TWIN FALLS GETS CALIFORNIA COACH

The University of California base-
ball team is coming to the Twin Falls to
play a four-game series against the
twin's baseball team. The first two
games will be played at 7 p.m. on
the campus of the University of
California on Friday and Saturday.

Students Would Go To Church II—

Sunday being Easter, many students who are not so accustomed, went to church. The significant thing about this is not that they went once but that there was enough people there to be basically a religious nature. They do not attend church regularly but this does not mean indifference or disinterest of religious matters. The large church attendance indicates that Idaho students accord a definite place in religion of their grade of life. But it also raises a question. Granting that on a private status people are a decent sort and are not scurrying from the churches and their works, why does that Easter Sunday go to them to go to church in any considerable number?

It is not supposed that they don't go on other Sundays because there is too much preaching. Not that the preaching in W.W. is object to go, but they are doing with college students, say the they are the most critical people in the world. And the very reason for their absence, the acquiescence of a worshipping knowledge of facts, the great indifference of arguments and theology caught in aktuellen terms of mysticism. They find their scientific training to be inconsistent with the teaching of the undervalued and imperceptible teachings of many preachers.

Those who think about it seriously, find no conflict between their own profession and science. But they do find the average person baffled and to them, meaningless in many instances. The trouble seems to be that churches and not with the students because all evidence shows students willing to meet religion more than half way.

If they are to be taught about things of practical religion, the teacher must know at least as much as the learner.

A. S. U. I. Nominations Thursday

It is to be hoped that the people who are placed in nomination Thursday for the faculty will do their best to be called candidates. In order to carry on the important work of the A. S. U. I. it is necessary that the majority of officers be something other than number lumber. When an annual student body election is held, there is no hope of getting good people elected so each one should take interest to find the best men and to the best to the best and the best to the best.

Easter Sunday

Easter Sunday was spent in a good of the church. Many of the members went to church and spent the day in religious services. The services were well attended and the atmosphere was one of peace and happiness. The Easter Sunday was a joyous occasion and the students were glad to have the opportunity to attend.

Idaho is Love

Coach Matthew has a good team and a good atmosphere which is very conducive to success. The team is playing well and is doing its best to improve. The players are working hard and are dedicated to winning. The coach is a good leader and is doing a good job of leading the team. The team is a close-knit group and is working well together. The team is playing well and is doing its best to improve. The players are working hard and are dedicated to winning. The coach is a good leader and is doing a good job of leading the team. The team is a close-knit group and is working well together.
