Two Minutes About Movies

(Continued on Page Two)
Let's Go Ahead And Boo

Periodically in the life of every school paper, a word or two about the university loafing, the students being uninterested, the newspaper suffering, and generally representing its editors as a sort of philosophy, which is always interesting to one who has never participated, but is not very interesting to the one who does. The Argonaut intends to be different. It takes this opportunity to urge every member of the AUFB to make something of his life.

Currently, considerable excitement is being yelled about the general decline of the American university. In many cases, this decline is what it should be, and is primarily due to the general decline of the high school. However, it is the responsibility of each university student to do his part to improve the university climate. We should all strive to make our university the best it can be, and that is not a lofty goal.

And here we have

Hi-De-Ho

Are the evils of Idaho's tuition troubles the same as those in the rest of the country? Probably not, but they are in some respects. The University of Idaho is a state institution, and its existence is dependent on the support of the people of Idaho. This support is in the form of tuition fees, grants, and donations. If we want to see our university thrive, we must do our part.

The Movie-Go-round

Kensucky

"Steeped," by Shirley Temple—Tuesday, Wednesday, and Thursday.

By the time you've seen a couple of glasses and a couple of movies, you've learned a little bit about what you could call "Steeped." However, this is not the real thing. "Steeped" is simply a cautionary tale about the dangers of too much alcohol.

The Argonaut

Musings of the Elder

To the Public:

Today was dreary. Too. Took two quarts of coffee to get up.

The hypothesis.

It is interesting to note that yesterday we had a chance to see some of the old gang taking part in the Famous Five Caper. As the old saying goes, "the famous five are back in business!"

For the most part, they were up to their usual tricks, but there was one special item that caught our eye. It seems that they have been developing a new type of gun that they call the "Famous Five Gun." The gun is said to be very effective in close-range combat.

We were the only ones who got to see it, but we hope to get a closer look at it soon.

Let's go ahead and boo.

The Inflammatory

Dr. J. H. Rhydrige

We have received a number of letters from our readers expressing concern about the recent increase in the price of gas. We understand these concerns and will continue to monitor the situation closely. As always, we encourage our readers to be responsible and make informed decisions about their personal finances.

Oh Please Practice Restraint! Don't Let The Urge Get You

By Guest Penfold

This time it comes in every day when the students gather at the Student Union to discuss the latest campus news. It is a common sight, and it is a part of campus life.

As the sun sets and the day draws to a close, the Student Union is usually filled with students engaged in lively conversations. It is a great place to meet and hang out with friends.

Nautilus

Well, it's time to get out of here. Have a good day.

MATTINIE SAT.

Weather Warnings

Be prepared for the next few days as we anticipate another round of wet weather. It is important to stay safe and prepared in case of any potential hazards.

Bell Telephone System

Why not call Mother or Dad tonight? Rates to most points are lowest after 9 p.m.
All-Round Stars Make The Grade On Idaho Five

Idaho's team may be made up of freshmen, sophomores, and a few veterans who know how to play. But no team has ever been more of a team than the 1937 Idaho team. The four freshmen, all star material, have a combined average of 20 points per game, while the sophomores have a combined average of 15 points per game.

Greatest Cougar Team of All Time

This year's Idaho team is considered by many to be the greatest Cougar team of all time. The team is led by four freshmen, all of whom are expected to be stars for years to come. The sophomores, while not as talented as the freshmen, are still more than capable of winning games and bringing home the WAC title.

The Idaho State Argonaut

The Idaho State Argonaut is a weekly newspaper published in Moscow, Idaho. It covers local news, sports, and events in the Moscow area, as well as issues of interest to the Idaho State University community.
Industrious Individuals Imbibe Information Impetuously

- By America Whitney

A well-dressed woman was strolling along a city street. She was engrossed in reading a book, her black leather coat and matching hat adding to her elegant appearance. The sun shone brightly, casting long shadows on the cobblestone sidewalk. People passed by, some with papers in hand, others lost in thought. The woman, however, remained focused on her book, oblivious to the world around her.

Newspaper-Free Wages

Newspaper-Free Wages, a concept that is gaining popularity among the younger generation, is changing the way people get their daily news. With the advent of digital newspapers and apps, individuals can now have access to the latest headlines without the need for a physical newspaper subscription. This trend is not only saving money but also reducing the environmental impact of daily newspapers.

Oregon Gowns

Oregon gowns, with their intricate designs and vibrant colors, are a staple of the Oregon women's fashion scene. These gowns are known for their high-quality craftsmanship and are worn by many women at formal events and galas. The tradition of wearing Oregon gowns is a reminder of the state's rich history and culture.

Home-Ec Students Now Demonstrators

Home Economics students are now taking part in demonstrations to showcase their skills and knowledge. These demonstrations involve cooking, baking, and other household tasks, allowing students to demonstrate their abilities to the public. The demonstrations are a way for students to gain real-world experience and to share their expertise.

Santa Is Such a Nice Man! But Now We're All Wet!

Santa Claus ran out of patience and threw his riding cap at his reindeer, who were pulling a sleigh full of gifts. The sleigh was filled with toys and gifts for children of all ages. Santa's outburst caused a bit of commotion, but the children continued to laugh and enjoy the holiday spirit.

Good things come in Threes

Good things come in Threes, a principle often observed in nature, such as the three elements of water, fire, and earth. This concept is also seen in the world of fashion, where three is a popular number for outfits and accessories.

You say MILDNESS

Yes, you get it in Chesterfield—refreshing mildness that's never flat.

You say GOOD TASTE

You can't argue with that. It's a definite win-win.

You say AROMA

Sure, the aroma of mild ripe tobacco...the blend of the home-grown types plus aromatic Turkish...makes Chesterfield an outstanding cigarette.

For the good things smoking can...Enjoy Chesterfields
