The Idaho Book Store

Successor to the Co-op

MAKES ITS BOW

Without apology but with justifiable pride, we introduce a new, pri-

vately owned bookstore organized in the traditional American pattern.

The new venture stands upon democratic privileges of private enter-

prise, free competition, and the hope of profit only if our patrons

find us worthy

After four years of operation, the University Co-Operative

Book Store was voluntarily dissolved. Last month, the

Idaho Book Store was acquired by the individuals who

sponsored the organization.

The operating budget of the store is now drastically re-

cut, and the elimination of overhead, which would greatly

reduce expenditures. The new policy is to pass savings to

the students in the form of lower prices for merchandise.

Danger will be more direct, and to a larger portion of the

student body, than ever before.

A TIME-TESTED POLICY

Our merchandising policy will sound familiar to old friends.

Its objects, in order of their importance, are

1. Service to the University

2. Economy to the Student

3. Profit to the Investor

We neither expect nor desire all of the book and supply business in

Idaho. But there are many who approve of our store and its policies.

To those of you who share our convictions, we direct a fair share of your patronage.

Three Men Begin Track Workouts

Some Colorado coaches and managers have begun preparing for the 1940-41 season and the Pacific Coast Conference schedule, which is scheduled for Idaho's third year in the meet. A few days ago, Coach Mike Magee, of the Idaho team, met with the coaches of other schools and discussed the meet schedule.

The Idaho team will be held in a week after school starts. We can't say anything about this thing because we don't have this thing until the next season.

I suggest we begin the school year in the same numbers we kept this past season, but we have to keep our teams up there. This is a time when we have to take a look at the teams we have and see if they are fit for the season. We have to make sure we have a strong team that can compete with the other teams in the league.

The dreams of many generations of Idaho graduates were realized Tuesday evening when William W. Olson, of Boise, opened his office on the second floor of the University of Idaho as the first full-time alumni secretary in the history of the university. The new office and a program for local organizing will be centered and started this week during Homecoming. A permanent staff of three, including an assistant secretary and a secretary and stenographer, will report to Boise with Olson when school begins later this month.

Olson, a graduate of Idaho, has been in the personnel department of the University of Idaho for the past three years.
