Hello Week Opens At Mixter Tonight In Blue Bucket

StuCo’s “hello week” will take place this year in the beginning of the new school year. All students, officers, and students entering the school within the last year will gather for this fun-filled evening at Mixter. The purpose of this is to allow students a chance to get to know each other and to promote a friendly atmosphere.

Tickets Given As Prizes For Jungle Contest

Offering two tickets to the University of Idaho Homecoming Dance on October 13 to the student with the best jungle costume. The dance will be held in the Student Union Building. The tickets will be given to the student whose costume is judged best by the judges. The contest will be held on October 10. The first prize will be two tickets to the dance, and the second prize will be one ticket. The contest is open to all students.

PEN BAND

The university pen band will have a concert on Thursday, October 13, at 8:00 p.m. in the University Union Auditorium. The pen band will perform a variety of pen tricks and pen manipulations. The concert is free and open to the public.

Arrest Made At Mixter

A man who was in possession of a firearm was arrested at Mixter last night. The man, who was carrying a loaded handgun, was cited for the violation. The case is currently under investigation.

Name of Faculty Councils

Members of the standing committees of the Faculty Council are the faculty council for the year 1961-1962. The president of the Faculty Council is J. E. Buchanan, chair. The members include: Dean T. S. Sepp, vice-chairman; and G. A._air, secretary. The Faculty Council meets on the first Wednesday of each month.

Safety Previs Around Campus

Ten million dollars has been allocated to the campus safety fund to provide security for the campus.

Tractors Increase On Idaho Campus

Estimates of the number of automobiles on campus have been high. However, the number of tractors has increased significantly.

Housewives Fill Important Posts

Mrs. Raymond C. Dillinger, wife of the president, was appointed to the national board of directors of the American Home Economics Association. Mrs. Dillinger was selected for the position because of her work with the University of Idaho home economics department.

In addition to the above, a number of other important positions have been filled. Mrs. James D. Johnson was appointed to the State Board of Education. Mrs. John E. Brown was appointed to the Board of Regents. Mrs. James E. Johnson was appointed to the Board of Trustees.

President's Message

The Board of Regents is pleased to announce the appointment of Mrs. James E. Johnson as the head of the Department of Home Economics. Mrs. Johnson has been an active member of the Department for many years and has made many contributions to the field of home economics.

Fraternities, Sororities Take Large Groups To Ease Housing Shortage

A total of 1000 students will be housed in the new fraternity and sorority houses. This is the largest group of students ever housed in one building.

Artists Present WSC-Idaho

The Idaho State University Art Gallery will present an exhibition of paintings by Idaho artists from October 10 to 16.

Several Hundred Pledge As Idaho Rush Week Ends

Approximately 1000 students have pledged to join the fraternity and sorority groups during Rush Week. This is the largest number of pledges ever made during Rush Week.

The University of Idaho Art Gallery will present an exhibition of paintings by Idaho artists. The exhibition will run from October 10 to 16.

President E. E. Lineman visited the University of Idaho campus, returning to Moscow from a trip to California. According to the president, the weather was fine and the meeting places were comfortable. 

The Idaho state legislature has been in session for the past two weeks and the session is expected to continue for another month. The legislature is expected to consider a number of important issues, including funding for public education, transportation, and health care. 

Idaho Looks With Pride On Last Year's Graduating Class

With summer gone and the crisp autumn air bringing the leaves into their fall colors, the graduating class of 1946 is celebrated. The class was characterized by a high level of achievement and a strong sense of community. 

The graduating class of 1946 included a diverse group of students, representing a variety of backgrounds and interests. The class was notable for its high academic成就, with many students earning honors and distinctions. The class was also known for its strong sense of community, with students coming together to support one another and to celebrate their accomplishments. 

The class of 1946 was proud of its achievements, and its members were eager to move on to the next stage of their lives. Many went on to pursue further education, while others entered the workforce and began their careers. The class of 1946 is remembered with pride and respect, and its legacy continues to inspire future generations of students. 

University Offers Classes In Religious Education

Several religious education programs will be offered this year, including workshops and seminars on various topics related to religious education. The programs will be open to the public and will be held at the University of Idaho campus. 

The programs will cover a wide range of topics, including the history and development of religious education, the role of religious educators in contemporary society, and the challenges and opportunities facing religious education in the 21st century. 

The programs will be led by a team of experienced educators and religious leaders, who will provide insights and perspectives on the topics being discussed. The programs will be held in the afternoon and evening, and participants will be encouraged to participate actively in discussions and workshops. 

The programs will be open to all, and there will be no charge for participation. However, registration will be required, and spaces will be limited. Interested participants are encouraged to register early to ensure their place in the program. 

WSCI Opens Lab

Ready for use this fall is the newly constructed radio lab in Washington State College. The lab is designed to accommodate the needs of the civil engineering department, and is expected to provide a valuable resource for students in the field. 

The lab will be open to students in civil engineering, and will provide a space for hands-on learning and experimentation. The lab will be equipped with state-of-the-art technology, and students will be able to work on projects that are relevant to real-world engineering problems. 

The lab will be staffed by a team of experienced instructors and engineers, who will be available to provide guidance and support to students. The lab will be open to students on a first-come, first-served basis, and will be available during the normal school hours. 

The lab will be open to all students in civil engineering, and will be available during the normal school hours.

Prexy Buchanan Appoints Hiserman And Belko To Idaho
Vandal Star Takes Reins
As Freshman Mentor

Steve Belko, former all-conference basketball player and football standout at Idaho, will probably assume freshmen (Junior) status next season at Gonzaga University. A native of Boise, the 6ft-7in., 210-lb. Belko, who will be a junior in the fall, was com-missioned as a second lieuten-ant in the army in April. He was first choice among candidates after graduation was at St. Mary’s College. He has become assistant football and head basketball coach at Gonzaga.

“Take Five”
By Chuck Conolly

In being, a sport in which Maine gained national recognition. On the court, he might appear that the sport is no more than a game. In fact, it is another matter altogether.

The intramural sports in the University of Idaho building will be the main events for varsity and junior varsity basketball teams. The Intramural director, for example, at least once a week will send out notices of matches and events.
