Marian Franson Wins Presidency By Big Margin

Curtain Rises Tomorrow On "Late Christopher Bean"

Associated Party Takes 5-4 Majority

In ASU Executive Board Race

PREXY

"I'd like to thank the students of the Idaho Argonaut," said Marion Franson's '71, who has been elected president of the Student body.

Marian's spearling smile and swaying personality in her speech from a scholastic standpoint make her a strong candidate for the top spot for three years. Her speeches are humorous, spirited, and well-received. She has more of a social standpoint in her speech, which is also well-received. This combination of her personality and social standpoint make her the best candidate for the top spot.

Marian's campaign lasted four weeks and she was elected president with a majority of 5-4 majority in the ASU Executive Board Race.

Musician Schedule

"Pop" Concerts

Service Theme

First of a series of "pop" concerts was presented by the Associated Student Body on Saturday night in the University of Idaho Student Union. The series will continue for the next four weeks, with each concert featuring a different group of musicians.

Marian Franson, Associated Student body candidate, was selected by the Associated Student body for this position.

Executive board members who were present under the provisions of the Associated Student body constitution were present under the provisions of the Associated Student body constitution.

Five of the students elected to the Associated Student body were appointed to the Associated Student body. They are: Jennifer Lott, Fred Watson, Elain Thomas, Elain Thomas, and Walter, Jon Barlow, and David Bowers. They did not receive their majority of 44 votes but were elected according to the number of ballots cast. 

The Associated Student body board was selected by the Associated Student body and the associated Student body group. They are: Brian Evans, Laura Howard, Jon Barlow, Mary Jane Neff, Martha Johnson, Charles Miller, and Jon Howard. They were elected by someone number of the board.

Ehrlich Insects

Bister Rust

Regular spring inspection will require the student to take several measures to control the insects in the kitchen. Bister rust is a common pest, especially in the spring when the rust begins to flourish. In the spring, the rust begins to flourish.

A kit is on the market that is designed for this purpose. The kit includes several chemicals that can be applied to the insecticidal jackets. The kit is easy to use and effective in controlling the rust.

Report Discloses

Glasy Missing

A search is on for the missing student, as the student has not been seen since March. The student was last seen leaving the library with a friend.

Communique

At the moment when the Anglo-American armies again join the battle for the liberation of Western Europe, General Dwight D. Eisenhower and Marshal Georg K. Zhukov can now quote directly from the speeches of their predecessors in 1917. It is no wonder that the Allied troops of every nation are imbued with the mission to redeem the millions of Occupied Europe that the Allied armies will enter these countries under the flags of the Anglo-American imperialist who had the world in 1815.

In April 1944, the United Nations adopted a resolution demanding that all the powers of Europe and their allies be...
A REPORT TO LATAH COUNTY
from your chapter of the
AMERICAN RED CROSS
On the Successful 1944 WAR FUND Campaign
Completed in March

WE ARE delighted to report to our
thousands of members in Latah
County that the 1944 War Fund final tabula-
tion shows we raised 133 per cent of our
quota. This remarkable record is one that
Latah County can be proud to remember
—especially in those trying days ahead
when you'll be comforted by the thought
that "Your Red Cross Is At His Side."

The Latah County Chapter was ad-
vised by the San Francisco office that it
was the 18th in the entire Pacific Area
and the 4th in Idaho to meet its goal. The
final figures show that the goal was
far surpassed with $31,165.63 raised
compared to an original quota of
$23,500.

The relatively brief time re-
quired to raise this fund shows not
only wonderful co-operation from the en-
tire Red Cross organization here, but
whole-hearted response from practically
every individual and business firm in this
territory.

The success of the drive will enable
Latah County to add its part to the na-
tional fund and still retain ample money
for the many services and projects that
are carried on locally in connection with
the war effort.

The Rev. O. LeRoy Walter, regional
war fund director, and R. K. Bonnett,
county chairman, join me in grate-
ful acknowledgement to community
chairmen and committees for their
time, thought, and effort given in
helping to meet the vastly increased
needs of the American Red Cross.

R. O. WEISEL
War Fund Chairman

Associated Students, U. of I.
Vandals Open "Black" Season Friday

Harper Hires Machine Care

Career and repair of sewing machines, subject of third-"Black" Conference, will be demonstrated and discussed by Elizabeth Aikens of the home-economics department of the University of Idaho in Moscow on Thursday, May 3, at 2:30 p.m. in the home-economics department of Moscow high school.

All women are invited to attend and bring the heads of their machines and obtain individual help from Miss Aikens towards her demonstration.

These workshops are being planned by the adult homemaking clubs of the University for the benefit of housewives who may be having trouble with small appliances in the home.

Members of the Moscow Homestead club have volunteered to serve as instructors for these meetings.

Coach Postpones Golf Meet

Lack of interest and commitments from both Washington State and Idaho has been the reason for the postponement of the golf meet scheduled for this week. Coach A. J. (Black) Shorter feels that interest improved and more events soon followed, improvement still would be held.

Women To Begin Bridge Games

Bridge games for the women of the University were held in the Ballroom Friday afternoon until 5:30 p.m. under the direction of Mildred Davison, whose idea was to have partners from one table exchange with partners from another. In this way, the women will become better acquainted and also will receive help in competitive play. "Double Bridge Night" at the Ballroom next Monday should be a decided improvement for these table card players.

The second of the bridge games sponsored by the women of the University of Idaho, will participate in the bridge games at 10 p.m. Friday night.

There was an unusual rush to book the dance place to see who might win.

Send Your Portrait To Mother's Day

For All Cans and Gowns

Hutchison Studio near the campus

72 Home Plates Awarded Hutchison Portraits

None of the Idaho players and staff should provide the Cougars with plenty of trouble. John Harnage, freshman second baseman, and Bob Addis, sophomore third baseman are two other players the home team might have to watch. Warneke (Old History) Brown, first baseman, is beginning to feel the pinch by playing all games and keeping the plate free for other seniors.

Cardinal Key Has Sunday Tea

Cardinal Key, junior women's social organization, will hold a tea for all junior women of the university with friends who are on campus and members with club friends to begin the tea season.

This tea will probably be in one of the sorority houses.

Idaho has only one letterman gone from last year's team, but the return of several players who have shown their ability, will make "Canyon" better. Bill Carbaugh is the only returning player from last season. The out of state Conference will prove to be a big challenge.
