HER SACRIFICE...

one of thousands

It's not an EASY task—being a mother, today. So many of them have sons who live in constant danger, fighting the hardest battle of their lives, the hardest battle the world has ever known. Not all of these sons are coming back. Many of them are lost already, many mothers have gone through that feeling of terrible loss, heart rending days may be ahead for many more. The people of America recognize these mothers as the gallant women they are, carrying on in the face of sorrow. We dedicate this to them, the Gold Star Mothers of America.

... so it shall not be in vain

You cannot pretend to realize the grief an official telegram telling of the death of a son can bring, unless you have shared in the experience. But you must realize that the sooner the war is over and done with, the sooner the millions of mothers can relax, a great weight lifted off their hearts. And above all, buy at least one extra War Bond in honor of Gold Star Mothers and their sons. Dedicate it to them today, help our soldiers and sailors tomorrow with the guns it will buy. The longer you hesitate, the more gold stars in the windows of America, the more sorrowing homes.

Mike Ryan To Begin Ninth Season
As Head Of Idaho's Track Men

When Mike Ryan opens the door to his training room today he will usher in his ninth season at the helm of Idaho's Track Club. With the emphasis still strong on physical fitness, Coach Ryan stated that the need for replacements will be great and every man turning out will have the opportunity to impress him.

There will be the regular schedule of meets plus more tentative events at Boise, Idaho and some at the West Coast. Other events will be held on the Pacific coast and the coast of the Northwest.

Coach Ryan has no idea of the number of his team will be, but he feels that his team is superior in every way to any other team in the country.

Remember Tony?

While visiting in Spokane last week this reporter had the pleasure of meeting L. T. June Anderson, one of Idaho's famous swimmers of the 1930s. Remember that it was the year Idaho last wore its first three by the top, whileapi-sun and then held mighty Washington to a 14-14 tie. Sparks sailed among the usual teams, and none this year can measure up to the team.

Tony was asked the question the next weekend by leaving to UCLA 60 to 0.

Getting back to Tony, who was the center on that team, (and a good one, too), he graduated in 1942 and enlisted in the air corps where he has been playing for keeps ever since. After going through primary, base and advanced training Tony was commissioned at Fort Sander, New Mexico. His assignment to B-17 group took him to Italy in January of 1944.

In Italy, in his 88 missions Tony picked up the shipment and eight night combat missions which speaks well enough for the kind of a fight he is in.

Karen Missing

Idaho's famous Ted Kuro war, this week, reported missing in action in the South Pacific. Ted was the captain of the 1938 Olympic boxing team which went to Berlin. He was undeniably in combat and the war was continued and won three national titles for the Vandals. His is a name that will be remembered as long as they lived.
