Golden Fleece Awards

A notable project, launched under the leadership of Director of the AIBU, has been the establishment of the Golden Fleece Awards. This award recognizes outstanding contributions to the Wool industry. The recipient is chosen based on their contributions to the wool industry and their commitment to advancing the Fibers sector.

Events of the Weekend

Friday: Vandal Ski Dance, Basketball, Idaho vs. Oregon.
Saturday: Mucker’s Ball, Basketball, Idaho vs. Oregon.

Football Traveling Squads Feast On Feasts

Thirty-three football players and their coaches and managers were entertained Wednesday night at the State Fairgrounds building. The meal was provided by the AIBU. The players enjoyed a delicious meal featuring a variety of dishes.

Contributions From Fans Needed For Boxer Plaque

The school of business Chamber of Commerce sent along original appeal today to Idaho fans for help in the final installation of its new Chamber of Commerce Boxer Plaque. The plaque is being sold as a testimonial to the school’s fine record.

Engineers To Meet For Discussion of Road Building

Nowhere harder working men and women are found than in the school of civil engineering. AIBU will host a meeting on February 17 at 7:30 p.m. to discuss the future of road building in Idaho.

Rhythm-Air Plans Weekly Dance

Beginning February 17, the Rhythm-Air plans will present a series of weekly dances with top musical entertainment.

Kappa Sigma Elects New Officers

Kappa Sigma recently elected Gilbert E. Bauer as president, Glen George as secretary and J. B. Huffman as treasurer. The election was held at a meeting of the fraternity.

University Plans Summer Sessions

Three tenths of the university population will participate in the annual Tidewater Summer Sessions program. The sessions are held on the campus and will be open to all Idaho residents.

Deans Announce Program, Registration

The program for the upcoming academic year was announced by the deans. The registration dates are as follows:

- Faculty, December 30
- Graduate Students, January 1
- Undergraduate Students, January 2

Cupid Reverses Usual Policy

"It is a rule that we do not give away anything... But this year, we have decided to break the rule," said the AIBU. The policy change is aimed at reversing the usual policy of not giving anything away.

Marriages Must Be Certified By VA

All veterans residing in the state are required to report all marriages to the VA. This is to ensure that all military personnel are properly registered.

Sororities Pledge 18 Women

The three sororities at the university have pledged 18 women for the upcoming academic year. The pledge is a traditional event in sorority life.

Hays Girl Injured In Auto Accident

Recently, a girl was injured in a motor vehicle accident. The accident occurred on the campus grounds and the girl is currently receiving medical treatment.

Football Traveling Squad Feasts On Feasts

The football team enjoyed a hearty meal at the State Fairgrounds building on Wednesday night. The meal included a variety of dishes.

Ski Club Dance and Mucker’s Ball Scheduled For Weekend Activities

Mother Lode Gambling, Folk Dances, And Prizes At All-Campus Dances

This semester’s social activity will be opened tonight with a ski club dance and Mucker’s Ball. Both events will feature music, food, and prizes.

Events For The Week Ahead

All activities are planned for the week ahead. The ski club dance will be held in the state of Oregon, and folk dances will be held on the campus.

Bells Ring for Homecoming

A meeting of the Bell Ringers will be held at the Alumni House on Saturday evening. The meeting is open to all alumni.

Events of the Week

Friday: Vandal Ski Dance, Basketball, Idaho vs. Oregon.
Saturday: Mucker’s Ball, Basketball, Idaho vs. Oregon.

The [Redacted] Column

COMMUNISTS AT COLLEGE

The testimony before the California investigating committee in Seattle which has been heard by the committee of the national organization of the state of Washington into University of Washington professors among its members is of interest. Such a situation as this seems to indicate that the university authorities are doing something in the way of investigating the reports, but it is by no means certain that they have taken the proper action.

Efficiency or Falling Down?

Students who have experienced the long hours of waiting and drudgery due to administrative inefficiency in registering and other details of university life must be grateful that they were swept through registration at the start of this academic year.

Every student is permitted to register in common between semesters, but even this has its limitations, for the handling of 2158 in a short time should be commended.

The President, Mr. A. W. Orme, and his chief assistants, in one of his first objectives was a reduction in the endless hours waiting at the registrar's office. This has been accomplished, and the time has been cut in half from the old system of registration. This shows the efficiency of the old system of registration and the efficiency of the old system of registration.

Arms Race in the Art Department

At the University of Washington, the art department has been accused of being a_-_department for the production of artists. However, the art department has been able to produce many successful artists and the department has been praised for its efficiency.

Electable Male Students

A number of male students have been elected to office, and they have proved to be efficient and capable leaders.

The freshmen in the art department have been elected to office, and they have proved to be efficient and capable leaders.

The freshmen in the art department have been elected to office, and they have proved to be efficient and capable leaders.

Young Women Give Opinions About Young Men's Fancies

The old saying that "In the 20's, a young man's fancy turns to thoughts of the beautiful young women" is still true today.

The leading report on women's opinions of men's fancies is that they are not interested in men who are not interested in them. They want men who are interested in them and are willing to spend time with them.

The report also states that young women are interested in men who are not interested in them. They want men who are interested in them and are willing to spend time with them.

The report also states that young women are interested in men who are not interested in them. They want men who are interested in them and are willing to spend time with them.

Report Given In Research Project

Professor L. L. Johnson of agriculture, who has been engaged in the research project for the past several years, has completed his work in this field. The results of this work are now ready for publication and will be presented to the public at a later date. The project was directed by Professor L. L. Johnson, who has been engaged in this field for the past several years. The research work has been done in cooperation with the United States Department of Agriculture and other organizations. The project has been supported by a grant from the National Science Foundation. The results of the research work will be of great interest to agriculturists and farmers, as well as to other scientists.
