The Happy family went on a trip to the beach last week. They had a great time, and it was a great way to spend the day. They ate delicious food, and they played in the sand and water. They also took some great pictures, and they had a lot of fun. They are already planning their next trip.

The old saying about a woman being as old as she looks is very well known. However, there are people who believe that this is not true. They believe that age is just a number, and that it is not important. They believe that a woman can look as young as she wants, and that it does not matter if she is old or young. They believe that this is a very important issue, and that it should be a topic of discussion.

Will Name of Blue Bucket Faded?

Students Comment Pro and Con

By Margaret King

It is the Blue Bucket, that trusty bau of our Student Senate, which is to be ruined by the inconsiderate hand of some student who is not there to see to it. The bucket is a symbol of the Student Senate, and it is important that it be properly maintained.

Mary Lou Morouche, president of the Student Senate, made her mark on the blue bucket with the red brush. A little red paint was used to give it some color. The bucket is now a little more noticeable.

Speaking of new friends, have you noticed the green paint on the walls? It is a sign that our Student Senate is always ready to help.
