Classmates To Meet Again
During Alumni Day: May 28

Final plans for our annual聚会 from all walks of life will soon be announced by Alum, May 28th. All those interested in attending or volunteering their services should contact James M. Lyle, alumni representative.

Military Awards Given

At the annual award banquet held last night, three students were honored for their outstanding service and dedication to their country.

Public Will Have Chance To See 3-Dimensional Film

A three-dimensional motion picture is coming to the University of Idaho tomorrow night. To see it, each member of the audience will wear a pair of special glasses.

Engineers Tour Heavy Industry

A group of mechanical engineering students under the supervision of Professor M. F. Smith made a tour of the heavy industry areas.

EE Students Take Field Trip Through Power Stations

The electrical engineering students and Professor M. F. Smith went on a trip to several power stations.

Rifle Club Names Fisher High Man

Fisher Highman was named captain of the rifle team.

Forestry Department Sponsors Two Training Schools

The forestry department will be holding two training schools for students.

Library To Be Reconstructed

The library is due to be reconstructed at the beginning of the fall semester.

Summer Session Starts July 1

The summer session starts on July 1 and runs through the middle of August.

Students Learn Essentials Of Fire Fighting

Chief Carl Reams, head of the Fire Department, gave a fire fighting demonstration to the students.

Low Bid Entered For Forest Camp

Low bid for improvements at the forest camp near the college was recently awarded to B. J. Tyler.

B. J. Tyler was awarded the contract for improvements at the forest camp.

In a recent wedding ceremony, Pat Egan and Richard Johnson were married.

The two were married in the Cherry Hill Presbyterian Church.

The wedding was attended by family and friends.

The bride, Pat Egan, and the groom, Richard Johnson, were both students at the University of Idaho.
Legumes, Grasses Will Cause Wheat Rotation Benefits

Four benefits from legumes and grasses, according to W. S. Austin, superintendent of the University of Idaho experiment station at DeSmet, and Hugh Hendrickson, assistant experiment station service engineer of Idaho legume experiment studies.

Reporting on trials with clippings from dwarf clover, annual clover, and several species of grasses, he said:

- Wheat yield was increased by the use of legumes and grasses in the previous year.
- Nitrogen, phosphorus, and potassium contents in the soil were increased by using legumes and grasses.
- The more legumes and grasses were used, the higher the yield of wheat the following year.
- The more legumes and grasses were used, the higher the yield of wheat the following year.

Additional benefits include improved physical conditions of the soil and better soil fertility. Summer wheat following following annual clover is over wheat following a year of grasses.

The previous year's yield of wheat is increased by the use of legumes and grasses.

PhD Thesis Honors Regional Coluvaue

Alta Kepsta of the Ph.D. program in the Department of Plant Pathology and Forestry, Chapter Six, is the second in a series of five projects to be completed in this area.

A study of the effect of temperature on the growth of wheat seedlings was made. The effects of temperature on the growth of wheat seedlings were measured. The effects of temperature on the growth of wheat seedlings were measured. The effects of temperature on the growth of wheat seedlings were measured. The effects of temperature on the growth of wheat seedlings were measured.

Rider's In The Sky

By campus standards, or any other standards, "Riders in the Sky" is a hit. The music of this show hails from Idaho, but at the same time it has something beautiful and fascinating about it. Its appeal is in its purplish, blue-grey, shadowy world. The audience was in a state of wonder at the beginning of the show, but as the show progressed, the audience became more involved and interested in the story. The show is a hit, and it has brought the audience to the edge of their seats. It is a show that should not be missed. It is a show that should not be missed.

Idaho Students Place High In Good Graduate Schools

One good test of the quality of teaching at any school is the ability of that school to supply its graduates with positions in the best graduate schools in the country. This test has been met by the University of Idaho, which has long been well known for its excellent undergraduate and graduate programs. The university's graduates have been highly successful in getting positions in the best graduate schools in the country, and it has been a major factor in the university's success.

Increasing Opportunities

Especially during the last two years, many have held or acquired new positions on campus or in the community. The number of available positions is high, and the university is able to attract many talented people to work in the departments. The university is able to attract many talented people to work in the departments. The university is able to attract many talented people to work in the departments.

New Third Floor Conveneet

J. E. B. Reynolds, president of the University of Idaho, has asked the executive committee of the Student Government Association to meet on the third floor of the College of Education building.

WRB Board Activities Program

The Women's Board of the University of Idaho is planning a series of events for the next year. The events will include:

- A concert featuring a local orchestra
- A lecture series on current events
- A workshop on business management
- A seminar on nutrition
- A film series on contemporary issues

Students participate in all phases of the activities program.

Resting Is More Restful When You Add Coca-Cola

Your clothes are always good to look at when you are wearing Coca-Cola. Your clothes will always look good, even if your clothes never look good at all. Your clothes will always look good, even if your clothes never look good at all. Your clothes will always look good, even if your clothes never look good at all. Your clothes will always look good, even if your clothes never look good at all. Your clothes will always look good, even if your clothes never look good at all.

Picnics, Banquets Crowd Last Of Spring Events

Feeling the end of another semester near, D.G. girls and boys were not to be outdone by the boys, and the regular spring trip was planned. March 30 saw the D.G. girls and the Kappa Alpha Fraternity on a picnic, and the Lambda Chi Fraternity on a trip.

Kappa Alpha Theta

A group of 15 girls spent Saturday night in the hands of the girls. They were accompanied by the D.G. and B. C. girls, and a group of arrangements. Each girl was presented with a gift and entertainment was provided. Their program was under the leadership of Mary Jones, who presented a special gift for their leader.

Lamb Chi To Lease House; Will Accommodate Forty

A graduating dream of the Idaho chapter of Lambda Chi Alpha fraternity came true Tuesday when Earl Baker, president, announced to the fraternity that the house will be occupied by a new student fraternity at W.G.C. He is succeeded by Carl Detterbeck.

Engagements Told By Two Students

L. Hope, former president of the Lambda Chi Fraternity, announced Saturday that two students are engaged. Miss Maxwell and Miss Jo Ann Maxwell will be engaged.

Ohio State Offers Marriage Advice To Troubled Couples

A marriage counselor new supplement marriage services to Ohio State students. Marietta Smalley is engaged in the service. The new service is to be held in the basement of the student union.

Lunching the last morning before the last day of school, Miss Maxwell will be presenting the final installment of this series. The last installment will be presented by Mr. V. Barton, who will be introducing the final installment of this series.

Charter Members Visit Alpha Chi

Twenty-five years ago, Alpha Chi was founded at Idaho. Eight of those charter members were present for the celebration and paid the tribute of a song. These three original members were: Miss Helen Smith, Miss Gertrude Johnson, and Miss Eliza Johnson.

The marriage counselor is available to the students, and she is an active member of the student union. She is also a member of the student union and is a member of the student union.

Six Teams Compete Here
In ND Links Tournament
WSC Golf Squad Termied Favorites

The University of Montana will be host this weekend to a golf tournament which will be
held at the University of Montana golf course. The event has been
organized by the Montana Men's Golf Association and the University of
Montana. The event will feature 24 teams from across the country. The
Montana team will be in the field and will be seeking to improve their
position in the national rankings.

Time Out

"Maybe-I" In Action

By LES NICE

Last Saturday was a busy day in the
University of Idaho football world for
two reasons. First, the Idaho Vandals
won their first game of the season
against Oregon State, 14-12, and sec-
ded, the University of Idaho football
coach, George Maw, announced that he
would be resigning after the game. Maw
has been the coach at Idaho for six years
and has won 26 games during that time.

Maw's departure leaves a blank spot in
the coaching staff. The Vandals have
been a consistent performer in the Pac-
12 conference and have become a favorite
of football fans around the country.

The Vandals have a tough schedule
coming up, with games against Oregon,
Washington State, and Washington next
week. The Vandals will need to step up
their game if they want to make it to the
Rose Bowl.

Baseball Squad Ends Season With Pair Against Cougars

The Idaho baseball team will wind up the conference
season this weekend against the Washington State
cougars. This will be the final game of the season for
the Vandals and the Cougars will be playing for their
conference championship. The game will be held at
Montana Stadium and will start at 1:00 p.m.

MONTANA COUGARS

WILLIS SWEET NAMED CHAMP OF YEAR'S MURAL PROGRAM

Instruments, competition drew to a close last week, with
Krisa Singh of Walla Walla, Wash., being named the
champion of the Seattle Art Institute's Murals Program
finals. Singh's painting, titled "A City of Angels," was
first place finisher in the paint-by-number category.
The trophy will be awarded at the Seattle Art Institute's
opening ceremony for the Fall 1989 season.

The three-day front brought a smile to the faces of
those who had been waiting for the rain to stop. Singh's
work was taken by Mike Zay, who had been told to use
the pastel medium. The pastel medium is favored by the
artists in the program due to its soft, flowing nature.

Singh's painting was a cityscape with angels flying
over the city. The angels were depicted as angels of peace
and love, spreading their wings to guide the people of the
city. The painting was a tribute to the city of Seattle and
its inhabitants.

Singh is a student at the Seattle Art Institute, where
she has been studying mural painting for the past two
years. She has won several awards for her work in the
program, including the Grand Prize for her painting in last
year's competition.

Singh's work was well received by the judges, who
were impressed by her use of color and composition.
They praised her for her ability to capture the essence of
the city of Seattle in her painting.

Singh plans to continue her studies in mural painting
and hopes to one day have her own mural painted on the
side of a building in Seattle. She is considering applying to
several art schools to further her education in this field.

The Seattle Art Institute's Murals Program is a
competitive program that awards cash prizes to the
winners. The program is open to all students at the
institute, and anyone can apply for the contest.

All entries are judged by a panel of judges, who
consider the artwork's composition, use of color, and
originality. The judges look for pieces that are unique and
that capture the spirit of the city of Seattle.

The 1989 competition had a record number of
entries, with over 100 pieces submitted. Singh's work was
selected from over 100 entries to be a finalist in the
competition.

Singh's work was金融危机 by the Seattle Art Institute,
which has been sponsoring the murals program for over 20
years. The institute is committed to providing students
with the opportunity to express their creativity through
mural painting.

The Seattle Art Institute's Murals Program is just one
of the many programs offered by the institute. The
institute is dedicated to providing students with a
