The University Argonaut

VOLUME XXVI
UNIVERSITY OF IDAHO, MACHADO, SUNDAY, OCTOBER 14, 1934

NUMBER 8

Kisty Bill Will Bring Wiles of College Life

Dear Sirs,

Well I reckon you are both glad to hear from me after a few days as you promised me. I know it is not quite as wild a life as is up in it, but it is quite a good one. The class is pretty good - there are four of us registering as last minute. One fellow says he will be a motion picture person some day and another claims to have been in quite a few pictures. But we have not been in the scenes themselves. Most of the pictures we have been in have been taken in the State of Idaho. People over there especially like Idaho. I believe you will find it is just as true today, but I am sure it will be easy to do some good work here if you just take your chance and work out things. It has got to be a new chance for me to do at least. I hope it will not come to that. You better be careful not to let him know that I am writing to you. If he finds out it is just as much as you can do to get a chance to live. It was quite an experience to see the railroad in all different times, and the weather is just as rough as ever.

Yours truly,

Hollis

NEW FEES SYSTEM GOES INTO EFFECT

General Secret is Iowa State

Much headchewing is being done in the various departments of the university for the benefit of the students. A new system of registration has been inaugurated this year by the registrar. It is designed to make the work of the registrar easier and more efficient.

The new system consists of three main parts: the first being the payment of fees, the second the registration of students, and the third the issuance of degrees.

The payment of fees is handled by the treasurer, who is assisted by the secretaries of the various colleges. The treasurer collects the fees from the students, and the secretaries of the colleges forward the lists of students to be registered.

The registration of students is handled by the registrar, who is assisted by the secretaries of the various colleges. The registrar keeps a record of the students registered, and issues degrees to those who have completed their work.

The issuance of degrees is handled by the director of the university, who is assisted by the secretaries of the various colleges. The director issues degrees to those who have completed their work.

These three parts of the system work in close cooperation, and are designed to make the work of the registrar easier and more efficient.

Kitty Bill Will Bring Wiles of College Life

Six Veteran Vandalistas Will Be Back

With greater reserve than ever before, Idaho faces tough football schedule

Eight Hard Games Are Slated, Including Two Home Contests and Another Road Jaunt to Los Angeles

Viewed at this early date it is difficult to determine where the football outstanding of the University of Idaho will be found this year. It is certain however, that the four of tomorrow's stars who are expected to fill the shoes of 1934 will be expected to perform.

Offering this, however, is the prediction that the offensive line will be a strength of the team. With the return of the four of tomorrow's stars who are expected to fill the shoes of 1934, the Idaho football team has a chance to perform.

Last season the Vandal first string was the exception, and what is more, the Idaho football team has a chance to perform.

But whatever one sees there is something new in football. The Idaho team, in fact, is not saying just now what they expect the season to be. They have no idea what the future holds for them, and it is certain to be a football season of some magnitude. Will the Idaho football team have a chance to perform?

Any way that one looks at the matter the Idaho football team has a chance to perform. It is a football season of some magnitude. Will the Idaho football team have a chance to perform?

MOVING PICTURES TAKEN OF LACY CORNER STONE

Conferences in connection with the activities of the university's students' association and the student government will be held at the University of Idaho, beginning Sept. 17, by the Masonic grand lodge of the state. The conference will be held at the Masonic lodge, 421 S. 5th Ave., for the benefit of the students.

The stage for the conference is being set up in the Masonic lodge, 421 S. 5th Ave., for the benefit of the students. The conference will be held at the Masonic lodge, 421 S. 5th Ave., for the benefit of the students.

Grocery Says:

Every year a season, with its considerable expenditure of time and money, presents every one of you with two vital questions:

1. What will you get out of this year at the university?

2. What will you give to this year at the university?

The experience of age, in college life and elsewhere, has shown that every activity is not without its shortcomings and disadvantages. The greatest danger of the university is that it may prove too easy to the student. It is not that the university is not good, but the student must take care not to become too easy in it.

The student must take care not to become easy in the university. It is not that the university is not good, but the student must take care not to become too easy in it.

Remember our banana cream pie and chocolate cake
Open till 9 o'clock, 3 a.m.

STUDENT TAXI
He up the Hill and the Down is in confined, seven passenger Checker. No any place in town. Trips any special any day and night service — Phone 25.
INSTRUCTIONAL TO STUDENTS

STANLEY A. DEAN, Registrar.

November 2-8, 1939

Dear Students:

Greetings to the University family. Here come the early predictions for the next semester. Our men and women are preparing their final exams, and it is time to consider the future. Many of our students are planning to take courses in the spring semester, and we encourage them to make the most of their time. Our faculty and staff are available to assist you in any way they can.

Sincerely,
STANLEY A. DEAN,
Registrar.
