I was very pleased to see the results of the new student union vote, as the majority of the votes were in favor of keeping the current design. The project is scheduled to begin in the first quarter of the new academic year, and the new student union is expected to be completed by the spring semester. The current student union building will be torn down, and the new facility will be constructed in its place.

The new student union will feature expanded dining options, a state-of-the-art fitness center, and a variety of social and academic spaces. The design includes a central atrium with natural lighting, which will be a focal point for the entire campus.

I believe that this project is a significant step forward for our institution, and I look forward to seeing the progress as we move forward. Thank you to everyone who participated in the vote and for your continued support of our campus.
Views of the Readers

The American people have always been known for their appreciation of the arts. This is evident in the comments and reviews published in newspapers and magazines. One such example is the letter from a young woman named Mary who expresses her thoughts on a recent performance at the theater.

"The play that I saw last night was absolutely amazing. The actors were talented and the set design was breathtaking. I would definitely recommend it to anyone who loves theatre."

Another letter comes from a man named John who is an avid reader and writes about a book he just finished.

"I just finished reading "The Great Gatsby" by F. Scott Fitzgerald. It was a fantastic novel with rich characters and a captivating storyline. I would highly recommend it to anyone who enjoys classic literature."

These letters demonstrate the diverse range of opinions and passions held by the American people. Whether it's theatre, literature, or other forms of art, the American people have a strong appreciation for the arts.

Vandals Will Be Prepared For North Dakota Bison Dads' Day Despite Team Injuries

The Idaho Argonaut, Moscow, Fri., Nov. 20, 1936

Only Three Regulars Slated To Start; Others Ill or Injured

Three regulars that Coach Hurley will have to do without when Idaho hosts North Dakota today is a great loss to his team. At least two of the others listed as starters are uncertain. Most of his men are coming off an exhausting 15-game schedule that left them tired at the end of the road, "Tom Fool," as he calls them. Today will be the first game in the indoor season without a night game. Vandals will be unaccustomed to playing under the lights. To add to the physical strain, the team is in the immediate Thursday game. North Dakota, of course, is also in the immediate Thursday game, but theirs is a short one.
