Fire Trap?
A friend of ours, about a hundred other people, sat in a theater, with a regular Christmas audience. December 8th and watched the Idaho Argonaut film "Fire Trap!". When the show was over, most of the spectators began to file toward the exit, but this group started to move behind the stage door.

The door was open and it was a picture that told everyone that this door was a "Fire Trap!". This friend of ours was the first of the group of the neglected wooden stairway leading outside. In lack of him were the hundred or so people, all pacing and crowding in the stairway, trying to leave.

The heavy wooden door at the bottom of the stairway was left open, and the crowd was being pushed back by the door. The exit was blocked, and the crowd was being pushed back trying to break through the door. The end of the crowd was at the exit and in the aisle, and the exit was being held by the door.

You can imagine our conclusion as to what would happen if that stairway had some neglected other than a main exit. And we all watched it - I mean, we all watched it. We've all seen how a stairway can lead to a fire trap.

Incident with the Argonaut Film Program.

We have had comments from several people who have seen the film. Some of them have said that the film was very interesting and that they learned a lot from it. Others have said that they were not interested in the film and that they did not learn anything from it.

We believe that the film is a valuable educational tool and that it should be shown to as many people as possible. We encourage all students to watch the film and to learn from it. We also encourage all students to share their thoughts about the film with us.

Thank you for your support.

IDANAH ANARGON, UNIVERSITY OF IDAHO

TIPS FOR VETS

Of interest to veterans who have dental problems was the news received this week from the Idaho regional office. It seems that many veterans who have dental problems have either been turned away from the program because they do not have the proper documentation or have had to wait for dental treatment. However, equilibrium will be restored if all veterans who have a need for dental treatment are treated and authorized dentists must be involved.

Other news from the VA this week was directed to veterans who may be planning to change schools after the end of this year. It seems that many of the veteran's educational offices at the Connecticut VAMC have changed, and many of the individual veterans have had to go through the process of changing schools.

In the meantime, we should try to be patient and to remember that there are many people who are trying to help us.

We hope that with the help of the veterans, we will be able to solve our problems and to make sure that all veterans who have a need for dental treatment are treated. We encourage all veterans to keep in touch with us and to let us know if there is anything that we can do to help them.

Idaho Squad Prepares For Strong WSC Conference Tilt

Vandals Tackle Cougars In Third Conference Go

Vandal basketball enthusiasts will have their first chance to see the Idaho quintet in Northern Division competition today when it runs a tightrope across the Columbia River in pursuit of the wins. Coach Wads announced yesterday that the team will be ready to roll when the game comes.

High-Pressure Synthesis Opens New Chemical Fields

Three early season varsity games will start the University of Idaho junior varsity basketball program. The first two games will be against the Washington State College varsity tonight and tomorrow night in reports of games.

Dr. Kenneth Dunn

Bohr Synthesis--This is the first time in the history of the University of Idaho that a high-pressure synthesis has been performed.

In preparation for these games, the Vandals have been working hard to improve their skills and tactics. The team is led by senior guard Joe Davis, who is expected to have a breakout season. Davis is flanked by sophomores Mike Davis and Rick Johnson, who are poised to make a significant impact on the court.

Boxers Prepare For Zags

Easing Coach Kim Belche now faces a tough challenge as he prepares for the upcoming season. Despite the loss of several key players, Belche is looking forward to the opportunity to lead the Vandals back to glory.

High-Pressure Synthesis

In recent years, high-pressure synthesis has become an increasingly popular technique in the field of chemistry. This method involves the creation of new materials or compounds at high pressures and temperatures, which can lead to unique properties and applications.

advantages and disadvantages

Advantages:

- High-pressure synthesis can lead to the creation of new materials with unique properties.
- It allows for the synthesis of materials that cannot be produced under normal conditions.
- It can be used to improve existing materials or products.

Disadvantages:

- High pressures can damage equipment and require specialized expertise.
- The process can be time-consuming and expensive.
- It can be difficult to control the conditions of synthesis.

The Vandals will face tough competition in their upcoming games. Coach Wads will be relying on the team's hard work and dedication to succeed on the court.

In conclusion, the Vandals are well-prepared for the upcoming season and are ready to take on the challenge of the Northern Division. With their strong team and coach, they have a good chance of making a statement in the conference.
Social Career Grows As Weekend Approaches

"Let It Snow" will be the appropriate theme for the annual non-mandatory faculty snowball fight this evening. The "Quarter Notes" of the Gentleman of Note Department in the February 1949 edition of the Idahoan are:

Engagements Told At Dinner Parties

Three engagements of students were announced last week during the "Quarter Notes".

Dorothy Hagedorn

Mr. and Mrs. Lloyd L. Davenport of Grangeville announce the engagement of their daughter, Dorothy Hagedorn, to James B. Tisdale, son of Mr. and Mrs. Tisdale, Twin Falls.

Betty L. Hagedorn

Announcement of the engagement of Betty L. Hagedorn, daughter of Mr. and Mrs. C. E. Hagedorn, to John W. Oakey, son of Mr. and Mrs. Oakey, Pocatello, was made at the home of Mr. and Mrs. Hagedorn.

Heddy Field

Announcement of the engagement of Heddy Field, daughter of Mr. and Mrs. George Field, to William Johnson, son of Mr. and Mrs. Johnson, Beaverton, Oregon, was made to the family.

Baby 1947 Gets Numerous Prizes

Mr. and Mrs. Robert Standfield announce the birth of a boy, the first of the Standfield family, on Saturday, December 14.

Heddy Field

Heddy Field, daughter of Mr. and Mrs. Ralph Field, to William Johnson, son of Mr. and Mrs. Johnson, Beaverton, Oregon, was made to the family.

Dance To Be Held By Newman Club

Representatives of the Newman club will hold their formal dance on the campus this afternoon, at 5:30 p.m.

The Dance will be held at the University gymnasium and will be open to all students.

Dame Club Hears Book Review

A book review on "Mrs. Palmer's Price" was given by Miss Betty Davenport, who is a student of the English language at the University. The book review was given by Miss Betty Davenport, who is a student of the English language at the University.

The students will be given this evening's program at 7:30 p.m. in the University gymnasium.

Our "cokes," "shakes," sandwiches and soup will help you relax after a strenuous vacation.

The Blue Rocket
