hays in the middle.

LEWIS AND CLARK

100 yard dash—Sommer, L. C. (first); Hays, L. C. (second); Somer, L. C. (third); 1.64. The second and third were equally as good.

50 yard dash—Brown, L. C. (first); Hays, L. C. (second); Hays, L. C. (third); 5.26. The second and third were equally as good.

880 yard race—L. C.; Hays, L. C.; L. C. (first); Brown, L. C. (second); Hays, L. C. (third); 1:46. The second and third were equally as good.

The track meet continued, however, and

some of the entries were run.

The exhibition match of the day ac-

culated to by the efforts of Lewis and

Walton of Lewis and Clark had a field battle of his own and was slow in the

straight aways, but was quick in the turns.

Toss, a clever player by Detweiler gave him a slight advantage at the finish.
