IDAHOShooters

-Idaho rooters today give a demonstration of how a state can back its team. They fought with the teams every minute—they showed the same never-give-in fight that the Idaho-Boise series brought to the games disqualify. A team could not help fight with such backers.

VANDALS

Vandals, we're proud of you. Every Idaho student is proud of you. You played a great game today—a game that will go down in Idaho gridiron history. And we're proud of our Tech Mathews, bowsecond of the greatest halfback that the Silver and the Gold has ever known.

The game to day was one of which every Idaho student can feel the glow of pride—it was a game which will bring satisfaction and happiness to every alumni of the University—it is a day for which they have been waiting years.

Vandals, we're proud of you.

WELCOME ALUMNI

Welcome to Idaho alumni! We are glad to have you with us once more, glad that you were able to return to support the Silver and the Gold.

Some of you have been gone but a few years and some of you have been gone a long time. But all of you have made changes and improvements. The student body has grown, the campus has been remodeled, and others have been erected. New courses have been added. Many old familiar faces have disappeared from the fraternity, and others have appeared in their places.

But there is one thing that we hope you will not have found changed. That is the Idaho spirit. We have done our best to uphold it throughout the years. We have endeavored to keep it as it was, the living spirit, the spirit of Idaho— and we hope that you will find that we have succeeded.

THE FROSH GAME

Another opportunity to back an Idaho team comes Saturday, when the freshman squad meets Kingman's second string. It is not going to be an easy task for the freshmen, but if they will try their best, they can get it.

It will be a fine game, a contest worth watching. Every Idaho student should try to make the freshman squad support, and we hope that the band will be so today.

OOR FELOWS SHOW AN IDAHOE PEP RALLY

Last week President Bunn, in his public address to the student body of the University of Idaho, said:

"What shall I say to you tonight? I shall make no speeches. I shall not tell you what to do. I shall not try to change your minds. I shall not say what you should believe. But I shall tell you what you can do, and if you do it, I believe that the world will be a better place for having done it."

This is the spirit that we hope to see in the Frosh game.
