VANDALS FALL BEFORE CARDINALS, 33-27

VANDALS ATTEMPT TO MAKE LAST MINUTE COMEBACK

The two-time Olympic gold medalist for the United States, Mr. John Smith, has been selected to play in the upcoming Winter Olympic Games in February. Mr. Smith, a former student of the University of Idaho, has been training hard for the past few months and is looking forward to the competition. His experience and skills will be crucial in his effort to bring home a medal for his country.
The Idaho Argonaut

A new heading or capline appears in this issue of The Argonaut. The word "Argonaut," which was previously used, has been removed, and in its place a new heading has been added. It seems to be a representative organ of the University of Idaho.

Publicity or News

The real purpose of a newspaper is to furnish timely information and news of current events. A correctly written and formatted article faces another problem, the line of dialogue must be drawn between news and publicity. Publicity for campus events is undoubtedly worth, but too much of it transforms the paper into a glossy brochure sheet. It is unreasonable to expect a paper to print story after story, none of which contain new value, but instead print the same event over and over.

Therefore, The Argonaut has adopted a definite policy on this subject. It will print news items for the benefit of the college. Any story of real news value will be printed, regardless of whether it contains more than two publicity stories will be allowed. Except in unusual cases where such publicity would benefit the entire institution, the column will not be published. It should be remembered that The Argonaut is not obliged to print these propaganda for any campus organizations.

Idaho Fought

The Vandals have been defeated for the first time this year. But Idaho students are not downhearted, for the Vandals team always fight, and Silver and Gold undergraduates are proud of them in defeat as they would have been in victory. In that Saturday game the team gloriously honored the home of Idaho, and across the records of the contest, taking away the bitter sting of defeat, may well be written these words—"Idaho Fought!"

SOCIAL HONOR

The following editorial was written Thursday night, and to anyone reading it, it is not really worth reading. It seems that the subject of the honor system is not often brought up in connection with our system, and the editors of The Argonaut have adopted a definite policy on this subject.

The honor code is, in some instances, not considered to be worth the effort. The honor system is a code, in which every member is bound to keep to his word. In this code, the professors are bound to keep to their word. This is an admirable system, for it is a way to keep our society in order.

BUREN'S ENTERTAINMENT FUND

Plans to establish a fund for the entertainment of the students is under consideration. The fund would consist of contributions from the students, and would be used for the benefit of the students. CRASS COUNTRY TEAM PIGGIE TO ENTER MEET

CONFERENCE RACE SCHEDULED AT EUGENE SAT. NOV. 10

Patterson, William, Newcom Crew and Wynne To Meet in Oregon City

Triathrons for places on the cross country teams to represent Maine at the conference meet to be held Saturday, November 10th at Oregon City, are now being held. The team from Newcom will be represented by William Patterson, who is considered by many to be the outstanding runner this season. Also representing the state will be the crew of George Wynne and Newcom, who are expected to do well. The conference meet is one of the most important events of the season, and the team from Oregon City is expected to be strong in all three events.

Noble Tribute is Absolutely Deadlocked

The following tribute to Texas is given to the memory of those who have contributed to the welfare of the state of Texas, and is to be presented to the University of Texas. It is a fine example of the spirit of devotion and loyalty that has united the people of Texas in the commonwealth.
