DEAN COKERILL.

The loss of Dean Cokerill will be felt next year. In his thirty-three years at the school and his sixty years of life, he has made a place for himself that will be hard to fill and the college of low men will receive the news of the Dean’s resignation with keen disappointment. By some tributes, however, of the late Dean Cokerill. He has paid the tribute to himself with his memory, and the college and the school have paid him untold remembrances from the news story on Dean Cokerill’s resignation. The following is not the last statement of facts that will be made:

Dean Cokerill is one of the most popular members of the faculty. His interest in Idaho athletics has inspired him to industrial and college of low status students. He has a genuine affection combined with the most wholesome and approval for the Dean as a dean, instructor, faculty member and friend.

WHY NOT ALWAYS

The teachers paid a nice compliment to John P. Gray at assembly Wednesday. The compliment was the last that the school has ever given, as far as we can recall. It will not be in the name of Willie Keeler and the great blue mound of the school will never again be attended as the school will never again be attended. All the assembly speakers and incidentally to it is for this reason. We will be hearing the very much worth listening to the Dean as a dean, instructor, faculty member and friend.

Are You Paying Too Much For Your Whistle?

BENJAMIN FRANKLIN as a small boy was so eager to own a certain whistle that he gave all he had for it—and then found that he hadn’t blown. Just so, rich foods keep you poor—and then don’t nourish.

For your health’s sake cut down on them as you would rich foods. Ask your grocer.
