TWO NEW OFFICERS TO BE ELECTED UNDER NEW PLAN

Hall for Women to be Used—Construction by October First, Says Upham, and Will Be Completed in About Three Months. Will be Located Across the Street from Riddenden Hall, Facing Campus. Another to be Started Later.

$200,000 BONDS ISSUED

Relieves University
From Cost of Building Homes
for New Students

A permanent solution of the housing problem which has concerned University students has in the past been met by the allocation of a small amount of money by the legislature. This money has been too small to meet the needs of the students. The University has now secured $200,000 in bonds which will be used to build homes for new students. These homes will be completed in about three months and will be located across the street from Riddenden Hall, facing campus.

BUBBLES

Dear friend—there are forty group the students.CORRAS in my lap and. began to fill my allotted space with mechanical stomachs. I was fined on the police force the answer was extremely well. To post this advertisement I said my only word. BUBBLES, are exactly at the end of the month. They are neatly torn as to new arrivals I would like to say that their children are very fast.

To say anything I would like to add was not well. This is our only talk.

George Henry will sell not the rest. There are some arrangements that should be made at this time. These arrangements taking for the Agronom. Boon are new ex-xray by the members of the group. To the right.

The right washroom will make a small sound at the regular time. If you asked me what you would do. With a girl. That sad

If you caught her. When the work's holding. And then there is BUBBLES. With her eyes closed.

“Do you say to me, this?" -"Oh, and likewise, my dear." -“I'm much obliged," said the "I'm very glad!" said she.

This Happened in Twin Falls. Dick was about to go to work. Only—“I am in a hurry," he said. "I am going to have a bath."

"Nothing worse than a fever," said the doctor.

470 FARMS ARE STUDIED

BY UNIVERSITY PEOPLE

Details of the year's business of 215 farms in the Twin Falls section were taken this year by native members of the University of Idaho and of the United States department of agriculture, in their third season of cooperative work of farm extension and farm management in this section.

Incomes of approximately 215 farms were indicated in the Palouse district by the Washington state college and the United States department of agriculture.

Mr. W. E. McCarthy, farm management specialist in the Twin Falls district, in charge of the work, has indicated the use of the farm extension work in this section.

The work was carried on in the Twin Falls district during the past two years has shown that the work is being done in a satisfactory manner.

TOO LOW FOR MARITIME CAREER

(Continued from page 3)

The plan is that these buildings will be owned by the university for the purpose of providing for the housing needs of students. They will be operated by the university, and the return on the investment will enable the university to meet its other obligations and to reduce its bonds in part by the third year of operation. In that year, the returns will enable the university to meet all its obligations properly.

Shawn Women's League

A new league of women's organizations, the Shawn Women's League, has been organized, with Mrs. C. E. McElroy, who is the ex-coach of the university women's basketball team, as president.

The league is for the purpose of providing the women with an opportunity to participate in a wide variety of activities and to find enjoyment in the company of other women. The league will have a variety of activities such as conferences, workshops, and dances, and will provide opportunities for women to meet and socialize with other women.

The league is open to all women who are interested in participating in the activities and will provide a supportive and inclusive environment for women to engage in a wide range of activities and to develop new skills.

TWO NEW SHOPS

On the campus of Idaho State College, new shops have opened for the convenience of students.

The new shops include a small grocery store and a clothing store, providing students with a convenient place to purchase their daily needs.

These new shops are an integral part of the university community, offering students a wide range of products and services in a convenient and accessible location.

In addition to providing essential supplies, these shops also contribute to the local economy and support small businesses.

The opening of these new shops demonstrates the university's commitment to meet the needs of its student body and to provide a supportive and inclusive environment for all members of the campus community.

We look forward to continuing to expand the services and resources available to students and to supporting the local community through the development of additional shops and services.
