**Two Leading Fruits Are Threatened By Newest Greek Order**

**"Dilemma Phi Deltas" declared the new policy that the Greeks are putting into effect.** The "Dilemma Phi Deltas," as they are called, must be at least one year of college and must be in a major field of study. The policy is to prevent the members of the two leading fraternities from being able to get out of college than to avoid all of these courses. If, after completing your college, you are unable to go to any foreign country, your eyes may be closed and you will be unable to see the world.

A cheerful smile and a nod of the head says nothing but the effect is to set a sealing ring of friendship. There are many times when that smile and nod is all that you can do, but it is not always enough to make up for lost time. You can never say enough to make up for lost time.

**Clauses in Classical and Interpretable Dancing**

**Mrs. W. M. Michael is planning to have open classes in interpretative dancing on or before January first.** Students who are interested are invited to come and see what it is about. It is a new and wonderful way to express yourself. You will be amazed at what you can do.

**The Decembers are smart and new as can be!** The materials are flat, crisp, color satins, and brocade checks, in all the season's best colorings. You must see them to appreciate them.

FROSH SQUAD HAS STRONG MATERIAL

Yearlings Showing Making Big Mark Next Year; Seven Vets Leave

It made University of Idaho football authorities, particularly those who have been wondering where the team material to punch the gridiron season, feel a little more cheerful now that the Frosh Squad has shown it has material to make a mark.

The Frosh Squad has been working hard the past few weeks under the able coaching of Coach M. B. Jantzen, and has made a definite record in the past three weeks of hard work.

The Frosh Squad has a chance to show what it can do in the coming football season. It is expected that the Frosh Squad will do well in the coming season.

STUDENTS TO EXHIBIT IN Poultryshow

University students will take an active part in the annual Poultry and Livestock show, which will be held in Moscow December 3 to 8. It has been announced by Prof. G. R. Cartwright, president of the agricultural association, and has been the talk of the campus.

The students will be divided into three classes, each containing a number of students, and will be judged on the basis of the work done.

The classes will be divided into two divisions, one for the boys and one for the girls. The boys will be judged on the basis of the amount of fruits and vegetables grown, and the girls on the basis of the work done in the home economics class.
