Local Fraternity Will Be Installed In The Latter Two

Two Chapters In Two Years

Ph. Alpha PSI, Local University of Idaho organized two years ago, has been notified of the charter of a chapter by L. E. Bost, native of Green River, Ore., a member of the Alpha Chapter in Eugene, Ore., and announced plans for organizing a chapter of Alpha Psi at both the University of Oregon and University of California. The chapter will be organized on the first Monday of the semester, in the second week, in line with the Alpha Chapter at the University of Oregon. The chapter at the University of Washington will be organized in line with the charter of the Alpha Chapter at Idaho, and will be organized in line with the University of Oregon. The chapter at the University of California will be organized in the same manner, and will be organized in line with the University of Oregon. The chapter at the University of Washington will be organized in line with the charter of the Alpha Chapter at Idaho, and will be organized in line with the University of Oregon. The chapter at the University of California will be organized in the same manner, and will be organized in line with the University of Oregon. The chapter at the University of Washington will be organized in line with the charter of the Alpha Chapter at Idaho, and will be organized in line with the University of Oregon. The chapter at the University of California will be organized in the same manner, and will be organized in line with the University of Oregon. The chapter at the University of Washington will be organized in line with the charter of the Alpha Chapter at Idaho, and will be organized in line with the University of Oregon. The chapter at the University of California will be organized in the same manner, and will be organized in line with the University of Oregon. The chapter at the University of California will be organized in the same manner, and will be organized in line with the University of Oregon.
For this he was sent to prison

Roger Bacon may not have invented gunpowder, as has been claimed by the philosophers of the famous Franciscan friar, but he exploded some of the outstanding errors of thirteenth century thought. Because of his advanced teachings, Bacon spent many years of his life in prison.

In an age of abstract speculation he boldly asserted the mathematical sciences. First in mathematical calculation, he shovelled, must be verified by experiment, which discovers truths that speculation never reach.

In the Research Laboratories of the General Electric Company, Bacon's principles are followed in every experimental investigation. The gas-filled electric lamp, the electron tube were worked out on paper, but it was experimental verification of the underlying mathematical theory that made electric illumination, radio broadcasting and X-rays what they are today.

Men Adopt Golf Socks and Knickers as Style for 1924 Sport Wear

Colorado State College—"A sock-a-day keeps the winter blues away ..." was the latest in this college's version of the girls' slogan as of Thursday. The fashionable addition to the wardrobe is a pair of golf socks, patterned in a design that includes small flowers, leaves, stars, and other ornamental features. The socks are worn with knickers, stockings, and sweaters, and are said to add a "new oomph" to the outfits of the wearers.

The knickers are a welcome addition to the wardrobe of the women students, who have been wearing them for some time, and have found them to be a staple of the latest fashions. The combination of golf socks and knickers is said to be a popular one, and is expected to continue to be so for some time to come.
